

April 28, 2017

Dear Sophomore Parents/Legal Guardians:

As we slowly approach the end of your child's second year of high school, on behalf of the guidance department, I would like to say that it has been a pleasure working with your child.

During the school year, counselors met with students to discuss a variety of topics including: academic programming, scheduling, developing effective study habits, and goal setting; all contributing to the preparation needed for college and career readiness standards.

Most recently, counselors escorted small groups of tenth grade students into the computer labs so that they could log onto their Family Connection/Naviance accounts and take a career assessment, otherwise known as the Interest Profiler. We ask that you please encourage your child to continue utilizing the Family Connection program, as it serves as an invaluable tool throughout high school.

At this time, we would like to wish our students an upcoming fun-filled and enriched summer. For those students or parents who are interested in obtaining information regarding summer employment, programs, internships, and/or community service, please contact the guidance office. We can be reached at (631) 673-2011.

Sincerely,

Kitty Klein
District Director of Guidance
and Testing, K-12
