STUDENT-ATHLETE
ELIGIBILITY NIGHT

“You have to expect things of yourself before you can do them” – Michael Jordan

Wednesday, October 9th, 2013
AGENDA

Welcome and Introduction

Points of Discussion
* What does it mean to be a student-athlete?
* What is the National Collegiate Athletic Association?
* What are the four Main Parts of Initial Eligibility?
  * When and how should students file?
  * Who needs to file?
* The Student Transcript
  * What is CoreCourseGPA.com?
  * What is my role in the process?
  * How can I become a New York State scholar?
  * What is the best way to market myself?

Action and Outcomes
* Scrutinize student transcripts for Division I and Division II
  * Review decisions and determine student eligibility
WHAT IS A STUDENT-ATHLETE?

According to Wikipedia:

- A student-athlete is defined as a participant of a competitive sport sponsored by the educational institution in which he/she is enrolled.

- The term student-athlete is used to describe the direct balance of a full-time student and a full-time athlete.
PERFORMANCE PYRAMID

Professional Sports

Intercollegiate Sport Competition

Interscholastic Sport Competition

Youth Organized Sports
COMMON MISCONCEPTIONS

- If I pass all of my classes, it really doesn’t matter if I get a 65 or 80; it’s still passing.

- Once I graduate from high school, I will definitely be able to play sports at the college level.

- A college coach recruited me and I am signed on to attend ‘Twizzler College’ so it really doesn’t matter now – I have a contract and all’.

- I’m an athlete…….. Captain of the Football Team….. I got this far, and I know everything will work out – trust me!
MAKE THE CONNECTION

Graduation Requirements

NCAA
College
Work
WHAT IS THE NCAA AND WHY IS IT IMPORTANT?

- Established in 1906
- Serves as a governing body for more than 1,300 colleges, universities, conferences, and organizations
- Certifies the academic and amateur credentials of all college-bound student-athletes
NCAA MEMBERSHIP

Currently in the 2013-2014 school year, there are:

346 Active Division I Members
291 Active Division II Members
439 Active Division III Members
SOME ESSENTIAL QUESTIONS

1. How many core courses are required for Division I, Division II, and Division III?

2. When is the earliest time that students may file through the NCAA?

3. What is the NCAA website that students must go to in order to file?

4. What does it mean to be a qualifier for Division I or II?

5. What does it mean to be a Division II Partial Qualifier?

6. Can a course taken in MS count towards NCAA?
ACADEMIC REQUIREMENTS FOR ELIGIBILITY

- Graduate from High School
- Complete 16 Core Courses (Division I and II)
- Minimum core-course Grade Point Average
- Minimum SAT or ACT Score
- Be certified as an *amateur* student-athlete
SO WHAT’S THE EQUATION?

Academic Credentials + Amateurism Status = College Eligible
**What is a Core Course?**

- An academic course in the following areas: English, math, natural/physical science, social science, foreign language, comparative religion or philosophy

- For mathematics, it must be at the Algebra 1 Level or higher

- A college preparatory curriculum

- Be at or above the high school’s regular academic level (no remedial classes)

- Can not be completed later than the high school graduation date of the student’s cohort (as determined by the first year of enrollment in high school – grade 9)

*Not all classes taken in high school will meet the core course requirements. Courses completed by credit-by-examination are not considered*
DIVISION I ELIGIBILITY
(UP TO AUGUST 1, 2016)

4 years of English

3 years of math (Algebra 1 or higher)

2 years of natural of physical science (including one year of lab science)

1 additional year of English, math, or natural/physical science

2 years of social science

4 years of extra core courses from any category above or foreign language, comparative religion or philosophy
DIVISION I ELIGIBILITY
(BEGINNING AUGUST 1, 2016)

4 years of English

3 years of math (Algebra 1 or higher)

2 years of natural of physical science (including one year of lab science)

1 additional year of English, math, or natural/physical science

2 years of social science

4 years of extra core courses from any category above or foreign language, comparative religion or philosophy

- Ten of the sixteen core courses must be completed before the start of the 7th semester (for the purpose of GPA calculation).
- Seven of the ten core courses must be English, Math, or natural/physical science).
- Have a minimum core-course GPA average of 2.300
**DIVISION I ELIGIBILITY**

*(Beginning August 1, 2016)*

- **Division I Qualifier** – Students may receive athletics aid (scholarship), practice and compete in the first year of enrollment at the Division I college or university.

- **Academic Redshirt** – Students may receive athletics aid (scholarship) in the first year of enrollment and may practice in the first regular academic term (semester), but may **NOT** compete in the first year of enrollment. Students **MUST** successfully complete nine semester hours in the initial term at the college or university to continue to practice in the next term.

- **Nonqualifier** – Students cannot receive athletics aid (scholarship), practice or compete in the first year of enrollment.
DIVISION II ELIGIBILITY

3 years of English

2 years of math (Algebra 1 or higher)

2 years of natural of physical science (including one year of lab science)

3 additional years of English, math, or natural/physical science

2 years of social science

4 years of extra core courses from any category above or foreign language, nondoctrinal religion or philosophy
DIVISION I AND II QUALIFIER

- Practice or compete for a college or university during the first year of college
- Receive an athletics scholarship during the first year of college
- Play four seasons in a sport if the student maintains eligibility from year to year
DIVISION II PARTIAL QUALIFIER

Students may be considered as a Partial Qualifier for Division II if they meet the following criteria:

1. Graduate from high school

2. Students must have a combined SAT score of 820 or ACT sum score of 68
   OR
   Completed 16 core courses with a 2.0 core–course grade-point average
What can a Division II Partial Qualifier do?

