

SHARED DECISION MAKING COMMITTEE

2017-2018 School Based Team Goals

List each goal on a separate form

SMART Goal: This year, our goal is to look at our current character education opportunities for students and evaluate them. The team is dedicated to ensuring that all Finley students have relevant and meaningful opportunities to engage in character education activities and discussions with their peers and teachers. We will explore these opportunities and provide them this year.

Action Plan: Design a “Human Relations Day” for each team. This day will be dedicated to activities and discussion related to tolerance, discrimination, looking at the life conditions of others, etc. We would also like to bring in a guest speaker to visit students in the classroom to speak on issues of human relations.

Assessment: Student survey, staff survey, observation and discussion.
