We are pleased to present you with the 2012-2014 edition of the HANDBOOK of the New York State Public High School Athletic Association, Inc. Clarification of, and changes in, the regulations and standards are indicated by shading.

We encourage you to supply copies of the HANDBOOK to all your coaches. Knowing only the game rules of a sport is not enough to protect student eligibility. We also recommend again that rule reprints be made available at preseason meetings for athletes and their parents to ensure knowledge of the rules.

We cannot emphasize enough that the rules and regulations in the HANDBOOK are your standards, developed as the result of your input. We ask your support in the partnership of enforcing these rules and regulations. Each of us must take that responsibility seriously. We know that by working together we can ensure that our students will experience equitable and safe athletic participation.

The on-line NYSPHSAA Handbook will be updated at the conclusion of all Executive and Central Committee meetings.

An additional resource to assist Athletic Administrators is the NYSSAA Handbook.

Athletics were always a natural part of the high school program. As the academies and the early high schools were established in New York State, participation grew gradually. Originally, interscholastic sports were operated by outsiders, but problems developed. Local community pride engendered excesses, colleges and commercial agencies became involved, and practices inconsistent with the objectives of education were common. School authorities at first opposed, then tolerated, and finally assumed full control of the interschool competition to correct injustices, inequities and abuses. As someone has said, “We have come a long way.”

In 1921, Frank R. Wassung, Superintendent of Schools, Norwich, met with Daniel Chase, Supervisor of Physical Education in the State Education Department, to plan for a statewide organization. Schoolmen agreed to form the New York State Public High School Association of Basketball Leagues to bring consistency to eligibility rules and to conduct state tournaments. Mr. Chase, who became the first president, had the encouragement of Dr. Frank P. Graves, Commissioner of Education.

To provide for additional sports, the New York State Public High School Athletic Association was established in 1923. The NYSPHSAA became a member of the National Federation of State High School Associations in 1926. After a constitution was adopted, President Chase appointed a Central Committee of 14 members, one from each section, which elected John F. Hummer, Principal, Binghamton, as chairman. The provision that each section elect a superintendent, a principal and an athletic director as representatives on the Central Committee was adopted in 1928. The Central Committee was expanded in 1975 to include a representative of girls’ athletics from each section. With the addition of these representatives of girls’ programs to the Executive Committee in 1976, the NYSPHSAA leads the nation with its decision making bodies structured for equitable input.

In 1937, at the request of this association and the Associated Academic Principals, nearly all of the NYSPHSAA Eligibility Rules were adopted by the Board of Regents and became a part of the Regulations of the Commissioner of Education. The NYSPHSAA became incorporated in 1975. In 1978 each of the 11 sections were incorporated.

The Central Committee approved the establishment of the Athletic Protection Plan in 1932 as a service of the NYSPHSAA. Athletic Protection Plan gains recognition and was incorporated (1941) under State Insurance Law. Lawrence Grimes served as Director for 29 years (1949-78). In 1975 the corporate title was changed to Pupil Benefits Plan, Inc.

Through the years the presidents of the NYSPHSAA (p. 27) have shown effective leadership. The NYSPHSAA was strengthened under the guidance of honorary presidents Dr. Frederick Rand Rogers, Dr. Hiram A. Jones, Dr. Ellis Champlin and Dr. George H. Grover, all of the NYS Education Department.
The NYSPHSAA grew under the administration of many capable and dedicated people. Elmer K. Smith, Rochester (1923-25) and Everett T. Grout, Schenectady (1925-29) served as Secretary and Emory A. Bauer was Treasurer (1923-29). In addition to being Secretary/Treasurer (1929-1942) Frederick R. Wegner initiated and conducted the early operation of the Athletic Protection Plan. John K. Archer served as Secretary/Treasurer from 1942-75. An office was established in Albany in 1962, with J. Kenneth Hafner serving as Field Representative and becoming Director of Field Services in 1970. Alton B. Doyle was appointed the first full time Executive Secretary in 1975, serving until 1990. Administrative staff have included William Vesp (1977-80), Floyd Jones (1981-97), Walter Eaton (1990-2008), and Lloyd Mott (1997-2008) as Assistant Directors and Marcus Martone (1975-92), Gordon Durnford (1992-96) and Kathy Higle (1996-2012) as Treasurers. NYSPHSAA, INC. RECOMMENDATIONS

1. Because the highest standards of good sportsmanship are in opposition to the policy of giving materially valuable awards to high school athletic teams;
   Because such awards create a false sense of the value of school loyalty and service;
   The NYSPHSAA, INC. recommends that school authorities give only awards of limited monetary value appropriate to high school level competition, furthermore, that the school administration be responsible for accepting, selecting and controlling awards that are offered by individuals or organizations or outside agencies such as P.T.A., service clubs, booster clubs, etc.

2. Because experience has shown that the most successful form of school athletic organization and control is in the league;
   Because the league offers opportunity for friendly and sportsmanlike relationships;
   The NYSPHSAA, INC. recommends that schools of similar size, similar interest and within reasonable distance of each other form leagues for all sports wherein they have interschool contests; that minor differences and protests arising within the league be settled by the league; that the appeal procedure specified in the Eligibility Standards be instituted only after an earnest attempt at settlement within the league.

3. Because athletics are a vital factor in the development of character, personality, physical fitness and leadership;
   Because athletics can only attain their rightful position as a school activity when it is recognized that a healthy body is as necessary as a sound mind;
   The NYSPHSAA, INC. recommends that a student not be barred from an athletic squad for any reason which would not bar one from an academic class or other school activity, excepting recognized eligibility rules.

4. Because there is an obligation to practice the principles of safety in athletics and to take all necessary precautions to prevent injuries;
   The NYSPHSAA, INC. recommends that all participants in interscholastic sports be covered by appropriate insurance.

5. Because school authorities have a responsibility for preventing the exploitation of high school students who have qualified for a letter in school sports;
   The NYSPHSAA, INC. recommends that school authorities discharge this responsibility by protecting students from being exploited by individuals or groups interested in promoting, for any purpose, spectator or revenue producing contests such as all-star, charity, and similar exhibition games. Senior All-Star contests as stipulated in the Eligibility Standards are permitted. Furthermore, it shall be the responsibility of school authorities to inform their teaching personnel to do nothing which shall impair this responsibility of boards of education to protect athletes against such exploitation.

6. Because our Regulations stipulate that all organized practice and games be conducted in the appropriate season (See Sports Standards), a school district planning or administering out-of-season recreation programs should avoid any implication of
out-of-season team practice and play. School sponsored activities conducted out of the sport season such as general conditioning, weight training, weight lifting, intramurals, recreation, open gyms, club activities and camps are permitted: 1. if such programs are not mandated by coaches or school personnel; 2. if such programs are available to all students.

The NYSPHSAA, INC. recommends these criteria for the guidance of other agencies which conduct summer recreation programs:
   a) Only contestants of high school age are to compete together.
   b) No school names may be used.
   c) Faculty members may not coach contestants who play together as a high school team in the regular season.
   d) A contestant may compete in only one recreation league.

7. The NYSPHSAA, INC. believes that adequate financial support for athletics shall be assured as part of the instructional budget for the school district.

8. The NYSPHSAA, INC. believes that proper medical and first aid care shall be provided by school authorities for students engaged in athletics. Therefore, a doctor shall be present or on call, and a school official with first aid training shall be present during all competitive events. The NYSPHSAA, INC. recommends that the school district provide all coaches with a plan for emergency medical action. Furthermore, all coaches must be current in meeting first aid and safety skill requirements.

9. All interscholastic competitive activities shall be conducted in accordance with NYSED regulations and under the rules recommended by the various sport committees and approved by the NYSPHSAA, INC.

10. The Executive Committee has adopted a policy which prohibits the use of the organization's name as a sponsor or cosponsor of a conference, meeting or project unless specific permission in writing is granted by the association for a designated event or activity.

CONSTITUTION OF THE NYSPHSAA, INC.

ARTICLE I - Purpose

9. To cooperate with non-school groups engaged in sports activities to establish guidelines for outside competition.

10. To comply with the provisions of the New York State Not-For-Profit Corporation Law.

**ARTICLE II - Membership**

1. Each eligible school may become a member of this corporation by submitting a request for membership in the association and representation in the section athletic program signed by the chief school officer of the petitioning school district and sent with the enrollment fee to the treasurer of the association.

   a) The annual membership fee shall be based on the total school district enrollment of boys and girls listed on all attendance registers for Grades 7-12 inclusive from the latest enrollment data provided by NYSED. Annual membership fees shall be set by the Executive Committee. An alternative method for the calculation of member dues assessment may be adopted by the NYSPHSAA Executive Committee.

   b) Membership fees are due September 1. Schools not paying the annual fee before October 15 of any school year shall be considered as resigning from membership in the association. Schools are readmitted as soon as payment of fees is made. Fees payment is required of schools on austerity if they participate.

   c) One fee entitles a school to participate in any form of athletics of the association, to participate in the benefits of the Pupil Benefits Plan, Inc., to receive all bulletins and publications of the association and must be paid before the school may participate in any sectional games under the supervision of the association.

   d) The membership year shall be considered from September 1 to August 31 of the following year.

   e) Austerity - No committee member or officer of this association shall lose membership because of his/her school’s austerity, and resultant nonpayment of dues.

   f) Nonpublic schools which are registered with the State Education Department may become members of the NYSPHSAA by payment of the annual fee provided the member schools in any section and the State Executive Committee votes to authorize those schools making application. Section athletic councils may determine the appropriate classification for their nonpublic school and charter school members. See p. 181 - Classification Procedure. The NYSPHSAA membership fee shall be assessed on a pro-rata basis if only grades 9-12, inclusive, are enrolled.

It is provided, however, that a section athletic council may impose penalties and sanctions as the rules and regulations of the association may provide.

4. All superintendents, principals, athletic directors, and coaches of member high schools are advisors of the association. They are eligible to serve on committees and are entitled to make recommendations to the NYSPHSAA staff and Executive Committee on all matters pertaining to the conduct of interscholastic athletics.

5. No part of the net earnings of the association shall inure to the benefit of any member, trustee, officer, or director of the association or any private individual (except that reasonable compensation for services rendered to or for the association affecting one or more of its purposes) and no member (other than a public high school), trustee, officer, or director of the association or any private individual shall be entitled to share in the distribution of any of the association's assets on dissolution of the association.

Upon the dissolution of the association or the winding up of its affairs, the assets of the association shall be distributed exclusively for educational purposes in accordance with the provisions of Not-for-Profit Section 501 (c) 3 of the Internal Revenue Code and its regulations as they now exist or as they may hereafter be amended.

As a means of accomplishing its purposes, the association is authorized to receive and maintain funds of real or personal property, or both, to have, hold, manage, encumber, and sell the same, to change the investments thereof, to invest and reinvest the proceeds thereof, and in general and subject to such limitations and conditions as are or may be prescribed by law, to exercise such other powers which are or hereafter may be conferred by law upon the association organized for the purposes hereinabove set forth, or necessary or incidental to the powers so conferred, or conducive to the attainment of the purposes of the association.

To: Member Schools of the New York State Public High School Athletic Association

The New York State Education Department and the New York State Public High School Athletic Association have a partnership that extends over decades. Our cooperative partnership ensures student-athletes, families, schools and communities continue to experience quality, productive and enjoyable athletic opportunities that are an extension of the district's physical education program.

The New York State Public High School Athletic Association is to be commended for its efforts to promote and provide healthy, safe, and challenging opportunities for all students through quality sports programs.

Lessons learned through athletic participation in organized sports programs are the intangible elements of the educational process. It is the uniqueness of sports competition that provides completeness to the many aspirational virtues in schooling our children.

Hard work, dedication, cooperation, respect, teamwork, and sportsmanship are important benefits and valuable results of participating in sports programs. To reach high standards of excellence, it is essential to work together toward a common goal.

The New York State Education Department is pleased to work in partnership with the New York State Public High School Athletic Association in achieving our common goals.

Good luck and best wishes to all.

Sincerely,

John B. King Jr.
Commissioner

Inter-high school athletic competition shall be limited to competition between high school teams, composed of pupils in grades 9 to 12 inclusive, except as otherwise provided in subclause (a)(4) of this subparagraph. Such activities shall be conducted in accordance with the following:

(1) DURATION OF COMPETITION. A pupil shall be eligible for senior high school athletic competition in a sport during each of four consecutive seasons of such sport commencing with the pupil’s entry into the ninth grade and prior to graduation, except as otherwise provided in this subclause, or except as authorized by a waiver granted under clause (d) of this subparagraph to a student with a disability. If a board of education has adopted a policy, pursuant to subclause (a)(4) of this subparagraph, to permit pupils in the seventh and eighth grades to compete in senior high school athletic competition, such pupils shall be eligible for competition during five consecutive seasons of a sport commencing with the pupil’s entry into the eighth grade, or six consecutive seasons of a sport commencing with the pupil’s entry into the seventh grade. A pupil enters competition in a given year when the pupil is a member of the team in the sport involved, and that team has completed at least one contest. A pupil shall be eligible for interschool competition in grades 9, 10, 11 and 12 until the last day of the school year in which he or she attains the age of 19, except as otherwise provided in subclause (a)(4) or clause (d) of this subparagraph or in this subclause. The eligibility for competition of a pupil who has not attained the age of 19 years prior to July 1st may be extended under the following circumstances.

(i) If sufficient evidence is presented by the chief school officer to the section to show that the pupil’s failure to enter competition during one or more seasons of a sport was caused by illness, accident, or similar circumstances beyond the control of the student, such pupil’s eligibility shall be extended accordingly in that sport. In order to be deemed sufficient, the evidence must include documentation showing that as a direct result of the illness, accident or other circumstance beyond the control of the student, the pupil will be required to attend school for one or more additional semesters in order to graduate.

(ii) If the chief school officer demonstrates to the satisfaction of the section that the pupil’s failure to enter competition during one or more seasons of a sport is caused by such pupil’s enrollment in a national or international student exchange program, that as a result of such enrollment the pupil will be required to attend school for one or more additional semesters in order to graduate, and that the pupil did not enter competition in any sport while enrolled in such program, such pupil’s eligibility shall be extended accordingly in such sport. (d) Waiver from the age requirement and four-year limitation for interschool athletic competition for students with disabilities in senior high school grades 9, 10, 11, and 12. For purposes of this clause, the term non-contact sport shall include swimming and diving, golf, track and field, cross country, rifle, bowling, gymnastics, skiing and archery, and any other such non-contact sport deemed appropriate by the Commissioner. A student with a disability, as defined in section 4401 of the Education Law, who has not yet graduated from high school may be eligible to participate in a senior high school non-contact athletic competition for a fifth year under the following limited conditions:

(1) such student must apply for and be granted a waiver to the age requirement and four-year limitation prescribed in subclause (b)(1) of this subparagraph. A waiver shall only be granted upon a determination by the superintendent of schools or chief
executive officer of the school or school system, as applicable, that the given student meets the following criteria:
(i) such student has not graduated from high school as a result of his or her disability delaying his or her education for one year or more;
(ii) such student is otherwise qualified to compete in the athletic competition for which he or she is applying for a waiver and the student must have been selected for such competition in the past;
(iii) such student has not already participated in an additional season of athletic competition pursuant to a waiver granted under this subclause;
(iv) such student has undergone a physical evaluation by the school physician, which shall include an assessment of the student's level of physical development and maturity, and the school physician has determined that the student's participation in such competition will not present a safety or health concern for such student; and
(v) the superintendent of schools or chief executive officer of the school or school system has determined that the given student's participation in the athletic competition will not adversely affect the opportunity of the other students competing in the sport to successfully participate in such competition.

(2) REGISTRATION. A pupil shall be eligible for interschool competition in a sport during a semester, provided that he is a bona fide student, enrolled during the first 15 school days of such semester, is registered in the equivalent of three regular courses, is meeting the physical education requirement, and has been in regular attendance 80 percent of the school time, bona fide absence caused by personal illness excepted.

