

Screens are
SO bad for
kids!

RELAX! It's no
different than
T.V.

We used to play
video games and
we turned out
just fine.

Social media
is really
dangerous!

We are
ruining a
generation of
children!

It's just their
generation's
"thing"

**Cut through the noise, learn about current research, and hear
practical solutions for raising children in this digital age**