- Practice with the team at its home facility during the first year of college (although students may NOT compete during the first year)

- Receive an athletics scholarship during the first year of college

- Play four seasons in the sport if the student maintains eligibility from year to year
DIVISION III

- A holistic educational approach
- Colleges and universities each set their own admissions standards
- Shorter playing and practicing seasons
- Lower number of contests
- Regional in-season and conference play
- Certification of a student’s amateurism status is completed by each college or university, NOT the NCAA Eligibility center
WHEN SHOULD STUDENTS FILE?

✓ Register following the completion of junior year

✓ The Clearinghouse will not process a transcript with fewer than six semesters represented

✓ Register at the new website (effective as of October 2010) http://eligibilitycenter.org
WHAT IS THE FILING PROCESS?

- Students log onto the NCAA website and provide their demographic information.

- Students must print out a transcript release form and submit to the guidance secretary in Guidance East.

- Make an appointment to review your transcript with your guidance counselor or Ms. Klein.
WHO NEEDS TO FILE WITH THE NCAA ELIGIBILITY CENTER?

Any student who plans to attend a Division I or Division II college or university and Who wishes to participate in intercollegiate athletics (fee waivers are available)
THE STUDENT TRANSCRIPT

- Provides an overview of your academic accomplishments, NOT the ‘playing’ field

- Includes ONLY final grades earned, which are then converted to a conversion scale

- Tells the story of your future
THE CONVERSION SCALE

65 – 69 = 1
70 – 79 = 2
80 – 89 = 3
90+ = 4
SAMPLE STUDENT TRANSCRIPT

GRADES 8 AND 9

Grade 8

Total: _____

Divide by the # of Core Courses: _____

**NCAA Core GPA**: _____
CORE-COURSE-GPA

A web-based software that allows school counselors, coaches, parents and student-athletes to easily track a student-athlete's progress towards meeting NCAA Eligibility Center requirements for both Division I and Division II.

It also provides students and parents with pertinent information pertaining to financial aid, the recruiting process and other academic subject matters.

Free Student Membership Activation at CoreCourseGPA.com
New York State Scholars

Varsity Team Award

Minimum **team** grade point average must have a minimum unweighted average of 90 or better

Formula for each sport is contingent upon the minimum number of team members (numbers vary by sport).
What is my role in the process as a student?

- Students MUST maintain open communication with coaches and GUIDANCE COUNSELORS.

- On-going dialogue needs to occur each year particularly when scheduling classes for the following year.

- Counselors are available to help students evaluate their transcript and determine eligibility as well as provide them with information regarding CoreCourseGPA.com

- Students need to be reminded of the importance of taking rigorous courses that are appropriate, and that have been approved by the NCAA.

- Ask questions as needed.
WHAT IS MY ROLE IN THE PROCESS AS A PARENT?

- Support my student-athlete in the process

- Remind my child to communicate with all appropriate personnel, including guidance counselors, coaches, teachers, etc.

- Help to develop self-advocacy skills

- Follow-up with the guidance office to ensure that necessary paperwork has been submitted
WHAT IS THE ROLE OF THE COACH?

- Help students develop life skills
- Advocate for all student-athletes
- Process forms provided by students
- Serve as a mentor
DO YOU KNOW............

- Less than 1% of graduating seniors nationwide receive athletic scholarships

- 1% of those athletes go on to play professional sports

- The difference between Full vs. Partial Scholarships?

- If high school athletics provides your child with an entrance into an institution in which he/she may not have been accepted......athletics served him/her well
HOW TO PROTECT YOUR ELIGIBILITY IN HIGH SCHOOL!

The clock starts ticking as early as grade 7

- Notify the Athletic Director if you are a transfer student
- Take a minimum of 4 academic classes (seniors only) plus physical education
- Do not practice or compete with a college or someone representing a college
- Only engage in Professional tryouts during the summer
- Make sure that senior all star contests occur at the completion of the sports season (only 1 contest allowed)
- Do not exceed the maximum number of contests
- Ensure your ‘Amateur’ status
- Monitor your age eligibility!
MARKETING YOURSELF

- Start Early - create an athletic resume’ with clippings, tapes of athletic performance, etc.

- Speak with coaches about what type of program fits your qualifications.

- E-mail college coaches with your resume’, personalized letter of interest and schedule of games.

- Attend summer camp programs at specific universities of interest

- Apply and keep in touch with college coaches

- Your in-season scholastic team should be a priority

- Mind your manners!!!
GENERAL RECRUITING INFO

- Ask first
- Always refer to the NCAA website or contact them directly
Visitation

College Visitation:
- Unofficial visits:
  - all expenses paid by athlete and parents
  - unlimited and can occur anytime

- Official visits:
  - the college pays for all or some of the expenses associated with the visit
  - one per school; up to 5 maximum visits permitted during senior year
COMMITMENT

Verbal Commitment - more common and non-binding

National Letter of Intent (NLI) - by signing an NLI, the student agrees to attend the college or university for one academic year. In exchange, the institution must provide athletic financial aid for one academic year.
THE OFFER

Do not jump at your first offer!

- Assess all options

- Speak to your parents, coaches and guidance counselors *before* committing to a school
Thank you for attending tonight’s evening event. Please feel free to contact us any time questions arise.