(3) SPORTS STANDARDS. Interschool athletic programs shall be planned so as to provide opportunities for pupils to participate in a sufficient variety of types of sports. Sports standards, such as number of contests, length of seasons, time between contests, required practice days, etc., for all interschool sports shall conform to guidelines established by the Commissioner of Education.

(c) Male and female pupils on interschool athletic teams. (See p. 80)

(1) Equal opportunity to participate in interschool competition, either on separate teams or in mixed competition on the same team, shall be provided to male and female students, except as hereinafter provided. In schools that do not provide separate competition for male and female students in a specific sport, no student shall be excluded from such competition solely by reason of sex, except in accordance with the provisions of subclauses (2) and (4) of this clause. For the purposes of this clause, baseball and softball shall be considered to constitute a single sport.

(2) In the sports of baseball, basketball, boxing, field hockey, football, ice hockey, lacrosse, rugby, soccer, softball, speedball, team handball, power volleyball where the height of the net is set at less than eight feet, and wrestling, the fitness of a given student to participate in mixed competition shall be determined by a review panel consisting of the school physician, a physical education teacher designated by the principal of the school, and if requested by the parents of the pupil, a physician selected by such parents. Such panel shall make its determination by majority vote of the members, and in accordance with standards and criteria issued by the department.

(3) Where a school provides separate competition for male and female pupils in interschool athletic competition in a specific sport, the superintendent of schools, or in the case of a nonpublic school or school system which elects to be
governed by this clause, the chief executive officer of the school or school system, may permit a female or females to participate on a team organized for males. However, where separate competition is provided, males may not participate on teams organized for females. NYSPHSAA NOTE: This clause is to meet the needs of the exceptionally talented girl.

(4) Where a school does not provide separate competition for male and female pupils in interschool athletic competition in a specific sport, the superintendent of schools, or in the case of a nonpublic school or school system which elects to be governed by this clause, the chief executive officer of the school or school system, or the section may decline to permit a male or males to participate on a team organized for females upon a finding that such participation would have a significant adverse effect upon the opportunity of females to participate successfully in interschool competition in that sport.

(a) Coaches of extra class periods in physical education, as defined in section 135.1(h) of this Part, shall meet the requirements of this section.

GUIDELINES FOR SPORTS STANDARDS

(As provided for in the Regulations of the Commissioner of Education - Section 135.4 (c) (7) (ii) (b) (3).)

NOTE: The State Education Department shall annually review the sports standards of athletic associations in order to insure that they conform to the intent of the Regulations and these guidelines.

Sports standards adopted by an athletic association shall conform to the following:

1. **Seasons.** Each sport shall be assigned a specific starting and finishing date for all member schools. Any necessary changes in such dates due to local school, league or section problems must be approved by the executive officers of the associations. The length of a season, including all skill testing, conditioning, practice and contests, shall not exceed:
   a. **15 consecutive weeks** for crew, cross-country, field hockey, football, lacrosse, outdoor track and field, soccer and team handball;
   b. **22 consecutive weeks** for basketball, gymnastics, ice hockey, indoor track and field, skiing, swimming, volleyball and wrestling;
   c. **2 separate 15 week periods** (fall and spring) for badminton, baseball, fencing, golf, handball, softball and tennis;
   d. **Unlimited season length** for bowling, archery, riflery and table tennis (these need not be scheduled in contiguous segments).

NOTE: It is recommended that an athlete finishing one strenuous or contact sport season and starting another be given a week layoff between seasons and adjustments be made in required practices for such cases.

2. **Time Between Contests.** Each sport shall be designated with an appropriate time between contests, including interschool scrimmages. The time between contests shall be consistent with the nature of the sport in terms of: pupil physical recovery time, injury exposure, specialized practice preparation, as well as the administrative, financial and climatic factors.

3. **Required Practice Days.** Each sport shall be assigned a suitable number of practice days prior to the first scrimmage and contest. A minimum number of practice days shall be established as team practices and a minimum number of practice days shall be required of each participant. Team sports of a strenuous nature shall also have an appropriate number of practice days devoted entirely to physical conditioning before commencing with team skill development activities.

4. **Maximum Number of Contests.** The maximum number of contests which may be established for interscholastic sports during a regular schedule shall be determined in the sections established by the athletic associations of the State. The maximum number of contests shall be limited in accordance with a majority vote of the chief school officers of the schools located within the section. The maximum number of contests established for each sport during the regular schedule is subject to review by the state athletic associations and may be altered where it is found that disparities in the number of games contribute to unequal competition between teams in different sections.

Questions contact: Darryl Daily, NYSED at ddaily@mail.nysed.gov
All sectional post-schedule tournaments shall be approved by the local sectional athletic council or controlling body in which the schools hold membership. All other post-schedule tournaments shall be approved by state athletic associations. (see p. 105)

5. **Mixed Competition.** Mixed competition between male and female pupils shall conform to Section 135.4 (c) (7) (ii) (c). An exceptional girl, under this regulation, is a girl who is so far superior to other girls in her school, league, or section that she can only be challenged through participation on a boys’ team. (see p. 39, 47, 80)

6. **Participation Rules.** Eligibility standards adopted by an athletic association shall be the same for male and female pupils.

   Competition standards for each sport must be the same for male and female sports when the events and rules are identical, and associations shall make an effort to have these standards equitable whenever the events and rules are not identical.

7. **Sports Standards** adopted by an association shall be filed with the New York State Federation of Secondary School Athletic Associations and the New York State Education Department.

Re: Fingerprinting of Sport Officials

Date: February 19, 2010

OSPRA interpretation of SAVE Legislation on Fingerprinting for Sport Officials:

1) A sport official who participates in less than five events in a school district, per school year, and is under the direct supervision of an employee from the district who meets the SAVE requirement, may be waived from fingerprinting.

2) Less than five events includes:
   - all sport levels;
   - all sports;
   - all school buildings in the district during one school year.

2) Districts may require all sport officials to be fingerprinted if the monitoring of items 1 and 2 is determined to be too burdensome for the district to manage.

FOR INTERSCHOOL ATHLETIC PROGRAMS

New York State Learning Standards for
Health, Physical Education, Family and Consumer Sciences

"It is not at what age you participate,
but rather with whom and under what conditions"

March 2005

The University of the State of New York
The New York State Education Department
Office of Elementary, Middle, Secondary
and Continuing Education
Albany, New York 12234
With the adoption of Learning Standards in Health, Physical Education, Family and Consumer Science, physical education has been included as a content area in the curriculum, along with other academic subjects. Selection/Classification, a process for screening students approved by the Board of Regents as part of the school eligibility rules* in 1980, is aligned with Learning Standards 1 and 2. These standards state that students will have the necessary knowledge and skills to establish and maintain physical fitness, participate in physical activity, maintain personal health, and acquire the knowledge and ability to create and maintain a safe and healthy environment.

The State Education Department (SED) has worked collaboratively with the New York State Athletic Administrators Association (NYSAAA), New York State Public High School Athletic Association (NYSPHSAA) and directors of physical education/athletics, to promote physical education and interschool athletic competition statewide. This guide to Selection/Classification procedures, the culmination of a two-year revision process, is one result of this collaboration.

The document represents the shared belief of NYSAAA, NYSPHSAA, the directors of physical education/athletics, and SED that physical education and interscholastic athletic competition are important to the development of the whole child and that students benefit when they can participate in such activities at appropriate levels of maturity and physical ability.

Normally, a student is eligible for senior high athletic competition in a sport during each of four consecutive seasons commencing with entry into the ninth grade. However, by satisfying the requirements of Selection/Classification, a student may receive extended eligibility to permit:

a) Participation during five consecutive seasons in the approved sport after entry into the eighth grade; or

b) Participation during six consecutive seasons in the approved sport after entry into the seventh grade.

The intent of Selection/Classification is to provide for students in grades 7 through 12 a mechanism allowing them to participate safely at an appropriate level of competition based upon readiness rather than age and grade. Students do not mature at the same rate and there can be a tremendous range of developmental differences between students of the same age. The program is not to be used to fill positions on teams, provide additional experience, provide a place for junior high students when no modified program is offered, or reward a student. Instead, it is aimed at the few select students who can benefit from such placement because of their level of readiness. It will also be fairer to the other students on the modified teams.

“A Board of Education may permit pupils in grades no lower than seventh to compete on any senior high school team, or permit senior high pupils to compete on any teams in grades no lower than seventh, provided the pupils are placed at levels of competition appropriate to their physiological maturity, physical fitness and skills in relationship to other pupils on those teams in accordance with standards established by the Commissioner.” – Commissioner’s Regulation Section 135.4 (c)(7)(b)(a)(4)

How to Use This Guide

New York State Selection/Classification is a model program that may be implemented at the discretion of all local school districts. It is not mandated. Selection/Classification is intended for use by female and male student athletes in grades 7 - 12, and directly relates to specific interschool sport categories and levels of competition as follows:

- **Intermediate**
  - Grades 7 – 8

- **Commencement**
  - Grades 7 – 12

- **Sports Categories (Girls and Boys)**
  - Attachment J (Girls)
  - Attachment K (Boys)

- **Athletic Competition Levels**
  - Modified
  - Frosh
  - Junior Varsity
  - Varsity

The main body of this document is organized to assist the director of physical education/athletics in administering all aspects related to Selection/Classification. This includes the following sections:

- Selection/Classification
  - Implementation Procedures

- Selection/Classification
  - Procedure Checklist

- Attachment Forms

There is great diversity among student athletes throughout New York State. Selection/Classification was designed to assess a student's physical maturation, physical fitness and skill, so that the student may be placed at a level of competition that should result in increased opportunity, a fairer competitive environment, reduced injury, and greater personal satisfaction.

Commissions Regulations

SELECTION/CLASSIFICATION IMPLEMENTATION PROCEDURES

Students, teachers, coaches, or parents/guardians may request the director of physical education/athletics to process a student through the Selection/Classification screening procedure. Students will not be exposed to the screening procedure without a specific request.

If a student in grade 7 or 8 has reached the chronological age of 15 years old prior to July 1, they are eligible to participate on high school athletic teams without being processed through the Selection/Classification screening procedure. Only medical approval by the school district physician is required. The reason that these students are eligible for the high school teams is that they are already at an advanced age and will lose some of their four years of high school eligibility due to being over age if not allowed eligibility.

If a student has been processed through the Selection/Classification screening procedure and participated in the 7th grade, the process would not have to be repeated in the 8th grade as long as they remain at the same level of athletic competition in the same sport category. If the student changes levels or sports, the Selection/Classification screening procedure must be repeated to meet the specific athletic performance and developmental standards.

If a student fails to meet one or more of the athletic performance standards related to the Selection/Classification screening process, he/she may be retested as many times as is appropriate for a specific item or items. If there is a sound basis for a special approval, it can be requested from the State Education Department (see Attachment B).

In conclusion, the director of physical education/athletics ensures compliance with the Selection/Classification regulations. Working in this capacity, the director of physical education/athletics is required to implement the following required procedural phases:

Phase 1 Confirm that the school district has approved a resolution to allow students to participate in the Selection/Classification model program. If no such resolution exists, proper steps should be taken to ensure that this first requirement is accomplished. (see Attachment A - Sample Resolution).

Phase 2 Convene a committee, similar to the mixed competition panel, to perform a pre-evaluation assessment of the student to determine if the student has the potential to successfully participate at a higher level of athletic competition.

Phase 3 Process a student through the Selection/Classification procedures when requested by the student, recommended by a coach or physical education teacher, or suggested by the director of physical education/athletics. All students who are to be screened for the program must first obtain parental permission and then start with the school physician. Athletic performance testing may be done only after the school physician gives Selection/Classification approval.

Phase 4 Send letters and forms to the individuals involved in the Selection/Classification process as follows:

a) Parents – The screening procedure must not begin until the director of physical education/athletics has received parental permission (see Attachment C).

b) Health and Developmental Rating by the School Physician – Care must be taken to familiarize the school physician with the Selection/Classification model program and its purpose. It should be emphasized that the screening process to determine the developmental rating of each candidate be as inconspicuous and discreet as possible (see Attachments D and E).

Questions contact: Darryl Daily, NYSED at ddaily@mail.nysed.gov
c) **Sport Skill Evaluation by the Coach** – The coach must understand the intent and purpose of the program and he/she must place the student’s welfare above all else (See Attachment G).

d) **Performance Testing** – The performance test must be administered by a physical educator who is not the coach of the team for which the student is being evaluated (See Attachment I).

e) **Special Approval Request** – If a student is unable to achieve all of the athletic performance testing requirements, the director of physical education/athletics may request special approval from the State Education Department by submitting the Attachment B and the Special Approval Request Application to the Associate in Physical Education. In return, a review process to determine approval or nonapproval will be conducted.

**Phase 5**

When final approval related to all procedural requirements of Selection/Classification has been granted to the student, he/she may now participate in the tryout period associated with the higher level of specific athletic competition. Additionally, all New York State Public High School Athletic Association (NYSPHSAA) TryOut Regulations found on page 134 of the NYSPHSAA 2010 - 2012 Handbook must be followed.

**Phase 6**

Mail notices to all schools director of physical education/athletics and section officials announcing the students approved to participate in Selection/Classification and listing their athletic performance scores (See Attachment H).

Mail a letter to the parents of the child explaining the outcome of the screening procedure and outlining the eligibility limitations for their child.

**Phase 7**

The director of physical education/athletics must maintain a permanent Selection/Classification record for each student who qualifies. This record is to remain on file in the director’s office. The following information must be included:

- *Individual Athletic Profile (Attachment B)*
- *Parental Permission (Attachment C)*
- *Developmental Screening* (Attachment D - Males) (Attachment E - Females)
- *Athletic Performance Testing (Attachment F)*
- *Coach’s Sport Skill Evaluation (Attachment G)*
- *Notification of Qualifications (Attachment H)*
- *Letter to Parent*

If the pupil listed on the reverse side of this form is unable to achieve the Athletic Performance requirements for the Selection/Classification Program and there is a justified reason for this student be allowed to compete at the desired level despite the unachieved scores, the director of physical education/athletics may request special approval from the State Education Department for permission for this pupil to compete.

Please note that the State Education Department cannot give such an approval unless the school physician has given this pupil an acceptable developmental rating or signed the special case form. Please attach a copy of the developmental rating form signed by the school physician.

COMMENTS:

_______________________DATE_____/_____/_____
Dear Parent/Guardian:

There is a New York State program that permits a few qualified students to participate on an athletic team beyond their grade placement. It is called the Selection/Classification Program.

Your child (name) may be eligible to participate in (sport) above normal grade level. In order to establish the appropriate eligibility, we must have your permission to begin the Selection/Classification screening process. This screening evaluates your child’s physiological maturity, athletic performance abilities (physical fitness), and athletic skill in relationship to other student athletes at the specific participation level. The school physician will evaluate your child using the Tanner Scale, to determine his or her physiological maturity.

If your child can successfully meet the requirements of the Selection/Classification Program, he/she will be allowed to participate in an extended athletic career. Under normal circumstances, a student is only eligible for senior high school athletic competition in a sport for four consecutive seasons commencing with the student’s entry into the ninth grade. However, by meeting the Selection/Classification requirements established by the New York State Education Department, your child’s eligibility can be extended to permit:
  a) Participation during five consecutive seasons in the approved sport after entry into the eighth grade; or
  b) Participation during six consecutive seasons in the approved sport after entry into the seventh grade.

It is important for you and your child to understand that once the requirements are met and he/she is accepted as a member of the team, he/she cannot return to a lower level team (modified) in that sport in that season. Your child will be exposed to the social atmosphere that is inherent to older students and the high school environment.

Please feel free to contact me regarding this program or to discuss any aspect of your child’s athletic placement. If you agree to allow your child’s participation in this program, please sign and return the parental permission form to my office.

Sincerely,

Director of Physical Education/Athletics

**TO THE SCHOOL PHYSICIAN:**

Adolescent development of boys is visibly noticeable in body changes at about the age of 13 years and can take as long as four years to complete. The physiological changes are concurrent with sexual development. While it is not true of all boys, most will show stages of this development by hair growth on the face, under the arms, and in the pubic area.

