Policy Statement of the Superintendent of Schools

Emergencies in schools must be addressed in a comprehensive, expeditious manner. As with any other institution, schools must be well prepared to address acts of violence, and natural and manmade disasters. In this regard, the State of New York has enacted the Safe Schools Against Violence in Education (SAVE) law. Project SAVE is an inclusive planning effort that focuses on prevention, response, and recovery with respect to a variety of emergencies that schools may encounter.

School authorities have both a moral obligation and a legal responsibility to provide for protection of public property and life, and the health and property of students, faculty and staff. As such, the Huntington Union Free School District supports SAVE legislation and will continue to facilitate its implementation. As Superintendent of Schools, I encourage and advocate ongoing district-wide cooperation and support of Project SAVE.

A district-wide safety plan has been developed to encompass each of our schools, as well as our Administration building. This safety plan is comprehensive, concise, and specific. It is reviewed and updated annually, prior to the commencement of school in September. Any changes are provided to principals and reflected in building-level safety plans immediately. Appropriate staff training is also provided.

The safety of our students/staff and the protection of our schools is paramount. Again, our plan has been developed and implemented accordingly.

James W. Polansky
Superintendent of Schools

HUNTINGTON UNION FREE SCHOOL DISTRICT
Huntington, New York 11743

Introduction: Districts are required to develop a District-wide School Safety Plan designed to prevent or minimize the effects of serious violent incidents and emergencies and to facilitate the coordination of the district with local and county resources in the event of such incidents or emergencies. The district-wide plan is responsive to the needs of all schools within the district and is consistent with the more detailed emergency response plans required at the school building level. Districts stand at risk from a wide variety of acts of violence, as well as from natural and manmade disasters. To address these threats, the State of New York has enacted the Safety Schools Against Violence in Education (SAVE) law. Project SAVE is a comprehensive planning effort that addresses prevention, response, and recovery with respect to a variety of emergencies in each school district and its schools. The Huntington Union Free School District (“District”) supports the SAVE Legislation, and intends to facilitate the planning process. The Superintendent of Schools encourages and advocates on-going district-wide cooperation and support of Project SAVE.

I. General Considerations and Planning

A. Purpose

The Huntington UFSD District-wide School Safety Plan was developed pursuant to Commissioner’s Regulation 155.17. At the direction of the Huntington Union Free School District Board of Education, the Superintendent of the Huntington Union Free School District appointed a District-wide School Safety Team and charged it with the Development and maintenance of the District-wide School Safety Plan.

B. Identification of School Teams

The Huntington Union Free School District has created a District-wide School Safety Team consisting of, but not limited to, representatives of the School Board, students, teachers, administrators, parent organizations, school safety personnel, local law enforcement and emergency agencies.

C. Concept of Operations

- The District-wide School Safety Plan shall be directly linked to the individual Building-level Emergency Response Plan for all schools in the Huntington Union Free School District. The protocols reflected in the District-wide School Safety Plan will be used to guide the development and implementation of the individual Building-level Emergency Response Plan.
- The development of the District-wide School Safety plan was a collaborative effort involving members of the District-wide Safety Team, law enforcement officials, county emergency service coordinators, and the Eastern Suffolk BOCES Health Safety Risk Management Services. The plan was further developed utilizing the guidelines provided by the New York State Education Department, in consultation with Homeland Security and the New York State Police.

This section of the plan is used to identify and describe the District's policies and procedures for reducing the risk of violence; implementing programs and activities for prevention of violence; and establishing clear descriptions of actions that will be taken in the event of a violent incident or other school emergency. Research demonstrates that positive, skills-based approaches can increase the safety of students and teachers in school, as well as improve the community climate.

As a result, the District will invite local agencies to participate in and to help evaluate all exercises. These agencies may include, but not be limited to, the Police and Fire Departments, Rescue and Ambulance Services, Local Office of Emergency Management and the local BOCES Health & Safety Office. At least one such exercise will occur in each school building every school year.

Note: Directly following each test or drill a debriefing will be conducted to evaluate the exercises and determine if changes to the emergency response plan are necessary.

C. Implementation of School Security

Security Guards in the Huntington Union Free School District are hired under the title of Security Guard from a competitive Civil Service list or on a non-competitive basis for the title called Guard. Essentially, both titles do the same kind of work. Each of these individuals are interviewed, must be fingerprinted and must also have a valid New York State Security Guard license prior to hiring. The District performs local records check on each of these individuals. The security guards currently work throughout the District on various shifts assigned by the Administration. Guards are required to go through a series of training techniques, which include: fire and evacuation drills, pupil dismissal procedures, acts of violence procedures, etc. All security guards are trained in Crisis Prevention and Intervention (CPI). The guards work with building level administrators and staff throughout the school year during the planning of drills and drill exercises in order to ensure student and building safety.

General responsibilities of school security guards are posted at the school security guard office. Responsibilities include but are not limited to:
