Music Class Descriptions—2012

Computer Music Composing

Everyone can be a composer in this class! Students with little or no music reading skills will learn to create their own compositions in our music lab using simple programs like “Garage Band” to produce their own CD!

Beginning & Intermediate Piano

This course is for students with no prior piano training as well as students with some experience. Students will learn note reading as well as how to improve upon their playing using dynamic & articulation markings. Students will use electric keyboards in the music lab so that each student may progress at their own pace. Open to all students gr 4-9. *Please indicate level on your registration form.*

Beginning Guitar gr 5-9

This course will cover the basics of the guitar for students who have not played before, or who only have a limited familiarity with the instrument. The course will cover all six strings and songs for different combinations of strings, power chords, the blues and the blues scale, basic improvisation, simple chorus and basic rock and folk guitar songs. Students will be encouraged to bring in songs of their own for study and performance. Guitars are available for use or you may bring your own.

School of Rock gr 5-9

HAC rock/pop Band! A course for more experienced singers & instrumentalists including guitar, keyboard, bass, drums and vocals, in which the students will learn a repertoire of rock, pop and R&B classics and perform them as a real rock band! The basics of improvisation will be covered also, so that students can take a solo on any given instrument. Students will also be encouraged to bring in songs of their own choosing for study and performance. A recording will be made at the end of the course, and a performance given featuring all of the students in the class.

Intermediate Orchestra gr 5-6

This course is open to students entering grades 5-6 with one or more years of experience playing an orchestra instrument. It provides the student with the opportunity to improve his/her playing technique in a performance group setting.

Intermediate Band gr. 5-6

This course is open to students with one or more years of experience playing a band instrument. It provides the student with an opportunity to improve his/her playing techniques in a performance group setting.

Jazz Band & Improv gr. 6-9

This course presents the essential elements of jazz performance including basic technique of style, phrasing and simple improvisation. Open to band students entering grades 6-9.

Beginning String Lessons

This class is provided for students who wish to learn how to play the violin, viola, cello or bass. This is a beginning level class designed for students who have NEVER played a stringed instrument and have been *assigned this instrument by their orchestra teacher*. Lesson book is provided.

Beginning Band Lessons

This class is provided for students who wish to learn how to play the flute, clarinet, saxophone, trumpet, French Horn, trombone, baritone, tuba or percussion. This class is recommended for students who have NEVER played a band instrument and have been *assigned this instrument by their band teacher, including percussion*. Lesson book is provided.

Music Class Descriptions—2012 (continued)

Finley Band Gr. 7-9

This course is open to students entering Finley who have had experience in the Intermediate Schools' Advanced Band. It challenges the student to improve his/her playing skills in a performance group setting.

New Wave Orchestra Gr. 7-9

This course is open to students entering Finley who have had experience in the Intermediate Schools' Advanced Orchestra. Pop, Rock, Jazz & Fiddle Music will be performed along with Classical Chamber pieces. It challenges the student to improve his/her playing skills in a performance group setting.

Glee Club!

Come lend your voice to the Glee Club! In this class, we will be singing a wide variety of music and some Glee-inspired songs as well. You will learn about the different voice parts that make up a choir, and learn how to sing in harmony. Whether you enjoy classical or pop music (or anything in between), you're sure to find something that you like!

Vocal Master Class

Students will enjoy the benefits of vocal training as well as learn a solo vocal piece. The class will learn a variety of NYSSMA solos, in addition to classical and folk repertoire. The program includes solo performance technique as well as how to assess oneself when performing. Have fun while receiving professional vocal coaching!

Musical Theater

Learn songs and scenes from a Broadway show. Students will be singing and acting in this creative class as we prepare for a small performance. All students are encouraged to sign up for the class regardless of acting/singing experience. *Please note that this year there are TWO SEPARATE SECTIONS. Students may choose to participate in one or both sections.*

Percussion Ensemble

Explore the world of percussion through the art of ensemble performance. Perform with your friends and learn how to play a wide variety of percussion instruments from the snare drum and xylophone to garbage cans. This course is designed for music students grades 6-9 (or 5th grade with strong rhythmic ability and with recommendation from their school's music teacher). Though no prior percussion training is required, students must have strong rhythmic ability.

Visual Art Class Descriptions—2012

Ceramics

Students will learn how to hand build exciting projects with ceramic clay. Vases, coil pots, name plates, picture frames and animal forms will be fired to a stone like hardness in the kiln and painted by the students in a variety of glazes. The projects will be fired a final time to bring out a colorful, glasslike finish. Approximately 3 full projects will be completed.

Jewelry Making

Learn how to create your own jewelry! Create bracelets, earrings and necklaces as well as learn other interesting jewelry making techniques such as fimo, stringing beads, weaving beads and embroidery threaded jewelry. Projects will be modified based on experience level. Grades 4-9.

Project Runway, Jr.

Do you love fashion? Then, this is the class for you! In this class you will learn to draw professional fashion illustrations using the ten-head model, create mood boards and find inspiration from the unusual. Students will also create one sewn garment made from a pattern.

Character Creations

NEW!

Character design has become a billion dollar industry, from collectable toys, animation, movies, games, illustrations, and comics. They are everywhere and this exciting new course allows students to create their very own characters using digital media. The characters that students create will be printed out on stickers, ironed onto a fun and useful tote, placed on a puzzle and best of all made into an actual 3-d character you can play with!

3D Design

NEW!

Explore art in a whole new, 3 dimensional way! Projects may include paper mache, wire sculpture, creating creatures out of felt, wood sculptural design and more! If you are interested in planning and creating art that is more than just a flat piece of paper, this class is for you!

Paint & Pixels

This exciting new course will combine easy, fun and creative painting and drawing techniques with the computer. A variety of student created painting samples will be scanned into the computer and magically turned into graphic images, creatures, designs and patterns. Images will be exported onto a variety of materials including stickers, t-shirts and canvases. This a great course for beginners as well as advanced students to explore their individual creativity and have artwork to share with family and friends.

Puppetry: On TV and on Stage!

Students in grades 4-9 will learn the ins and outs of puppeteering! Using ideas from Noel MacNeal's recent book, *10Minute Puppets*, students will be making and using their own hand puppets as well as giant performance puppets. Students will work in small group "casts" to rehearse songs & choreography, to be performed on camera as well as live, on the last day of camp. Come learn about the behind the scenes techniques of professional puppeteering.

The Art of Paper Sculpting

NEW!

Come learn how to transform flat paper into unique and cool 3-dimensional structures! This class will focus on creating different kinds of sculptures using different kinds of paper. Projects include: Paper animal sculptures, Origami, Pop Up sculptures, Tunnel books and more!

Polymer Clay

Have fun with this really cool clay that can be sculpted, carved, stamped, textured and used to create many different kinds of fun and useful objects. Learn the secrets of building multi-colored polymer "canes" to produce amazing checkerboard, spiral and geometric patterns for your unique creations!