*Note:* For the purposes of this screening test, a boy will be given a developmental rating based upon the stage of pubic hair growth as observed by you during the health examination.

**SCREENING PROCEDURES:**

1. REFER TO THE STAGE OF PUBIC HAIR GROWTH ON THE CHART PROVIDED IN THE MATURITY SCALE BELOW.
2. IDENTIFY THE MATCHING DEVELOPMENTAL RATING NUMBER AND CIRCLE IT.
3. RETURN COMPLETED FORM TO THE DIRECTOR OF PHYSICAL EDUCATION/ATHLETICS.

TO THE SCHOOL PHYSICIAN:

Signs of female adolescent development may be noticeable as early as age eleven. The physiological changes are normally concurrent with or followed by menarche, and usually take four years to complete. The mean age at which menarche occurs in females is approximately 12 years 7 months.

Note: For the purposes of this screening test, a girl is assumed to have a Tanner 4 developmental age once she has had the onset of menarche. This may be used as an alternative to a breast-staging exam.

SCREENING PROCEDURES:
1. Ask whether the girl has started menstruation.
   - If yes to #1, check Tanner 4 as indicated in box marked “alternative to exam.”
   - If no to #1, examine breast development and assign a maturity scale rating (Tanner scale).
2. Return the completed form to the school nurse.

COACH’S SPORT SKILL EVALUATION
INSTRUCTIONS FOR THE COACH

Coach____________________________
Sport____________________________ Level________________

_______ (student’s name) is a candidate for the Selection/Classification Program. As the coach of the team, your complete assessment of his/her skill level is an important factor in this process. Please complete and return this form as soon as possible. The student’s parents have given their child permission and the school physician has cleared him/her to be evaluated by you.

1. If you are familiar with the candidate, please write an evaluation of his/her skill level on the back of this sheet. Supporting information would be helpful in determining proper placement, so be specific. If you are not familiar with the candidate, I would appreciate it if you would contact his/her former coaches for their assessment and schedule a short “audition” session if practical.

2. What level of play would you recommend for this student? _____________ (level)
   Is it likely he/she would be in the starting lineup? _____ Yes _____ No
   If not, what percentage of quality playing time would you estimate he/she would receive at that level? ___ %

   NOTE:
   Students elevated to advanced levels of competition by this process should be few and far between. The program is intended only for the unusually gifted athlete who has the physical maturity and athletic skills to be placed beyond other youngsters in his/her chronological age bracket. Abuses in the program by the decision makers who seek to satisfy the needs of the team rather than considering the well-being of the individual cannot be condoned. There are many potential social/emotional pitfalls that must be avoided, and once a student is elevated, the decision is irreversible. Please keep in mind that no practices may be attended until you are notified by the director’s office that the student’s parental permission has been granted and the student has successfully completed an athletic health appraisal and development screening by the school physician.

3. Rate this student’s skills relative to other members of the team.

      Equipment: Two blocks of wood, 2" x 2" x 4", a split-second stopwatch
      Description: Two parallel lines are marked on the floor 30 feet apart. Place blocks of wood behind one of the lines. Athlete starts from behind the other line. On the signal “Ready – Go,” the athlete runs to the blocks, picks up one, runs back to the starting line and places it behind the line; then runs back and picks up the second block which and carries it back across the starting line.
      Rules: Allow two trials with a maximum of five minutes, rest in between. Athlete may not throw the block of wood; it must be placed behind the line.

2. UPPER BODY
   Item: FLEXED ARM HANG
   Equipment: Horizontal bar approximately 1-1/2" in diameter
   Description: Adjust bar height so it is approximately equal to the athlete’s standing height. Use an overhand grasp (palms away from the face). With two spotters, one in front and one in back, athlete raises body off the floor to a position where the chin is above the bar, the elbows are flexed, and the chest is close to the bar. Hold this position as long as possible.
   Rules: a) Start watch as soon as athlete has chin above the bar.
          b) Stop watch when chin touches the bar, head tilts back to keep chin above the bar, or chin falls below level of the bar.

3. **ABDOMEN**

Item: **CURL-UPS (Sit-ups)**

Equipment: Mat and stopwatch

Description: Athlete lies on back with knees bent, feet flat on the floor, heels 12" from the buttocks, and back flat on floor. Arms across the chest, fingers on the opposite shoulder, elbows against chest. For a taller athlete, this distance may be adjusted to accommodate him/her. With someone holding the feet down, the athlete brings upper body forward, curling up (sitting up) to touch elbows to thighs. That is one curl-up. Athlete must return to start position before starting next curl-up. Exercise is repeated for one minute and athlete completes as many curl-ups as possible in the one-minute interval.

Rules: Fingers must remain in contact with shoulders, back should be rounded and head should be forward on the way up. Scapula must touch the floor before starting next curl-up. Hips must remain on the floor.

Scoring: Record one curl-up (sit-up) for each completed movement of touching elbows to thighs. No score is giving if the fingertips do not maintain contact with shoulders, or if the elbows are extended, or if the hips leave the ground.

4. **SPEED**

Item: **50 YARD DASH**

Equipment: Track or area marked off 50 yards and split-second stopwatch

Description: With arm raised, a starter uses the command “Ready – Go” and accompanies the command with a fast downward sweep of the arm to provide the time with a visual signal to start the watch.

Rules: Time required between the starter’s signal and the instant the athlete crosses the finish line.

Scoring: Record in seconds to nearest tenth of a second.

5. **CARDIOVASCULAR**

Item: **1.5-MILE RUN/WALK**

Equipment: Track or area marked off for 1.5 miles and stopwatch

Description: Standing at starting line, athlete begins to run on the signal “Ready - Go” from starter/timer. Starter/timer positions self at the finish line.

Rules: Walking is permitted. However, the object is to cover the distance in the shortest possible time.

Scoring: Record the time in minutes and nearest second.

### SELECTION/CLASSIFICATION REGULATIONS

- Working in this capacity, the director of physical education/athletics is required to implement the following required procedural phases:

1. **Phase 1**: Evaluate eligibility of the student based on a medical examination and determine if the student meets the age and education requirements for participation in the athletic program.
2. **Phase 2**: Convene a committee, similar to the mixed competition panel, to perform a pre-evaluation assessment of the student to determine if the student has the potential to participate at a higher level of athletic competition.
3. **Phase 3**: Process a student through the Selection/Classification procedures when necessary, which includes obtaining parental permission and having the student checked for eligibility.
4. **Phase 4**: Send letters and forms to the individuals involved in the Selection/Classification model program and its purpose. It should be emphasized that the screening procedure must not begin until the director of physical education/athletics has received parental permission.

SPECIAL TRYOUT PROCESS

BOWLING

As of September 1, 1995, any 7th- or 8th-grade student may be given the opportunity to tryout for a junior varsity or varsity bowling team. At the completion of the tryout sessions, which must include 9 games bowled over a 3-day period, if the individual’s bowling average puts him/her in the top 8 of your bowlers, he/she is eligible to be selectively classified.

Every student must continue to meet the developmental screening requirement found in the 1992 Selection/Classification guidelines.

GOLF

As of September 1, 1995, any 7th- or 8th-grade student may be given the opportunity to tryout for a junior varsity or varsity golf team. At the completion of the tryout sessions, which must include 18 holes, golfed over a 3-day period (the first 3 days of the individual’s tryout when the course is accessible), if the individual’s golf average puts him/her in the top 8 of your golfers, he/she is eligible to be selectively classified.

Every student must continue to meet the developmental screening requirement found in the 1992 Selection/Classification guidelines.

SWIMMING

The physical fitness testing procedure for swimming will remain, as stated in the January 1992 Selection/Classification guidelines. The modification is the addition of a swimming option for the endurance component of the physical fitness test. This will allow the athlete to choose which endurance test he/she prefers. It will be necessary to choose one: either the 1.5-mile run or the 500-yard swim. Please note the following scores:

REGULATIONS OF THE COMMISSIONER OF EDUCATION
ON MIXED COMPETITION

Section 135.4 (c) (7) (ii) (c)

(c) Male and female pupils on interschool athletic teams.

(1) Equal opportunity to participate in interschool competition, either on separate teams or in mixed competition on the same team, shall be provided to male and female students, except as hereinafter provided. In schools that do not provide separate competition for male and female students in a specific sport, no student shall be excluded from such competition solely by reason of sex except in accordance with the provisions of subclauses (2) and (4) of this clause. For the purpose of this clause, baseball and softball shall be considered to constitute a single sport.

(2) In the sports of baseball, basketball, boxing, field hockey, football, ice hockey, lacrosse, rugby, soccer, softball, speedball, team handball, power volleyball where the height of the net is set at less than eight feet, and wrestling, the fitness of given student to participate in mixed competition shall be determined by a review panel consisting of the school physician, a physical education teacher designated by the principal of the school, and if requested by the parents of the pupil, a physician selected by such parents. Such panel shall make its determination by majority vote of the members, and in accordance with standards and criteria issued by the department.

(3) Where a school provides separate competition for male and female pupils in interschool athletic competition in a specific sport, the superintendent of schools, or in the case of a nonpublic school or school system which elects to be governed by this clause, the chief executive officer of the school or school system, may permit a female or females to participate on a team organized for males. However, where separate competition is provided, males may not participate on teams organized for females.

(4) Where a school does not provide separate competition for male and female pupils in interschool athletic competition in a specific sport, the superintendent of schools, or in the case of a nonpublic school or school system which elects to be governed by this clause, the chief executive officer of the school or school system, or the section may decline to permit a male or males to participate on a team organized for females upon a finding that such participation would have a significant adverse effect upon the opportunity of females to participate successfully in interschool competition in that sport.
GUIDELINES FOR MIXED COMPETITION ON INTERSCHOLASTIC ATHLETIC TEAMS

These guidelines are issued to assist schools in the implementation of Section 135.4(c)(7)(ii)(c) of the Regulations of the Commissioner of Education which govern interscholastic competition involving members of both sexes on a single school team. The following general information should be noted by the school personnel who are responsible for the implementation of the Regulations:

- The purpose of the regulation is to preserve the health and safety of students while assuring that students of both sexes have opportunity to participate successfully in interschool competition. Athletic opportunity in mixed competition is allowed under the conditions set forth in the regulations for specific sports identified in subclause (2) of section 135.4(c)(7)(ii)(c), as well as all other sports not so identified.

- The regulation provides for students involved in mixed competition to be placed on teams at appropriate levels of competition based upon the individual’s medical history, maturity, physical data, fitness scores and skills. The guidelines are to be used for both junior high school and senior high school programs.

- If a team is organized primarily for one sex and members of the opposite sex are also members, the team should still be classified as either a males’ or females’ team and continue playing in the same type league.

- If a team was formed originally for one sex but is composed of a significant number of pupils of the opposite sex, it is recommended that separate teams be formed for that sport. This would allow for the greatest number of students to participate and not limit opportunities or have a disproportionate effect on any one sex.

- When there are separate teams for each sex in a specific sport, a male may not try out for a females’ team. However, the superintendent of schools may permit a female to try out for a male team, except that competition in the sports identified in subclause (2) of the regulation is subject to the review and approval of a panel. Where separate teams are provided, a female who wishes to tryout for a male team in these sports must have the approval of the superintendent and the review panel. This type of crossover should be based upon that female’s athletic ability to compete successfully.

- The sport of boxing is identified in the regulation because it appears in the Title IX Federal Regulations. It is not an indication that the State Education Department considers boxing a desirable sport for secondary students.

- Mixed competition in a sport identified in subclause (2) is subject to review and approval by a panel. This panel must include the school physician and a physical education teacher appointed by the principal and may include a physician chosen by the student’s parent(s). This panel is responsible for determining the readiness of the student in terms of medical health, maturity, fitness and skill of the individual in relationship to other members of the team. The intent of the regulation is to
match the student’s readiness with an appropriate placement, as well as to provide
the pupil with a successful competitive opportunity. When the physical abilities of
the individual are deemed by the panel to be short of or exceed the physical abilities
of other team members, thereby creating a hazardous condition or unfair advantage
for that student or other members of the team, denial of participation would be
appropriate.

- These procedures apply only to a student’s eligibility to tryout for a team of the
opposite sex. The coach must decide if the pupil is to remain on the team or be
dropped from the team in the same manner as all other pupils trying out for the
team. If a coach has a “no cut” policy, the student of the opposite sex must be allowed
to remain on the team the same as other students.

The following chart indicates which regulation provision applies to specific sports
and program offerings.

REVIEWS PANEL PROCEDURES

Upon a request to the school authorities for a pupil to participate in mixed competition, as provided in the Regulations of the Commissioner of Education, a review panel shall be formed. The Director of Physical Education should coordinate the activities of the review panel. The information reported on the form, ATHLETIC PROFILE FOR MIXED COMPETITION, shall be used by the review panel in making a determination.

COMPLETING THE ATHLETIC PROFILE

Part I: **School Information**
- Fill in the information as indicated.

**Review Panel**
- A school physician and a physical education teacher (designated by the principal) shall serve on the review panel as school representatives. The parent(s) of the pupil shall also be given the option of having a physician of choice serve on the panel. If parent(s) elect not to have a physician on the panel and a disagreement on the determination of participation by the pupil develops, the parents should be so advised. If the parents still opt not to select a physician for the panel, it is recommended that the school principal appoint another physician so there are two physicians and a physical education teacher on the panel as intended by the regulation.
- The review panel should convene as soon as feasible in order to give the pupil a reasonable opportunity for an early tryout for the team, if approved to do so.

Part II: **Pupil Information**
- The Director of Physical Education should be responsible for providing the panel with all available information.

Part III: **Physical Education and Medical History**
- The information on the physical education history of the pupil should be obtained from the physical education teachers who have had the pupil in classes.
- The school nurse should provide the information on the medical history of the pupil by reference to the available health records.

Part IV: **Physical Data**
- The school physician shall provide the information obtained as part of the normal health examination for participation in athletics.
- The developmental age or maturity level of the pupil can be established by using the Developmental Screening Procedures used in the Selection/Classification Program (see the August 1992 Selection/Classification Procedures and Standards).
- A determination of general body type should be made by the physician during the health examination. Comments on joint structure would also be helpful.
- If the school physician determines during the health examination the pupil has a physical impairment which would make it unsafe for the pupil to participate in the sport, the review panel need not convene.

Questions contact: Darryl Daily, NYSED at ddaily@mail.nysed.gov
Part V: **Athletic Performance Testing (Fitness)**

- The Athletic Performance Test used in the Selection/Classification Program should be used as a means of assessing the student's fitness level.
- Scores achieved on this test shall be recorded on the profile form where indicated. The test should be administered by a physical education teacher.
- When reviewing the test scores, the panel needs to be made aware that the relative importance of the test item to the demands of the sport in question is reflected in the Selection/Classification Standards.
- When reviewing the test scores, the panel should refer to the standards related to the sex of the team and the level of play at which the pupil wishes to play.
- The Athletic Performance Standards of the Selection/Classification Program are not intended as qualifying or disqualifying scores for mixed competition. The scores that appear in the chart are not absolute requirements for the panel to consider. The scores only provide a reference as to what could normally be found among the members of the team for that sex at that level of play. If the scores of the pupil differ from the standards, the panel should assess the significance of that difference for the pupil being considered. Known strengths and abilities of the team in question should also be considered.

Part VI: **Panel Decision**

- Once the decision of the panel has been made, the pupil and parents shall be so advised.
- A “YES” decision means the pupil may try out for the team. The coach will then either allow the pupil to remain on the team or be dropped by using the normal try out criteria used for all other pupils trying out for the team.
- The panel decision applies only to the sport and season for which the application was made. Subsequent seasons or sports will require another review. Therefore, all students that have been previously approved to participate in a mixed competition situation must be re-approved each season for each sport in which he/she wishes to participate.

DEFINITIONS

ADVISORY COUNCIL: All school personnel of member schools are considered advisory members. They may make recommendations on athletics to the Executive Committee and serve on committees of the Association. (Constitution, Article II, (4)).

AGE OF MAJORITY: Age of majority refers to persons sixteen to eighteen years of age living apart from their parents and financially independent of them. Minors claiming emancipation must have established a residence in which they maintain themselves beyond the support and control of their natural parents.

ATHLETIC COUNCIL: The administrative body for each of the sections of the NYSPHSAA, Inc. consisting of representatives from leagues and member schools. (Constitution, Article VI, [2])

BONA FIDE STUDENT: A bona fide student is a regularly enrolled boy or girl whose name is on the official attendance register of the secondary school represented and who is in good standing. (Eligibility Standard #6)

CENTRAL COMMITTEE: The Central Committee is the legislative body of the NYSPHSAA, Inc. consisting of a chief school officer, a principal, and two athletic representatives elected from each section, and the elected officers and ex-officio members. (Constitution, Article III, (1) (a)).

CLUB TEAM: Neither the regulations of the Commissioner of Education nor the NYSPHSAA recognize extraclass activities called "club teams". Interscholastic teams may not practice/scrimmage with or compete against "club teams."

COMMISSIONER'S REGULATIONS: The Regulations of the Commissioner of Education are policies and controls enacted by the Board of Regents and administered by the State Education Department. The NYSPHSAA has additional regulations and standards. (see p. 92-157)

COMPETITOR: Any competitor must be a bona fide student in the member school district represented and is considered to be the school team or part of such team. Compliance with all NYSPHSAA bylaws and standards and conformance with all NYSED regulations is required. Participation as an individual competitor counts toward the maximum number of contests permitted and meets the requirements of the Representation Standard (p. 104)

CONDUCTING A CONTEST: All contests shall be under the direction and supervision of qualified school personnel who shall have full knowledge of and give full approval to the plans for the contest. It is necessary to be physically present with authority to change any part of the procedures which are contrary to NYSPHSAA, Inc. policy or not in the best interests of secondary school competitors (Eligibility Standard #25). When a contest or game is held in conjunction with a fund raising effort, the following criteria is required to be met:

1. The host school is required to have the charity event approved by a school administrator and/or Board of Education.
2. The sport specific game rules (NFHS, NCAA, etc.) may not be altered.
3. All NYSPHSAA and NYSED eligibility standards must be followed.
4. Donations may not be made based on the outcome of student performance.
5. If an outside agency or charity is directly involved in the administration, coordination, or organization of the contest, the event must be approved under the Outside Agency rule through the Section Athletic Council.

6. League or conference schedules may not be altered unless mutually agreed upon.

CONDUCTING A HEARING: An impartial panel of three or more representatives may be authorized by a league or a section athletic council to conduct a hearing at an early date after an appeal is made. The presiding officer shall designate a member to keep the minutes of the meeting which should record: those present, the issue in question, the argument of the appellant, the statement of the respondent, the decision of the panel. These minutes become a part of the record of the league or section for transmittal in the event of additional hearings. Each litigant is entitled to representation by counsel.

CONTEST: An interschool competition arranged by school personnel in accordance with the Regulations, Eligibility and Sports Standards. (Scheduled Game or Tournament, p. 91)

EXHIBITION COMPETITOR: An exhibition competitor is a bona fide student in the member school district represented and is a non-scoring participant in an interschool contest or tournament. Exhibition competitors may only compete with or against other exhibition competitors and be non-scoring/non-placing in the event. Exhibition competitors may fill open lanes in the sports of swimming and track and field. The maximum number of events permitted at a meet may not be exceeded. Participation as an exhibition competitor counts toward the maximum number of contests permitted and meets the requirements of the Representation Standard (p. 104).

FRESHMAN TEAM: A team comprised of ninth grade students which must follow all high school eligibility rules and standards, and compete only against high school teams. NOTE: A freshman team cannot compete against a modified team.

INTERSCHOOL ACTIVITIES: Interschool Activities are those in which students are selected to participate in regularly scheduled practices, are trained, conditioned, coached and play a series of scheduled games with teams of similar skills from other schools.

INVITATIONAL ACTIVITIES: Invitational activities are those games or other events dealing with one sport, arranged by invitation from one school to one or more other schools.

LEAGUE: A group of schools, preferably of similar size and location, who join together for the purpose of administering athletic competition and other educational activities. (Constitution, Article VI)

NEXT PREVIOUSLY SCHEDULED CONTEST: This is the same as the next contest which originally was in the schedule. No attempt should be made to insert a non-league contest into a sports schedule after a key player has been disqualified in order that the player would not participate in a meaningless game. This totally violates the intent of this rule and is not permitted. The ejected player or coach must not participate in the next previously scheduled contest. Any post season competition is considered previously scheduled. (Sportsmanship, p. 105)

OLYMPIC DEVELOPMENT PROGRAM: A training program for competition: 
   (a) conducted or sponsored by the United States Olympic Committee or

Any approved waiver or modification of the overtime procedures are noted in the Sport Standards section (110-124).

PARTICIPATION: Except as found in the Duration of Competition standard, "participation" defines if an athlete has competed in a contest. Students are charged with a contest once they enter the contest. In team sports once they enter the game they are charged with a contest. In individual sports, once they enter the contest (or event) they are charged with a contest. It matters not if the athlete competes for two seconds or the entire competition, they have participated in a contest. (Representation, p. 104)

This applies to all sports. A game or part of a game replayed as a result of a protest decision must adhere to the required nights of rest. The latter will not count as an extra game. If a contest is suspended, all violations of the NYSPHSAA Sportsmanship Rule and/ or any yellow/red cards received during that contest will be enforced regardless if the contest is replayed in its entirety or resumed from the point of interruption.

TAUNTING: Taunting includes, but is not limited to, any actions or comments by coaches or players which are intended to bait, anger, embarrass, ridicule or demean other players, coaches or game officials. Included in this is conduct that berates, needles, intimidates or threatens based on gender, ethnic origin or background and conduct that attacks religious beliefs, size, economic status, speech, family, special needs, or personal matters. b. Appeals from the decisions of league presidents and section presidents may be made to the Athletic Council which will review the evidence, may hear arguments, and shall have the power to affirm, reverse, or modify the decisions of the league or section president. g. If a section is involved in an appeal no representation shall be selected from that section.

h. The decision of the Appeal Panel shall be the final administrative appeal through the NYSPHSAA, Inc. and shall be final.

i. Any member school which does not make final payment of costs and fees by June 30 of that year shall be denied membership in the Association.

j. Eligibility Standards may be made more restrictive by individual sections. Any appeal involving a more restrictive standard shall not be heard by the Appeal Panel and the decision of the section shall be final. **Reporting Procedure: All violations shall be reported to the League and Section.**

6. **BONA FIDE STUDENTS:** Regulation of the Commissioner of Education: A contestant must be a bona fide student of the high school represented and must be taking at least four subjects including Physical Education. A foreign exchange student may be considered a bona fide student if all of these eligibility rules are satisfied. A student in an education program in two schools may represent only the home school. **NOTE:** A student in a shared services part-time or full-time program, taking the equivalent of four subjects including Physical Education, is considered as being registered in the home school. Exceptions for special cases must be approved by League and Section.

   A student who satisfies all eligibility standards, enrolled in the equivalent of three subjects as well as meeting the Physical Education requirement, who has not completed requirements for graduation, may be enrolled in one or more college courses for advance placement. The student must be earning a minimum of three high school credits and Physical Education to be eligible.

COLLEGE: A student is no longer eligible to represent the school in that sport in that season if the student participates in practice or competition with or against any individual or team(s) representing a college that season. Prior to completion, the NYSPHSAA Executive Director may grant an exemption of the College Rule for an individual sport athlete when vying for a standard that would qualify them for the Olympic trials and/or Olympic Games when this opportunity is not offered through the New York State Public High School Athletic Association and/or the National Federation of State High School Associations. The exemption would permit a student to participate as an "unattached" individual with no affiliation to their school team in a competition against open and college competitors in an approved competition set forth by the Olympic Committee without violating the College Rule. (Jan. 2012)

Reporting Procedure: All violations shall be reported to the League and Section.

8. DURATION OF COMPETITION: Regulation of the Commissioner of Education: A pupil shall be eligible for senior high school athletic competition in a sport during each of four consecutive seasons of such sport commencing with the pupil’s entry into the ninth grade and prior to graduation, except as otherwise specified by the Commissioner’s Regulations. A pupil enters competition in a given year when the pupil is a member of the team in the sport involved, and that team has completed at least one contest. The eligibility for competition of a pupil who has not attained the age of 19 years prior to July first may be extended under the following circumstances.

(i) If sufficient evidence is presented by the chief school officer to the section to show that the pupil’s failure to enter competition during one or more seasons of a sport was caused by illness, accident, or similar circumstances beyond the control of the student, such pupil’s eligibility shall be extended accordingly in that sport.

Appeals should be filed with the Section office.

(ii) If the chief school officer demonstrates to the satisfaction of the section that the pupil’s failure to enter competition during one or more seasons of a sport is caused by such pupil’s enrollment in a national or international student exchange program or foreign study program, that as a result of such enrollment the pupil will be required to attend school for one or more additional semesters in order to graduate, and that the pupil did not enter competition in any sport while enrolled in such program, such pupil’s eligibility shall be extended accordingly in such sport (see p. 46, 95).

Appeals should be filed with the Section office.

The following criteria apply to all Foreign Exchange and International students:

1. Students who have been graduated from the secondary school system in their country are ineligible for the interschool athletic program.

2. No member of the school’s coaching staff or athletic director, paid or voluntary, shall serve as the host family. School districts may apply to the Section for a waiver if the student is living with a member of the school’s coaching staff or athletic director and if the student has not played the sport competitively.

3. There shall be no evidence that a student, school or other interested party has influenced the assignment of the foreign exchange or international student to a school for athletic purposes.

4. Students must possess the appropriate visa.
5. The foreign exchange and international student must comply with all other NYSPHSAA and NYSED eligibility requirements. In addition to the aforementioned criteria, the following applies to:

A. FOREIGN EXCHANGE STUDENTS - All Foreign Exchange Students must be reported to the Section office using the appropriate form.

1. Foreign Exchange Student definition: A foreign exchange student is a student that is enrolled in a NYSPHSAA member school that is a participant in a foreign exchange program. The foreign exchange program may or may not be accepted for listing by the CSIET.

   a. A bona fide Foreign Exchange student may be immediately eligible the first year in residence and be limited to one year eligibility provided the student (a) is a participant in an established foreign exchange program accepted for listing by the Council of Standards for International Travel (CSIET) and (b) complies with all State Education Department and NYSPHSAA, Inc. standards. Students that are not in an approved CSIET program are subject to the Transfer Rule. NOTE: CSIET list is available at www.nysphsaa.org

   b. There shall be no evidence that a student, school or other interested party has influenced the assignment of the Foreign Exchange student to a school for athletic purposes. The foreign exchange program must assign students to host families by a method that ensures that no student, or his/her parents, school or other interested party may influence the assignment for athletic or other purposes. The Foreign Exchange student may not be selected or placed on any basis related to his/her athletic interests or abilities. School districts will be notified by NYSPHSAA if a student is considered to be a “Direct Placement” by CSIET standards. Those Foreign Exchange students who are Direct Placements are subject to the Transfer Rule. (p. 107)

B. INTERNATIONAL STUDENTS - When needed, International students, must receive a waiver of the Transfer Rule to be eligible to practice or compete. Schools must submit the required transfer form to the Section office. Athletes are not permitted to practice before the form has been submitted. Athletes are not permitted to compete without approval.

1. International Student definition: An International student is a student that is enrolled in a NYSPHSAA member school, who is not enrolled in a foreign exchange program nor living with his/her parents (or other persons with whom the student has resided for at least six months).

   a. All International students are considered to be transfer students. Eligibility is determined under the transfer rule. NOTE: If an International student has participated in an organized sports program in a particular sport, equivalent to or on a higher level than our high school programs, he/she is ineligible to participate in that sport for one year.

   b. There shall be no evidence that a student, school or other interested party has influenced the assignment of the International student to a school for athletic purposes.

NOTE: Noncompliance with one or more of the foregoing provisions shall render the Foreign Exchange or International student ineligible for interscholastic athletics at any high school which is a member of the NYSPHSAA. (2010)

10. HEALTH EXAMINATION: Regulation of the Commissioner of Education: A student who may engage in interschool competition shall receive an adequate health examination and health history update when required, and may not practice or participate without the approval of the school medical officer.
NOTE: Physicals for participation in school sports may be scheduled at any time during the calendar year. The results of the physical shall be valid for a period of 12 months during the last day of the month in which the physical was conducted. Unless the medical examination is conducted within 30 days of the start of a season, a health history update is required. Any pupil whose safe participation is in question as a result of the health history interview, or injury, or prolonged absence must be requalified by the school physician prior to participation. If the 12 month period for the physical expires during a sports season, participants may complete the season as long as a health history was conducted prior to the season. For example, a physical conducted on August 1 would be valid through August 31. If a student plays beyond August (ex. football), the student may complete that sports season as long as an interval health history was conducted before the start of the season. Immediately following the last sanctioned tournament competition for that season, a new physical is required if the student is going to play another sport. Sport season includes tryouts. NOTE: The Handbook Committee recommends that each incidence of prolonged absence should be reviewed individually by the coach and the athletic director, consulting with the school physician when necessary, and a reasonable amount of practice time and playing time be established based on the athlete’s readiness for safe return to competition.

11. INTERNATIONAL CONTESTS: Member schools may sponsor contests for their athletic teams with foreign countries secondary school teams for the purpose of cultural exchange and competition under the following conditions:
   a. League, Conference and Sectional schedules may not be altered to accommodate such a contest.

   c. All competitors on the New York State high school team must be eligible according to NYSPHSAA, Inc. regulations.
   d. All contests must be scheduled according to appropriate sport standards.
   e. No such competition may take place four weeks prior to the starting date of that sport season as established by the Section.
   f. The number of organized practice sessions in preparation for international competition shall be restricted to the number required before a first contest in that sport.
   g. The Section must approve the plans and the NYSPHSAA, Inc. Executive Director must be notified at least sixty days prior to the scheduled departure.
   h. When hosting an international contest, sanctioning request forms must be initiated by the host member school through NFHS (www.NFHS.org). One application per state will be filed when a foreign team tours and plays more than one school.
   i. When hosting an international contest, the contest must be conducted within the school’s sport season as established by its Section Athletic Council and must be counted as one of the maximum number of contests. The hosting of a scrimmage with a foreign school’s team does not require sanctioning. It is the school’s responsibility to determine that the criteria listed in this section and Eligibility Standard 12; Interschool Scrimmage/Practice Session are satisfied.
   j. A complete report, including a detailed financial statement, involving all phases of the competition shall be filed with the NFHS and the State Association within thirty (30) days following final competition.
National Federation Sanction is necessary for international competition. Forms for requesting this sanction must be completed online using the NFHS web site (www.NFHS.org/sanctioning) and must be filed 60 days prior to date of competition.

13. INTERSTATE CONTESTS: Sanctioning is a means of encouraging well-managed competition. The sanctioning program has the primary purpose of protecting the welfare of high school students. A secondary purpose of the sanctioning program is to protect the existing programs sponsored by member schools. Schools may obtain information regarding the sanctioning process and print Application for Sanction forms (NYSPHSAA or NFHS applications) from the NYSPHSAA web site www.nysphsaa.org/sanctioning.
   a. When schools schedule interscholastic contests with schools in other states, each school will observe its own State regulations and standards of eligibility.
   b. No member school will engage in athletic competition, scrimmage and/or practice with an out-of-state school which is not a member in good standing of its respective state high school athletic association or has not been approved by the respective state association if the school is ineligible to join. Furthermore, member schools will not compete in any interstate contest which is sponsored solely by an outside agency. For dual contests it is the school’s responsibility to determine that these criteria are satisfied.
   c. A member school wishing to host a contest involving an out-of-state school must file an application for Sanction for any contest involving four or more schools, or any contest involving three or more states. Timeline, application fee and application form information is available on the NYSPHSAA web site, www.nysphsaa.org/sanctioning.
   d. A member school planning to participate in an interstate contest involving four or more schools, or any interstate contest which is cosponsored by an organization other than a member high school, must give notice of entry to the NYSPHSAA, Inc. office so that the school may receive verification that the contest has been sanctioned. NOTE: Failure to comply with the above regulation may cause a team or individuals to be ineligible from that date of participation for the remainder of that sport season. NOTE: NYSPHSAA will approve events that have non-member schools participating provided there can be no direct competition with a non-member school.

