Students should keep a dialectical journal recording their reading experience. Typed, or neatly hand printed, these journals must be two sided: left side for textual notations (powerful images, important details, memorable quotes, etc.); and the right side for responses (observations, questions, personal connections, etc.).

All journals will be collected and graded by the end of the first quarter. There will also be a formal assessment of the books during the school year.

Students may find these titles at the public library or at local bookstores. If you have difficulty accessing them, copies will be made available through the Office of Humanities during the summer months. Call the office at 673-2102 in advance to schedule a time to sign out a copy.