14. MIDDLE OR JUNIOR HIGH SCHOOL: Member schools with students in grades 7, 8, or 9 have agreed to abide by the rules of our Modified Programs. Situations not covered in the Modified Rules will follow the high school standards.

15. MIXED COMPETITION: Regulation of the Commissioner of Education. Male and female pupils on interschool athletic teams. See p. 80 for details.
(a) Equal opportunity to participate in interschool competition, either on separate teams or in mixed competition on the same team, shall be provided to male and female students, except as hereinafter provided. In schools that do not provide separate competition for male and female students in a specific sport, no student shall be excluded from such competition solely by reason of sex except in accordance with the provisions of subclauses (b.) and (d.) of this clause. For the purpose of this clause, baseball and softball shall be considered to constitute a single sport.

(b) In the sports of baseball, basketball, boxing, field hockey, football, ice hockey, lacrosse, rugby, soccer, softball, speedball, team handball, power volleyball where the height of the net is set at less than eight feet, and wrestling, the fitness of a given student to participate in mixed competition shall be determined by a review panel consisting of the school physician, a physical education teacher designated by the principal of the school, and if requested by the parents of the pupil, a physician selected by such parents. Such panel shall make its determination by majority vote of the members, and in accordance with standards and criteria issued by the department.

(c) Where a school provides separate competition for male and female pupils in interschool athletic competition in a specific sport, the superintendent of schools, or in the case of a nonpublic school or school system which elects to be governed by this clause, the chief executive officer of the school or school system, may permit a female or females to participate on a team organized for males. However, where separate competition is provided, males may not participate on teams organized for females.

NYSHPHSAA NOTE: This clause is to meet the needs of the exceptionally talented girl.

(d) Where a school does not provide separate competition for male and female pupils in interschool athletic competition in a specific sport, the superintendent of schools, or in the case of a nonpublic school or school system which elects to be governed by this clause, the chief executive officer of the school or school system, or the section may decline to permit a male or males to participate on a team organized for females upon a finding that such participation would have a significant adverse effect upon the opportunity of females to participate successfully in interschool competition in that sport.

The NYSHPHSAA requires that the names of girls and boys who participate on a team of the opposite sex be submitted to the league and section before any interschool contest in that sport. Teams with multiple representation of boys and girls must be declared either a girls team or a boys team by their schools, prior to the first competition.

NOTE: Teams organized for one sex may only practice and compete against teams of that same sex. Furthermore, once an individual competes on a team for one sex during a season, he/she may not compete for or against a team organized for the other sex during that season. (Representation, p. 104)

16. NATIONAL TEAM/OLYMPIC DEVELOPMENT PROGRAMS: A student may participate as an individual as a member of a National Team or in an Olympic Development Program during the school year. To participate in NYSHPHSAA programs in that sport, individuals must meet the sports' standards.

17. NON-FEDERATION MEMBER SCHOOLS: No scrimmage or game shall be played with other than public and those private and parochial schools that belong to the New York State Federation of Secondary School Athletic Associations. Verification of membership may be secured from the NYSHPHSAA, Inc. Executive Director.

All other schools which are registered with the State Education Department shall apply for Friends and Neighbors status to be eligible to compete with NYSHPHSAA,
Inc. member schools. Applications must be processed through the Sectional Athletic Council in which the school is located. The application shall contain the agreement to abide by the NYSPHSAA, Inc. rules and will be signed by the applicant. The application, with an administrative fee of two hundred dollars, shall be forwarded by the Section Secretary to the Executive Director of the State Association with recommendations and substantiating statements for or against approval. The State Executive Committee shall make the final determination. Approval shall only be for a period of two years at which time schools may reapply for Friends and Neighbors status. NOTE: 1. Friends and Neighbors schools may compete against NYSPHSAA, Inc. member schools only through the league level of play. 2. Friends and Neighbors schools are eligible to compete with NYSPHSAA, Inc. member schools in all Sections excluding post-schedule contests. 3. The $200.00 fee is payable every two years.

18. OUTSIDE AGENCIES: Cooperation is permitted with any organization, college, or university which may offer encouragement and/or the use of facilities for competition. An application form must be submitted to the Section Athletic Council prior to the planning of a contest. Approval may be given if these conditions are satisfied:

1. A school, league, Section or the Association must cosponsor the activity.
2. Secondary school personnel shall be responsible for planning and for conducting the activity.
3. The contest shall be developed with due regard for health and safety standards as set forth by the Commissioner’s Regulations, and policies and standards of the NYSPHSAA, Inc.
4. Insurance shall be provided which will protect the participants in case of injury and the organization or institution against liability.
5. The philosophy and standards which are to be followed shall be consistent with those listed in the NYSPHSAA, Inc. HANDBOOK.
6. Financial arrangements are to be clearly specified in the application for approval.

19. PENALTIES:
(a) If a school uses an ineligible student in any interscholastic contest, such contest shall be forfeited to the opposing schools. In individual sports, the use of an ineligible player would result in the contest being forfeited, however the performances and outcomes of the other individuals would stand.
(b) Procedures to address forfeitures during post schedule tournaments shall be as follows:

1. Team Sports. Participation by an ineligible player or team in any post schedule tournament game (sectional, intersectional, regional, semifinal or final) shall result in forfeiture of that game. At the time of discovery the school declared ineligible will be disqualified from the tournament immediately and their last opponent will advance in their place. Schools eliminated prior to the last opponent will not reenter tournament competition.

2. Individual Sports. Participation by an ineligible contestant in any post schedule tournament competition (sectional, intersectional or state championship) shall result in the forfeiture of that competition. The contestant will be disqualified from the tournament immediately and his/her last opponent will advance in their place. Individuals eliminated prior to the last opponent will not reenter the tournament competition.
(c) If an individual or team exceeds the maximum number of contests permitted, the penalty is team ineligibility from the date of violation for the rest of the season. In the sports of wrestling, cross country, indoor track and outdoor track, when an individual exceeds the maximum number of contests, only the individual would no longer be eligible for that season. When an athlete exceeds the maximum number of contests the level in which the student-athlete participated as an ineligible competitor will be affected.

(d) For any violation of eligibility or sports standards a school or a school authority may be censured, placed on probation, or suspended by the Section Athletic Council.

(e) Consistent with good ethical standards the prompt reporting of the knowledge of an infraction shall be made to the proper authorities in writing.

(f) School Districts may appeal to the Section to gain relief from the prescribed penalty if the violation of eligibility standards resulted from circumstances out of the District’s control.

(g) If a coach/supervisor violates the NYSPHSAA Code of Conduct the following action will be taken:
   1. The school and Section will be notified immediately.
   2. Documentation of the incident will occur.
   3. A recommendation from the Section for disciplinary action will be given.

   If a student or team is ineligible according to NYSPHSAA, Inc. Bylaws and Eligibility Standards or Commissioner’s Regulations but is permitted to participate in interschool competition contrary to such rules but in accordance with the terms of a court restraining order or injunction against his/her school and/or the NYSPHSAA, Inc. and said injunction is subsequently voluntarily vacated, stayed, reversed, or finally determined by the courts that injunctive relief is not or was not justified, any one or more of the following actions may be taken against such school in the interest of restitution and fairness to competing schools:
   1. Require that individual or team records and performances achieved during participation by such ineligible student shall be vacated or stricken.
   2. Require that team victories shall be forfeited to opponent.
   3. Require that team or individual awards earned by such ineligible student be returned to the Association.

20. POST-SCHEDULE: No team, or individual student may represent its school in any post-schedule contest other than those conducted by school or State Association authorities in accordance with approved standards. NOTE: If contests are within the season established by the Section, within the maximum number allowed and conducted by school authorities, they are allowed.

21. POST SEASON: No team, or individual student, may represent its school in any post-season games, meets, or tournaments.

22. PRACTICE SESSIONS: Athletes must meet all Standards of Eligibility to participate in practice.
   a. An organized practice in grades 7-12 is a session for the purpose of providing instruction and practice in physical conditioning activities, skills, team play, and game strategy designed expressly for that sport under the supervision of a qualified coach appointed by the Board of Education of the local school district. Such instruction and practice shall be held only during the season designated for that sport. Athletes who switch from a contact/collision or limited contact/impact sport to a strenuous/
noncontact or nonstrenuous/noncontact sport are permitted to count conditioning practices toward their new sport as follows:

1. Sports with less than ten (10) practices for the individual before the first contest will be allowed to carry over three (3) days.

2. Sports with ten to fifteen (10-15) practices for the individual before the first contest will be allowed to carry over four (4) days. (Contact/collision or limited contact/impact sports include field hockey, football, ice hockey, lacrosse, soccer, wrestling, basketball, baseball, softball, diving, gymnastics, skiing, and volleyball. Strenuous/noncontact or nonstrenuous/noncontact sports include cross country, track and field, swimming, tennis, bowling, golf and riflery.)

NOTE: Athletes whose seasons are lengthened due to participation in NYSPHSAA Regional and Championship contests are allowed to count conditioning practices towards their new sports as follows: 1. sports with less than ten (10) practices for the individual before the first contest will be allowed to carry over three (3) days; 2. sports with ten to fifteen (10-15) practices for the individual before the first contest will be allowed to carry over four (4) days.

b. No student or team may be permitted to participate in school organized practice or play on seven consecutive days during the regular season. Specifically, during the regular season, physical and/or instructional activities related to the sport on seven consecutive days is prohibited. Only one practice session a day and only six days of a calendar week may be counted toward the total practice sessions required. A practice session conducted on the same day as a game cannot be counted to meet the minimum practice requirement to be eligible for that day’s contest. All required practice sessions shall be organized and planned for a reasonable length of time and shall include vigorous activity specific to the sport for the purpose of improving the physical condition of the players. Each of the required number of practices for an individual must include vigorous activity; however, practice sessions required for the team beyond those needed by the individual may be used solely for meetings, film review and similar activities. NOTE: Practice is considered an integral part of the interschool program in that sport. An individual must be eligible according to age and all other Eligibility Standards to participate in practices or competitions with the high school squad in that sport.

c. School sponsored activities conducted out of the sport season such as general conditioning, weight training, weight lifting, intramurals, recreation, open gyms, club activities and camps are permitted: 1. if such programs are not mandated by coaches or school personnel; 2. if such programs are available to all students.

d. Non school sponsored activities are permitted if such programs are not mandated by coaches or school personnel. It is recommended that no school equipment be used for these programs as per State Comptroller Opinion 85-37.

e. Upon returning from military training, student-athletes shall be eligible for participation in interscholastic athletics once they have completed the required number of practices. Eligibility for participation will also include meeting all eligibility requirements imposed by the Commissioner of Education and NYSPHSAA such as, but not limited to, health examination, age, grade, etc.

f. Schools that have made arrangements with another member school to share the use of a practice facility may do so without violating the Scrimmage Regulation as long as the athletes/teams do not scrimmage before the required number of practices has been completed.
23. **PROFESSIONAL TRYOUTS**: No tryouts for, or practice, with professional teams and their affiliates, are approved except during the summer vacation. A student who participates in such a tryout is ineligible to represent the school in that sport. (see Amateur Rule, p. 92) *A school may apply on behalf of the student to their section for reinstatement one year from the date of the latest violation.*

24. **RECRUITMENT AND UNDUE INFLUENCE**: Recruiting and Undue Influence is defined as the use of influence by any person connected directly or indirectly with a NYSPHSAA school to induce a student to transfer from one school to another, or to enter the ninth grade at a member school for athletic purposes - whether or not the school presently attended by the student is a member of the NYSPHSAA.

   a. The use of undue influence to secure a student for competitive purposes in a sport is prohibited. An infraction shall cause the student to forfeit eligibility in that sport for one year from the date of enrollment. The offending school shall be subject to provisions of Bylaw 19 (D).

   b. Evidence of undue influence includes, but is not limited to, personal contact by coaches and sponsors in an attempt to persuade transfer, gifts of money, jobs, supplies, clothing, free transportation, admission to contests, invitation to attend practices and/or games, or free and/or reduced tuition.

25. **REPRESENTATION**:

   a. A contestant, or athletic team, shall not represent a school except in conformance with all rules and regulations. It shall be the duty of trustees and boards of education to require that athletic activities be limited to competition between secondary school students.

   To be eligible for sectional, intersectional or state competition, a team must have completed in six (6) school scheduled contests which occurred on six (6) different dates during the season.

   **Team Sports**: For the sports of baseball, basketball, field hockey, football, ice hockey, lacrosse, soccer, softball and volleyball an individual is eligible for the team if he/she has been an eligible participant on a team in that sport in that school for a minimum of six (6) scheduled contests during the regular season. For football, a student must be an eligible participant for a minimum of three (3) contests.

   **Team/Individual and Individual Sports**: For the sports of archery, badminton, bowling, cross country, fencing, golf, gymnastics, rifle, skiing, swimming, tennis, outdoor track, winter track and wrestling an individual must also have represented their school in six (6) scheduled contests during the season to be eligible. These required contests must occur on six (6) different dates and must be conducted prior to the conclusion of the team’s regular schedule.

   *Section Athletic Councils may request in writing approval of the State Executive Committee to adjust the number of school scheduled contests required on an annual basis. The request is to be submitted prior to the governing board meeting. School districts may submit a written request to the Section for adjustment of contests for individual participants. Note: For the sports of golf and girls gymnastics, a waiver of the Representation Standard may be granted by the NYSPHSAA Executive Director when a student has qualified for participation in the current school year’s NYSPHSAA championship event and has subsequently transferred to a NYSPHSAA member school. The athlete must meet all other eligibility standards, including transfer, to receive the waiver.*

   b. All games, meets, and tournaments must be conducted by appropriate secondary school authorities.
c. Participation by a student in more than one sport in the same time division shall be determined by the Section Athletic Council.

d. Games and practice between students and adults (alumni or faculty) are not approved.

e. To avoid unfair advantage a student who elects to participate in an interschool sport may not represent a school in that sport in a subsequent season in that school year.

26. **SENIOR ALL-STAR CONTEST:** A senior all-star contest shall be any athletic contest for which admission is charged or donations accepted in which one or more of the competing teams is composed of one or more players who during the school year was a member of the high school team in the same sport, and whose participation in the senior all-star contest is based on outstanding performance as a member of the high school team.

a. The only senior all-star contests approved by the NYSPHSAA, Inc. are those approved by a section. These contests must be approved first by the Section in which the contest is to be held, by the NYSPHSAA, Inc. Executive Director, and reported to the Executive Committee.

b. Only seniors who have completed their secondary school eligibility in that sport may compete in these contests. Special circumstances may be appealed to the Section Executive Director.

c. A contestant may participate in no more than one approved senior all-star athlete contest in the same sport during the school year.

d. All approved senior all-star athlete contests must be conducted within the approved sport season.

e. All application criteria established for the Senior All-Star Contest must be followed. The criteria and contest application shall be obtained from the Section Secretary or Association office.

27. **SPORTSMANSHIP:** The Association recognizes and appreciates that the influence and responsibility of the school administration with regard to good sportsmanship extends to all levels of competition. However, it must also be seen that the NYSPHSAA has been vested with the responsibility to ensure that all contests under its jurisdiction are conducted satisfactorily. This standard applies to all regular season and post schedule play.

a. **Coach:**

   1. Any coach excluded by a certified official from an interschool competition for unsportsmanlike conduct, including taunting, is ineligible to coach any interschool competition in that sport until after the next previously scheduled contest at the same level (e.g. junior varsity, varsity, etc.) has been completed. In individual sports a multi-day contest is considered to be a contest. Disqualification from one season carries over to the next season of participation. The coach may not be present at the game site or communicate in any manner during the contest with any person present at the site. **NOTE:** "Not being physically present at the site" means the disqualified coach is not to be present in the locker room, on the sidelines, in the stands or site area before, during or after the game/meet. (see Taunting, p. 91, Next Previously Scheduled Contest, p. 90) Any coach that does not serve the penalty for violating the Sportsmanship Standard will be ineligible to participant in the next two regularly scheduled contests. If the coach continues to not serve the penalty, the matter will be referred to the Section for further action. If the coach is involved in the NYSPHSAA
play-offs, the matter will be referred to the Executive Director of the NYSPHSAA.

Any coach:
1. Who receives a disqualification penalty in a sport shall not participate in the next regularly scheduled contest;
2. Who receives a second disqualification penalty in the same sport in the same season shall not participate in the next two regularly scheduled contests; and
3. Who receives a third disqualification penalty in the same sport in the same season will not be allowed to participate for the rest of the season. If the disqualification penalty takes place in the last contest of the season (regular season or post schedule play), the Section Athletic Council will assess the penalty carrying over into the next season of participation.

2. A coach who strikes, shoves, kicks or makes other physical contact with the intent to annoy, harass or intimidate another person (e.g. official, another coach, player, fan) shall be expelled immediately and banned from further participation or coaching in all sports for a period of time to be determined by the section not to exceed one year from the date of the offense.

b. Player:
1. Any member of a squad disqualified by a sport official for unsportsmanlike conduct, including taunting, or for a flagrant foul shall not participate in that sport in the next previously scheduled contest with a member school or in NYSPHSAA tournament play. In individual sports a multi-day contest is considered to be a contest. The contest in which the athlete was disqualified must count in the total maximum number of contests permitted. Disqualifications from one season carry over to the next season of participation. (see Taunting, p. 91, Next Previously Scheduled Contest, p. 90)

Any player:
1. Who receives a disqualification penalty in a sport shall not participate in the next regularly scheduled contest;
2. Who receives a second disqualification penalty in the same sport in the same season shall not participate in the next two regularly scheduled contests; and
3. Who receives a third disqualification penalty in the same sport in the same season will not be allowed to participate for the rest of the season. If the third ejection takes place in the last contest of the season (regular season or post schedule play), the Section Athletic Council will assess the penalty carrying over into the next season of participation.

2. Any member of the squad who strikes, shoves, kicks or makes other physical contact with the intent to annoy, harass or intimidate an official shall be expelled from the game immediately and banned from further participation in all sports for a period of time to be determined by the section not to exceed one year from the date of the offense. **NOTE:** Member of the squad includes player, manager, score keepers, timers, and statisticians.

c. Official:
1. Unprofessional conduct on the part of the official such as, but not limited to, taunting, baiting, use of profanity, shall be reported by a school administrator from the aggrieved school to the section executive director. A request will be made to the appropriate sport officials chapter to investigate the incidence and to report their action to the section in a timely manner.

28. **SPORTS SEASONS:** Section Athletic Councils, with the approval of the NYSPHSAA, Inc. Executive Committee, shall determine all sports seasons within the
Bylaws & Eligibility Standards

107

limits of the Commissioner's Regulations. NOTE: If a team competes in the same season in which a state championship (regional competition and beyond) is conducted as designated by the NYSPHSAA, Inc. Executive Committee, then the team and its players are ineligible to compete in any other season in that sport in that school year.

29. STATE CHAMPIONSHIP CONTESTS:
   a. Contestants who have shown their proficiency in the sectional contests may be selected for a post-schedule contest. All participating teams and athletes must be approved by their Section to be eligible to compete in NYSPHSAA Regionals and State Championships. NOTE: Any student-athlete who has tested positive for the use of anabolic/androgenic steroids within the preceding six (6) months of a regional or state championship event may be required by the NYSPHSAA Executive Director to provide evidence of a negative test result for anabolic/androgenic steroids prior to participating in the event involved.
   b. Plans for all state championship contests are to be submitted for approval to the NYSPHSAA, Inc. Executive Committee (Constitution, Article V, [5]).
   c. Policies or procedures for state championship contests shall be determined by the NYSPHSAA, Inc. Executive Committee or Central Committee upon the recommendation of the State Championship Committee. Any awards or items presented to participants not provided by the Association, must receive prior approval. NOTE: No NYSPHSAA student athlete will be allowed to participate in any post schedule contests (regional, state, Federation) without a completed Code of Conduct document.
   d. No raffles (50/50), and other games of chance, will be permitted at any post-sectional competition sponsored by the NYSPHSAA. Promotional activities may be permitted with the approval of the NYSPHSAA Executive Director.
   e. If a physician is assigned and/or designated by the New York State Public High School Athletic Association or any of its subdivisions for post-schedule competition, that physician shall have the final decision-making authority concerning the entry/re-entry of an athlete to competition at the particular contest; however a participating school may use its own physician for final decision-making if it provides a statement by the chief school officer stating the school agrees to indemnify and hold harmless the NYSPHSAA or any of its subdivisions from any claims or lawsuits brought against the NYSPHSAA or any of its subdivisions based on the decision made or advice given by the school district provided physician.
   f. Each section shall determine and be responsible for the selection, methods of financing, travel, and supervision of its contestants in a state championship contest.
   g. The State Sports Committee Coordinator shall submit complete plans and budget to the State Championship Committee. Financial reports, results, and requests for changes and improvements shall be submitted within 60 days after the event. The State Sports Coordinators shall be responsible for:
      1. Conducting these contests according to the policies adopted by the Executive or Central Committees.
      2. The selection of the Contest Director from the membership of the State Sports Committee, who shall submit plans and reports to the Coordinator to be forwarded to the Chairman of the State Championship Committee.
      3. Reporting the results of each contest and submitting a financial report to the NYSPHSAA, Inc. Executive Director, prior to the next meeting of the Executive Committee.
h. Dual Seasons: Approved state championship contests are to be held before the end of the season established for that sport. Only those sections conducting the specific sport during the season of, or prior to, the state championship are eligible to send representatives. A Section Athletic Council which votes to conduct a sport in a season other than that specified for the state championship may conduct a qualifying tournament for state championship competition during the selected season. Preparation for state championship competition in a subsequent season shall be limited to those individuals who qualified during the selected season of competition and the number of organized practice sessions shall be no more than or less than the number required before a first contest in that sport.

30. TRANSFER: (see Transfer p. 91, Foreign Exchange/International p. 95)

NOTE: The Transfer Rule will be enforced as written with no variations permitted.

a. A student in grades 9-12 who transfers, with a corresponding change in residence of his/her parents (or other persons with whom the student has resided for at least six months) shall become eligible after starting regular attendance in the second school. A residence change must involve a move from one school district to another. Furthermore, when a student moves from one public school district to another public school district, for athletic eligibility the student must enroll in the public school district or in a private school within that district’s boundaries of his/her parents’ residency. The Superintendent, or designee, will determine if the student has met district residency requirements.

b. A student who transfers without a corresponding change in residence of his/her parents (or other persons with whom the student has resided for at least six months) is ineligible to participate in any interscholastic athletic contest in a particular sport for a period of one (1) year if as a 9-12 student participated in that sport during the one (1) year period immediately preceding his/her transfer. Students who transfer from any school to the public school district of the residence of his/her parents (or other persons with whom the student has resided for at least six months) or a private school within that district’s boundaries shall receive a waiver from the Transfer Rule. Such a transfer without penalty will only be permitted once in a high school career. Schools must submit the required transfer form to the Section office. Athletes are not permitted to practice before the form has been submitted. Athletes are not permitted to compete without approval. NOTE: A student in a foreign exchange program listed by CSIET has a one year waiver of the Transfer Rule. If such a student elects to stay a second year he/she becomes a foreign student at the start of the school year with item (b) in effect.

Exemptions to (b): For athletic eligibility a student must enroll in the public school district or in a nonpublic school within that district’s boundaries of his/her parent’s residency.

Note: Multiple High School Districts - The policies/boundaries of the school district will be followed. If the district has an open enrollment policy, the interpretation to be used will be same as used for students of K-8 school districts. When a student enrolls in 9th grade, that is the district (building) of their residence. Any subsequent transfer would be subject to the Transfer Rule.

1. The student reaches the age of majority and establishes residency in a district and can substantiate that they are independent and self supporting.

2. If a private or parochial school ceases to operate a student may transfer to another private or parochial school of his/her choice. Otherwise, a student must enroll in the public school district of his/her parents’ residency.
3. A student who is a ward of the court or state and is placed in a district by court order. **Guardianship does not fulfill this requirement.**

4. A student from divorced or separated parents who moves into a new school district with one of the aforementioned parents. Such a transfer is allowed once every six months.

5. A student who is declared homeless by the superintendent pursuant to Commissioner’s Regulation 100.2.

6. A student of a military employee who is transferred to an active military base may enroll in the non-public school closest to their residence and maintain eligibility if the student enrolls in a non-public school immediately following the change in residence.

**NOTE:** It is provided, however, that each school shall have the opportunity to petition the section involved to approve transfer without penalty based on an undue hardship for the student.

c. Transfer students trying out for sports before school opens in the fall shall register and be accepted by the principal of that school before the medical examination and the first practice. This shall constitute the start of the regular attendance for falls sports. **NOTE:** After approval by the school medical officer a student may practice immediately and must satisfy the specific Sports Standard according to the number of practice sessions required.

d. Practices at the previous school may be counted toward the minimum number of practices required provided the principal or athletic director of the previous school submits, in writing, the number and dates of such practices to the principal or athletic director of the new school.

The situations surrounding Red Cards are dealt with directly under the NYSPHSAA Guidelines for Sportsmanship and Misconducts outlined in the State Handbook for all sports. The consequences for the accumulation of excessive Yellow Cards will be as follows:

1. Five Yellow Cards accumulated by a single player or coach in the regular season will result in a one game suspension. Disqualifications due to an accumulation
of five yellow cards occurring in the last game of the season will carry over into the next season of participation, if the team does not enter post season play.

2. The continued accumulation of Yellow Cards by the same individual or coach will result in a one game suspension per additional Yellow Card.

3. In the event that the player or coach receives two Yellow Cards in the same game, resulting in a Red Card, the two Yellow Cards will not count toward the season total, since the player or coach will receive a one game suspension as a result of the misconduct and ejection.

4. The accumulation card total is for regular season play only and the process will start over again for post season play. However, any penalties awarded as a result of the last regular season game will carry over into the post season.

5. The post season policy will provide a one game suspension after three Yellow Cards and a one game suspension for each additional card received through the State Final. A one game suspension resulting from a yellow card in a team’s last post season game will carry over into the next season of participation.

6. The coaches of both schools are to report all Yellow Cards to their League and Section by means of Mail, E-mail or Fax for tabulation. The officials should report to their boards concerning games in which cards are given and the reasons for issuance of the card. Board policy will determine the method of notification to the League and Section. A final end of the year report including data on disqualifications shall be sent to the NYSPHSAA Sportsmanship Coordinator.

7. Refusing to report, or failing to report infractions and allowing players to continue play under these circumstances will result in the forfeiture of all games in which the individual in question participated.

Scrimmages: A soccer scrimmage may not exceed a total of 100 minutes and unlimited substitutions are permitted. The length of time for the periods of play is to be determined by the coaches, not to exceed 40 minutes in any one period: halves, three periods or quarters. Scoreboards may be used for timekeeping only. The clock will begin with the goal keeper in possession of the ball. When a goal is scored, play will be restarted with goalie possession. The goalie can restart play with a goal kick, goalie throw or goalie punt.

47. SOFTBALL - A contestant may participate in 2 regulation games per day with at least a 15 minute rest between games. By Section adoption 5 inning double headers may be played. Varsity softball teams can play three (3) contests in one day only for invitational tournaments during the regular season. Tie breaker rule in effect at top of the 10th inning. Sections may permit schools to compete in quad/dual meets. The minimum diving depth requirements are as follows: Pools built before January 1987 meet the NFHS minimum depth requirement (currently 10 feet) and pools built after January 1987 meet the NYS Department of Health’s minimum requirement (currently 11 feet). For other requirements see p. 111.

Only two matches are allowed per day and both matches must use a modified scoring system that conforms to one of the following formats: best 2 of 3 sets, using no-add scoring, with a 12 point tie breaker at 6 all; or, ten game pro-set, using regular scoring with a 12 point tie breaker at 9 all (May 2003). In tournament play, the maximum number of matches shall be three in one day. Participation in a two-day invitational tennis tournament shall count as one of the 20 contests permitted and only three such tournaments shall be allowed within the 20 meet limitation. In league and Sectional competition, Sections would have the option to increase the number of matches to four (4) in one day using modified scoring with rest periods being 30 minutes for the quarter final and below, 45 minutes for the semi-finals and 60 minutes for the finals. (May 2010)

The Commitment to Compete form must be completed to be eligible to compete in the NYSPHSAA tournament (Boys-May 2003; Girls-May 2006). Failure to honor your commitment to complete the tournament for reasons other than injury or illness will result in forfeiture from the tournament and ineligibility from next year’s NYSPHSAA State Tennis Tournament. This incident will also be reported to the student’s school administration (May 2011). At the NYSPHSAA Championship coaching on the court is permitted, however cheering remains prohibited (Jan. 2009). For other requirements see p. 111.

**Scrimmages:** A tennis scrimmage must alter format so it does not follow the regular competition format for league/sectional play. Suggested formats include but are not limited to:
1. Teams use tie breaks only
2. 5 game pro-sets with a tie break at 5-5
3. An 8 game pro-set – 1st one to 3 points.
4. Modified 8 game pro-set – 1st players to 3 points completes the scrimmage.
5. Teams compete using an 8 game pro-set rather than 2 out of 3 sets with tie breakers at 6-6.

50. **VOLLEYBALL** - A contestant (or team) may participate in a maximum of 2 matches in a day. Each day of a tournament shall count as 1 contest. The total number of tournament games played in one day shall not exceed 15 games. An additional 15 point game is permitted only to break ties in pool play to advance to finals as per tie-breaking procedures. In tournament play volleyball teams shall have at least ten minutes of rest between matches. All games will be played according to NCAA Rules
with all games played to 25 points. Teams will be permitted 18 substitutions and will switch at 13 points in the deciding game. For other requirements see p. 111.

**Waivers/Modifications:**

**A. Girls and Boys Volleyball:**

1. Two score keepers are permitted with the home score book as the official score book. (Feb. 2008)
2. With Section approval, the use of lines people during league play may be waived. (May 2007)
3. Teams can warm-up behind or adjacent to the court during the warm-up period. (May 2005)
4. If uniform specifications are not compliant, these procedures will be followed: (April 2004)
   a. Notify the coach of the team at fault of the violation. The team will attempt to legalize the uniform of the team member(s) in questions.
   b. If the uniform fault cannot be legalized, meet with the opposing coach to determine whether a protest will be filed.
   c. If no protest is filed at this time, no future protest will be accepted on this issue.
   d. If protest is filed, follow protest procedure and play the match.
   e. The libero uniform is exempt from this modification.
5. The time length of all time outs is 60 seconds (August 2009).
6. Jewelry Rule: A waiver of NCAA Rule 7.2.3 to permit, if a substitution request is acknowledged (whistled), and the player is wearing an illegal uniform or jewelry or has illegal equipment, the substitution is denied and a delay sanction assessed. If warm-up activities or play must be interrupted because of a player wearing an illegal uniform, jewelry or equipment, that team is assessed a delay sanction. The jewelry must be removed before the player can participate further. If, during the warm-up period, a player responds promptly to a referee’s request to remove jewelry or illegal equipment, a delay sanction is not assessed. (May 2010)
7. Officials may issue a yellow card to a coach for unsportsmanlike behavior. (August 2012)

**Scrimmages:** A volleyball scrimmage must include one or more of the following:

1. Each server shall serve 3-5 consecutive serves regardless if the point was scored before the other team would get the ball. (rotate)
2. Games would start at point 4 all and end at point 25 or a game could be timed with no point cap.

**B. Boys Volleyball:**

1. The use of NCAA Volleyball Rules with the same modifications used in girls’ volleyball beginning in the fall of 2009 (Jan. 2009).
2. A player may touch the opponent’s court with hand(s) or feet, provided some part of the hand(s), foot/feet remain either in contact with or directly above the center line, and the penetration does not interfere with the opponents play.
3. For boys competition, the height of the net from the center of the court is 7' 115/8". (August 2011)

51. **WINTER TRACK** - A contestant (girl or boy) shall be limited to participation in three events. There must be one night of rest between contests and no more than three contests scheduled per week. An individual competitor may participate in a maximum of 16 contests. Wrist watches are approved for practice only. For other requirements see p. 111.

**Scrimmages:** A track and field scrimmage must conform to the following:
1. No Scoring – no official results or place finishers recorded.
2. No performance may be used to meet the qualifying standard or be considered a record.
3. Competitors and events must adhere to the limitations of the NFHS.

52. WRESTLING - Multiple Dual Meet Events: Each individual competing in these events is charged 1 point for each dual meet. Triangular Meet: Three teams compete, with each team wrestling a dual meet against each of the other two teams at the same site. Each individual is charged 2 points toward their dual meet schedule. Double-Dual Meet: Three (or more) teams compete, with each team wrestling a dual meet against two of the other teams at the same site. Each individual is charged 2 points toward their dual meet schedule. Quadrangular Meet: Four teams compete, with each team wrestling a dual meet against each of the other three teams at the same site. Each individual is charged 1 point for each match wrestled counting toward their dual meet schedule. Dual Meet Tournaments - Bracket Tournament: Teams are placed in a bracket, with the winning teams advancing to a championship. Losing teams may compete in a consolation bracket to determine team placement. Pool Tournament: Teams are placed in pools. Teams compete in dual meet competition against every team in their pool, to determine the rank of teams in each pool. Teams from each pool wrestle against the same-ranked team(s) from the other pool(s) to determine team placement. Round-Robin Tournament: Each team wrestles a dual meet against every other team in the tournament. Team placements may be determined by win/loss record, or by total points accumulated in all meets. Each individual competing in these events will be charged two points toward their twenty point limitation and one tournament of the allowable six maximum tournaments as per the NYSPHSAA Handbook. Any school wishing to conduct a dual meet tournament with a unique format shall apply to NYSPHSAA for consideration. Under extenuating circumstances (postponements due to inclement weather, school cancellations) a school may request permission from Section Coordinator to wrestle two dual meets in one day, with a limitation of two per season.

a. A contestant may participate in competitions not to exceed 20 points during the regular season. A dual meet will be assessed one point, while tournaments will be assessed two points. Participation as a contestant or in any exhibition match in any meet shall count as a contest and only six tournaments shall be permitted within the 20 point limitation. Of the six permitted tournaments, a maximum of 2 two-day dual meet tournaments will be allowed during the season. A contestant may compete in a maximum of five bouts in one day in tournament competition only. A wrestler must compete (exhibition, forfeit, varsity/JV match) and be charged a competition point, towards the 20 pt. maximum, in order to count toward the minimum required contests under the Representation Standard (six contests).

b. The minimum weight class in which a contestant may compete will be determined by a NYSPHSAA approved assessor, following guidelines of the Minimum Weight Certification Program. A contestant shall be prohibited from wrestling within a weight classification more than one class above his/her actual weight. For other requirements see p. 111.

c. A contestant may compete in a maximum five bouts in one day in tournament competition only.

d. A wrestler may compete two times in a regular two-team dual meet in the following situations:

1. A wrestler from Team A accepts a forfeit from Team B.
   a. The Team A wrestler may wrestle an exhibition match with a Team B member.
b. Points Team A: 1 for the forfeit and 1 for the exhibition match.
c. Points Team B: 1 for the exhibition match.

2. Wrestling vs. the extra wrestlers weighed in.
   a. A wrestler from Team A wrestles a match vs. Team B. Team B has a second wrestler weighed in at this weight (or one weight class higher). The Team A wrestler may wrestle an exhibition match with the other Team B wrestler.
   b. Points Team A: 1 for the first match and 1 for the exhibition match.
   c. Points Team B: 1 for the exhibition match.

3. Team A and B may match a wrestler in two exhibitions.
   a. Points Team A: 2 for the exhibitions.
   b. Points Team B: 2 for the exhibitions.

The following must be followed in each of the above situations:
1. There must be a 45 minute rest between matches.
2. The wrestlers may only wrestle one weight class higher than their weighed in weight class.
3. Each match/forfeit counts 1 point toward the individual’s 20 point limit. (May 2008)

Additional information:
 a. All wrestlers with braces on their teeth are required to wear a mouth guard to cover all appliances. (Oct. 2006)
 b. NFHS 1.5% Weight Loss Rule is waived. (May 2007)
 c. A wrestler found to have cheated on the hydration test can no longer participate in wrestling from that point for the remainder of the season. (May 2008)
 d. A Parents’ Awareness Form for the wrestling minimum weight certification is required to be signed by the parent/guardian and the student and kept on file by the school athletic director.

Waivers/Modifications:
1. A waiver to rule 4-1-5 to allow tape on the chin straps and straps on the top of the head gear. (Jan. 2012)
2. A waiver of the uniform rule during the month of February to permit pink ribbon(s) on the uniform in recognition of Breast Cancer Awareness initiatives. (Jan. 2012)

Scrimmages: A wrestling scrimmage must include one or more of the following:
1. Must wrestle in predefined situations such as pinning, takedowns, turns, etc.
2. Must wrestle in neutral position. If a takedown occurs would go back to the neutral position.
3. Must wrestle in the referee’s position using both styles. If a pin occurs, restart in the referees position.
NYSPHSAA, INC.
WRESTLING WEIGHT CONTROL PLAN

On the recommendation of the State Wrestling Committee and with the approval of the State Executive Committee the following weight classes are in effect: 99, 106, 113, 120, 126, 132, 138, 145, 152, 160, 170, 182, 195, 220 and 285 for dual meets and tournaments. (August 2011)

1. The NYSPHSAA Wrestling Minimum Weight Certification Program is to be followed by all high schools sponsoring wrestling. Based on 7% body fat for males/14% for females, the minimum wrestling weight is the lowest weight at which an athlete will be allowed to compete. Certification must be conducted by a NYSPHSAA Approved Assessor and must occur within 14 days, exclusive of Sundays and school closing for holidays or emergencies, from the first day of the season. Wrestlers will be certified at a minimum weight (May 2010 and May 2012). A wrestler cannot begin practice until the waiver is approved. The approval date of the waiver starts the 14-day clock for certification (Aug. 2011).

Centralized Assessment Sites will be mandated for the minimum weight assessment of all wrestlers. Only the refractometer shall be used to test hydration.

2. The use of sweat boxes; hot showers; whirlpools; rubber, vinyl and plastic type suits; or similar artificial heating devices; diuretics or other methods for quick weight reduction purposes is prohibited and shall disqualify an individual from competition. See NFHS Rule 4-4-4.

3. A profile form from a NYSPHSAA Approved Assessor must be filed in the home school prior to competition. Sectional wrestling forms must be received by the Section Wrestling Chairman before competition.

4. Dual meets scheduled on a school day shall use the honor weigh-in procedure. A certified list of recorded weights signed by the Principal or Athletic Director shall be submitted at the official weigh-in before the meet. Honor Weigh-Ins for a school day, dual meet wrestling matches are allowed; Honor Weigh-Ins for non-school day, dual meet wrestling matches are not allowed and if one team has school and the opponent does not have school on the day of a dual meet, Honor Weigh-Ins are allowed. Each wrestler shall make the scratch weight at the weigh-in to be conducted prior to the school’s first scheduled academic instruction period on the day of the match and may be permitted an allowance of 3 pounds at the matside weigh-in. One not making the scratch weight at the early weigh-in will not be permitted the 3 pounds allowable and must make scratch weight at the matside in order to compete. In the event that a competition is postponed or cancelled, the honor weigh-in is not an official weigh-in, and therefore does not count towards the 50% rule.

5. Restrictions for Competition: A minimum weight is required for selectively classified athletes. Students in grades 9-12 do not have to make minimum weight (Aug. 2011). The minimum required weight for all weights as listed MUST be met and RECORDED at both the honor weigh-in and the matside weigh-in.
   a) To compete at the 99 lb. class a wrestler MUST weigh in excess of 91 lbs. to be eligible.
   b) To compete at the 106 lb. class a wrestler MUST weigh in excess of 96 lbs. to be eligible.
   c) To compete at the 220 lb. class a wrestler MUST weigh in excess of 185 lbs. to be eligible.
d) To compete at the 285 lb. class a wrestler MUST weigh in excess of 210 lbs. to be eligible.

6. The minimum required weight for the 99 lb., 106 lb., 220 lb. and 285 lb. weight class MUST be met and RECORDED at both the honor weigh-in and the matside weigh-in.

7. A wrestler found to have cheated on the hydration test can no longer participate in wrestling from that point for the remainder of the season.

8. There shall be an allowance of one pound granted each day over the weight limit of the previous day in tournament competition. There is a 1 pound allowance for all involved teams the second day of a dual meet or tournament competition conducted on consecutive days. The maximum allowance for consecutive dual meets or the first day of a tournament following a dual meet is 2 pounds. **NOTE:** A minimum of 48 hours notification to your opponent is required in order to be granted this one-pound allowance. This rule is voided at post-season wrestling tournaments, namely Class and Sectional competitions that are involved in the process of selection of competitors for championship competition.

NYSPHSAA will grant a 2 pound growth allowance for each weight class on December 25. This 2 lb. growth allowance does not apply to the minimum weight requirements for the weights of 99 lbs., 106 lbs., 220 lbs. and 285 lbs.

9. Weigh-in for the second day of a tournament must be on the morning of the second day, with a 1 lb. allowance.

10. Effective in 2006-2007 and after, 50% of the weigh-ins during the season must be at the minimum weight he/she will wrestle during the state tournament series.

a. An official weigh-in counts towards this 50% rule whether an athlete competes or not, as long as he/she is eligible to compete and has made weight at both the honor weigh-in (a.m.) and the mat side weigh-in (p.m.).

11. Section sponsored tournaments are not considered part of the regular season; therefore, do not count toward the 50% rule, 20 pt. rule or the Representation Standard.

THE MODIFIED INTERSCHOLASTIC SPORTS PROGRAM

Interscholastic competition in sports for pupils below the tenth grade level has been modified by the NYSPHSAA, Inc. and adapted to students in grades 7-8-9. School administrators need to realize that the NYSPHSAA, Inc. Modified Sports Program has been approved by its member schools and is based on twenty years of experimentation and implementation with SAFETY as the major concern.

MEDICAL APPROVAL

The Medical Society of the State of New York and the American Medical Association have officially approved the NYSPHSAA, Inc. Modified Program as a sound, safe program. It is most important that all school administrators, directors, and coaches note this approval. The safety of the pupil has been the dominant factor in the establishment of the policies, rules, game conditions, and modified rules under which participants in this program compete.

INDIVIDUAL SCHOOLS, ATHLETIC LEAGUES, AND SECTIONAL ATHLETIC COUNCILS have definite responsibilities to assure proper administration of the program:

THE SCHOOL

1. Abides by the rules by providing proper administration of the program.
2. Informs all essential personnel of program rules, regulations, and program philosophy.
3. Participates actively in the organized group of schools to properly administer the interscholastic athletic competition within the rules of the Modified Program.
4. Becomes involved in sectionally sponsored modified sports administrative committee or council, participating in rules and games clarification programs and clinics.

THE LEAGUE

1. Abides by the rules by providing proper league administration of the modified program through chairmen and committee members.
2. Gives consideration to more restrictive program policies if desired.
3. Expects league sports chairmen to participate actively on sectional sports committees.
4. Provides official, active representation on sectional council.

THE SECTION-COUNCIL FOR MODIFIED ATHLETICS

1. Establishes essential administrative units and sports chairmen to provide the leadership necessary for the Modified Sports Programs in the schools of the section. Official league representatives and sports chairmen shall comprise the Section’s Council for Modified Athletics.
   a) Shall establish the dates for the opening of all sports seasons.
      Fall—September 1st is the earliest possible date for the fall sports season. Later dates may be set.
Winter—November 1st is the earliest possible date for the winter sports season. Later dates may be set.

Spring—March 1st is the earliest possible date for the spring sports season. Later dates may be set.

Four sports seasons may be set by sectional action and approval. The established fall starting date may not be changed without approval of both the NYSPHSAA Modified Committee and the NYSPHSAA Executive Committee. Earlier winter and spring starting dates may be established by sectional action. These dates must be reported to the Modified Committee.

b) Conducts all organized team practice and competition during one season.

c) Cooperates with officials’ organizations—To provide officials with the essential information relating to the modified program and to secure competent officiating for the Modified Sports Program.

d) Administers all policies essential for proper functioning of the modified program of sports
   --No sectional championships or tournaments shall be conducted.
   --Clarifies sectional policy on program specifics—i.e. track shoes.

e) Recommends sectional participation in innovative programs to assist in experimentation to meet obvious needs for program improvement.

2. Participates actively in the functioning of the NYSPHSAA, Inc. State Committees on Modified Athletics by:
   a) Having official, active representation on the State Committees.
   b) The officially selected sectional sports chairmen shall provide the leadership for the sports conducted in the schools of the section and cooperate with the State Sports Chairmen in their continuing efforts to improve the sports programs and the safety of the participants.

3. Establishes a relationship with the Sectional H.S. Athletic Council and Central Committee members to clarify section's final approval of policies, programs, and with representatives involved in the Modified Sports Program of the schools of the section.
   a) More restrictive policies may be adopted for sectionally approved programs if desired.
   b) Recommendations for additional programs that may be desirable to meet particular needs in the section may be inaugurated.
   c) Participation in innovative programs may be clarified and approved.
   d) With sectional approval, variations of modified athletic game rules and conditions may be adopted selectively for use by specified conferences or leagues.
   e) Essential communications should be established so that all schools are informed as to programs, policies, and administrative procedures necessary for the proper functioning of the Modified Sports Program.
   f) Definite understanding needs to exist between the Section Council for Modified Athletics and the Senior H.S. Sectional Athletic Council relative to the responsibilities and authority of each.

The elected Central Committee members are the section's official representatives to the NYSPHSAA, Inc. governing bodies—the Central and Executive Committees. The Modified Sports Program for Grades 7-8-9 is their responsibility and complete understanding of the actions and activities of the Modified Athletics Council needs to exist.
INNOVATIVE PROGRAMS

The establishing of essentially sound, safe, and sane modified sports programs to meet the needs of varying sized schools has always been a challenge for the State Committee. When new programs have been presented to meet specific needs the committee has requested sections to experiment with the new program to determine its values before recommending the program for official approval and referenda. Equitable competition is the constant aim.

Innovative programs may be participated in only after being officially requested by Sectional Representatives on the Committee and the approval of the State Committee. This procedure has been of real value in presenting practical programs for referenda.

GIRLS may participate on boys’ teams according to Eligibility Standard #15, p. 80, 99.

LIFETIME SPORTS competition is a part of the athletic program in some schools involving grades 7-8-9. The Committee coordinators welcome suggestions from any schools involved in these sports and who feel standards need be established. There definitely needs to be a very close correlation of intramurals, extramurals, and interscholastic activities to provide a broad program for all interested students of all levels of ability.

If a student or school participates in the Modified Program on an interschool level in the lifetime sports, then all General Eligibility Rules must be observed, p. 133-137.

PROGRAM CONTROLS

SPECTATORS: Parents and interested students are usually the great majority of spectators at Modified Program games. Spectator buses to away games are most questionable and never should be permitted without the approval of the host school. When spectators visit another school, adequate and appropriate staff members should be available to supervise their spectators.

SCHOOL BANDS: Bands at Modified Program games are not desirable, since they tend to develop an overemphasized atmosphere for the competitors.

COACHES: The most important factor in the program is the coach. One must adapt coaching to the age level and the abilities of the junior high school youngsters, must teach the basic fundamentals of the games and avoid the intricacies of more advanced programs. Real patience and a knowledge of the youngsters at this particular age level is necessary. An understanding of all program policies and game rules and conditions is essential. Relations with opposing coaches should be one of cooperativeness and good sportsmanship, yet teaching and coaching the team to be the best of one's ability, realizing that the chief obligations are to the pupils and their proper sports education.

SCOUTING: There is no need for scouting of opponents’ games at this level of competition.
GENERAL ELIGIBILITY RULES FOR THE MODIFIED PROGRAM

Situations not covered by the following specified modified rules shall be governed by the Eligibility Standards of the New York State Public High School Athletic Association, Inc.

1. AGE: Upon entry into the 7th grade, a student is eligible for modified program competition. One is ineligible when the sixteenth birthday is attained; however, if a student attains the sixteenth birthday during a sport season he/she may complete that sport season. NOTE: Schools, leagues and sections may organize Modified Program competition by age, grade, geography and/or ability levels within the limitations of the NYSPHSAA Eligibility Rules to ensure safe and equitable competition. Teams shall practice and compete only against other teams that use the same criteria for organization (ie. age, grade, performance).

2. BONA FIDE STUDENTS: A contestant must be a bona fide student of grades 7, 8, 9 of the school represented. NOTE: If it becomes necessary to combine member schools to maintain a team or sport, a written request must be submitted and approval obtained from the league and section involved. Schools which have combined must submit a report to the Modified Committee and this will be submitted to the Executive Committee.

3. CHAMPIONSHIPS-TOURNAMENTS: Tournament competition is not permitted in the Modified Program. No sectional team or individual championships are to be conducted, nor are there to be championship playoffs on a team or individual basis.

4. DURATION OF COMPETITION: High School Eligibility Standard #8 becomes effective on the date of entry in ninth grade. (see p. 46, 96)

5. EMERGENCY PROCEDURES: It is recommended that all schools develop emergency procedures to be followed by coaches.

6. EXTENDED PLAYING TIME: Eligibility for play in an extended playing time should be determined on the basis of the following participation standards:
   a) Players with no participation in the regular game/contest should be eligible for play in an extended playing time.
   b) Players whose participation in the regular contest was limited, i.e., their total participation was no more than one-half of the regular playing periods/quarters shall also be eligible for play in an extended playing time.
   c) Limited participation shall be further defined to mean that entry into a playing period rather than actual playing time shall constitute "participation" in the regulation contest.

Optional Plan for use at the league or Section level: If a team has fewer than the minimum number of players to play the 5 period concept the following game rules will apply.

A 4 quarter game will be played with the number of minutes being increased for each quarter (see chart); however no player may play more than 3 quarters (*see exception). This will apply provided the team has a sufficient numbers of players so as not to exceed the NYSPHSAA regulated playing time allocation for each sport (see following chart).

In boys’ and girls’ lacrosse and in girls’ field hockey, if a team has only one goal keeper that goal keeper may play in all periods of 4 Quarter Extended Play or in all periods of 5 Period Play. Except for the goal keeper, the "time" allocated for the game will not be extended. All players except for the goal keeper will follow the 4 quarter or 5 periods extended playing time format and are therefore only eligible to play 3 periods.

7. **HEALTH EXAMINATION:** A student who may engage in interschool competition shall receive an adequate health examination and may not practice or participate without the approval of the school medical officer. **NOTE:** Physicals for participation in school sports may be scheduled at any time during the calendar year. The results of the physical shall be valid for a period of 12 months during the last day of the month in which the physical was conducted. Unless the medical examination is conducted within 30 days of the start of a season, a health history update is required. Any pupil whose safe participation is in question as a result of the health history interview, or injury, or prolonged absence must be requalified by the school physician prior to participation. If the 12 month period for the physical expires during a sports season, participants may complete the season as long as a health history was conducted prior to the season. For example, a physical conducted on August 1 would be valid through August 31. If a student plays beyond August (ex. football), the student may complete that sports season as long as an interval health history was conducted before the start of the season. Immediately following the last sanctioned tournament competition for
that season, a new physical is required if the student is going to play another sport. Sport season includes tryouts. NOTE: The Handbook Committee recommends that each incidence of prolonged absence should be reviewed individually by the coach and the athletic director, consulting with the school physician when necessary, and a reasonable amount of practice time and playing time be established based on the athlete’s readiness for safe return to competition.

8. **INTERSCHOOL PRACTICE SESSIONS/SCRIMMAGES:** A school is limited to three interschool practice sessions/ scrimmages which, if conducted, may be held at any time after minimum practice requirements and previous to the last scheduled contest. By sectional approval, in cases where officials are not available for contests and all avenues of obtaining certified officials have been exhausted, additional scrimmages are permissible as replacements to the scheduled contests. Interschool practice sessions/ scrimmages are governed by the same hours to elapse between such sessions/scrimmages as for regularly scheduled contests with the exception of football.

**NOTE:** For the 2012-2013 and 2013-2014 school years, with Section/league approval, up to 50% of the maximum number of games permitted for each modified level sport may be designated as scrimmages. (Example: Basketball - 14 games schedule, 50% (7) could be scrimmages plus 7 games for a total of 14. Under this option, if a contest is converted to a scrimmage, the scrimmage would count toward the 50% as outlined in the Promotion Rule.)

**NOTE:** In practice sessions/scrimmages:
   a) both squads use the same field simultaneously with both coaches making corrections and giving instruction to players as they would do during their own practice,
   b) no official score is kept,
   c) no definite time is set for scrimmage periods,
   d) no admission is charged,
   e) no spectators are permitted unless such is the usual plan whenever the squad has a practice.

9. **MIXED COMPETITION:** see Eligibility Standard #15, p. 80, 99.

10. **MULTI-SCHOOL CONTESTS/TOURNAMENT COMPETITION/CHAMPIONSHIPS/FINALS AND AWARDS:** Tournament competition is not permitted in the modified program. No sectional team or individual championships are to be conducted. With sectional/league approval in multi-school contests and invitationals, may award place ribbons to the top competitors. Championship playoffs on a team or individual basis are prohibited. Sections, leagues, devices or groupings should not host an end-of-season final multi-school contest that can be construed as a jamboree, carnival, or invitational tournament. Multiple school contests can be conducted at the end of the season *only* if it is in a sport in which multiple team contests are regularly scheduled throughout the season and the final contest mirrors that of the rest of the schedule, thus the contest is not larger than all the others. This may be true for individual dual sports (i.e. quad meets for wrestling, cross country or track). Team sport multiple school contests *prior to the end of the season* are permitted provided:
   a. no participant shall compete in more events, matches or games than permitted in any other regularly scheduled contest in that sport, on that day
   b. all handbook rules are applicable.

Coaches and directors are encouraged to design ideas that follow the spirit of, and guidelines for, modified athletics.
11. PENALTIES:
   a) If a school uses an ineligible student in any interschool contest, the penalties shall be as follows:
      1. In all team sports-forfeiture of the contest. In individual sports, the use of an ineligible player would result in the contest being forfeited. However, the performances and outcomes of the other individuals would stand.
      2. In the individual sports-bowling, cross country, fencing, golf, gymnastics, rifle, skiing, swimming, tennis, track, wrestling—all points scored by the individual shall be forfeited and places moved up accordingly.
   b) For any violation of eligibility or sports standards a school or a school authority may be censured, placed on probation, or suspended.
   c) Consistent with good ethical standards the prompt reporting of the knowledge of an infraction shall be made to the proper authorities in writing.
   d) School Districts may appeal to the Section to gain relief from the prescribed penalty if the violation of eligibility standards resulted from circumstances out of the District's control.

12. PRACTICE SESSIONS: Each student may participate in only one practice session a day on only six days of a calendar week. Practice sessions shall be limited to two hours and be at least 45 minutes in length. No student may be permitted to participate in school organized practice or play on seven consecutive days.

   All required practice sessions shall include vigorous activity related to the specific sport.

   A tryout session may be used toward the required number of practices needed prior to the first scrimmage or contest when the high school and modified seasons start simultaneously or when the high school tryout periods are contiguous to the beginning of the modified sports season.

13. PROMOTION: A contestant in grades 7, 8 and 9 who practices or competes with or against a freshman, junior varsity or varsity performer shall not return to the modified athletic program in that same season in that same sport. Contestants shall not be promoted to a higher classification within the modified program or to a junior varsity or varsity team after completion of fifty percent of their modified schedule.

   NOTE: EXCEPTIONS:
   1) General Eligibility Rule #17 "TRYOUTS".
   2) In schools where no junior varsity program is provided in a specific sport, a ninth grade modified contestant may be promoted to the varsity team either prior to completion of fifty percent of his/her modified schedule, or at the completion of his/her modified schedule if he/she displays the skills and maturity to compete at the varsity level. Ninth grade contestants promoted at the end of their modified seasons should practice with the varsity team and are limited to post season contests.
   3) In a section whose "early winter" season ends in mid-winter, followed by the "late winter" season, the modified ninth grader could not be elevated to the varsity for post schedule contests in a sport played in the "early winter" modified season.
   4) Promotion Regulation shall be waived for Boys' and Girls' Swimming & Diving permitting schools with section approval the option of running combined modified and varsity swimming and diving meets, alternating events. (see Swimming & Diving, p. 152).

14. SPORTS SEASONS: All competition shall be completed within the sport season indicated by each individual section.
15. **TIME INTERVAL:** Unless extenuating circumstances arise, it is recommended that no more than two contests should be scheduled per week. Except in football and cross country, contests may be played with only one night of rest three times per season for rescheduling purposes only. A team may never play three days in a row. There shall not be more than 3 contests played per calendar week. Baseball and softball shall be permitted to play two games a day twice during the season. (See Baseball, p. 142 and Softball, p. 151 - Game Conditions.)

16. **TRANSFER:** A student who is enrolled in one school may subsequently transfer no more than once during a school year without a corresponding change in the residence of his parents or guardians, or having reached the age of majority establishes a residency. (p. 91)

   a) A student who transfers from one school to another becomes eligible after starting regular attendance.

   b) Transfer students trying out for sports before school opens in the fall shall register and be accepted by the principal of that school before the medical examination and the first practice. This shall constitute the start of regular attendance for fall sports. **NOTE:** After approval by the school medical officer a student may practice immediately and must satisfy the specific Sports Standard according to the number of practice sessions required.

   c) Practices at the previous school district may be counted toward the minimum number of practices required provided the principal or athletic director of the previous school submits, in writing, the number and dates of such practices to the principal or athletic director of the new school.

17. **TRYOUTS:**

   a.) A section may establish tryout periods to allow EXCEPTIONAL ATHLETES who have completed and passed the NYS Education Department Selection/Classification (S/C) Procedures and Standards the opportunity to be selected for a high school team. (See p. 53 and 157 of NYSPHSAA Handbook)

   b.) Seventh and eighth grade students must pass the S/C qualifications prior to the tryout period.

   c.) Ninth grade students do not have to pass the S/C qualifications to participate in the tryout.

   d.) The tryout period for a modified athlete shall be defined as participation in three (3) of the first five (5) practice days of the high school season. During the tryout period, the modified athlete may not return to the modified program until the athlete’s tryout is complete.

   e.) Tryout periods for wrestling, boys lacrosse and ice hockey shall be a maximum of five (5) of the first seven (7) practice days of the high school season.

   f.) The tryout period for football shall be a maximum of eight (8) of the first ten (10) days of the high school season.

   g.) Student athletes participating in sectionally approved tryout sessions are not subject to the Promotion rule.
PROGRAM SAFETY

PHYSICIANS: It is recommended that a physician be present at all football games and to be readily available during practice sessions. If an injury occurs during a game in any sport, the physician in attendance will determine the athlete’s fitness to continue play. During practice sessions, in the event of potentially serious injury to head, neck or spine of a player, a physician should see the injured as soon as possible. Any pupil whose safe participation is in question as a result of the health history review interview, or injury, or prolonged absence must be requalified by the school physician prior to participation.

OFFICIATING: Proper officiating is a most important safety factor. The following policies should be in effect:

1. The use of the "fast whistle" is mandatory when participant safety is questionable.
2. Strict enforcement of all rules violations will inculcate the proper playing habits and attitudes.
3. Special attention should be made to determine "potentially dangerous" holds in wrestling and to eliminate them.
4. It is required that certified officials conduct contests whenever possible.
5. At least two certified officials should be used in contact sports to provide the safest possible game supervision. Three (3) officials are preferred for football.

EQUIPMENT: Only sneakers or shoes with molded soles and molded cleats are permitted in the modified program. Shoes with metal posts or spikes are not permitted in any modified sport.

Protective equipment which is properly fitted should be provided for sports of a contact nature. Supporter cups should be worn in those sports where this protection is logical.

Protective headgear may be worn by soccer goalies for protective purposes. Shin guards must be worn at all times by all soccer players and field hockey players.

COACH ON THE FIELD: The coach is permitted to be on the field during time-out periods to check such matters as seem desirable to control the safety of the games and to use the existing situation as a teaching opportunity. It is realized that this rule is subject to abuse by overzealous coaches. Any coach violating the spirit of this rule should be removed from the program.

RULES OF THE GAME: The approved game rules for all sports are listed on pages 140-154. All adopted modifications indicated for each sport take precedence.
IT IS THE DUTY OF ALL CONCERNED WITH THE MODIFIED PROGRAM OF ATHLETICS:

1. To provide as broad and varied an athletic program as is possible with an opportunity for competition on an equal basis for all students. A desirable modified interscholastic program will encourage participation at several achievement levels. Interschool competition in a modified sports program should encourage participation for as many children as possible.

2. To realize that the individual schools have the final responsibility to equalize competition and must administer the program so that no overmatching of teams or individuals shall be permitted.

3. To conduct the athletic program so that educational objectives shall be achieved; so that the highest ideals of sportsmanship are upheld; so that no single phase of the educational program is promoted at the expense of other equally important programs.

4. To realize that the athletic program should be balanced with all other activities essential to youth, including those which may be conducted by out-of-school groups, to avoid an excessive load for any student.

5. To administer the program in such a manner that participants are properly examined, approved, equipped, insured, selected, classified, instructed, and supervised so that as safe a program as is possible is conducted.

6. To administer the educationally based athletic program in its proper perspective, with minimal loss of school time, limited publicity, competent officiating, and limited awards focused on participation.

7. To provide qualified leadership that understands the teaching of sports to the age group, the objectives of this modified sports program, and the emphasis on safety procedures.

8. To cooperate with schools in the area in providing an interscholastic athletics administrative organization within your section that will achieve the objectives and will aid in the development of the highest type of cordial interschool relationships.

9. To conduct the program so that proper respect for authority is achieved. All participants, coaches, parents, spectators and interested individuals will demonstrate appropriate conduct at all events.

10. To promote sportsmanship by competing within the spirit of the rules, to give every opponent due credit and respect, and to win honorably and to lose graciously.

11. To finance the program through Board of Education approved funds.

12. To cooperate with the Sectional Athletic Council, League or Conference in its efforts to provide sound leadership for all in the modified athletics program. No sectional team or individual championships are to be conducted in modified interscholastic athletics.

NYSPHSAA, Inc.  
MODIFIED GAME RULES AND GAME CONDITIONS  

Situations not covered by the following specified modified rules shall be governed by the Eligibility Standards of the New York State Public High School Athletic Association, Inc.  

With sectional approval, variations of modified athletic game rules and conditions may be adopted selectively for use by specified conferences or leagues.  

18. BADMINTON  

*Game Conditions:* See chart p. 140  

*Game Rules:*  
1. NAGWS Rules  
2. Contests should consist of 4 singles and 4 doubles matches, unless agreed upon prior to the contest.  
3. For the purpose of ensuring that every eligible badminton player has the opportunity to play in a match, each may play one (1) additional singles or doubles match per day. The individual limitations/day for badminton (Reference: Modified Sports Standards Chart, NYSPHSAA Handbook, p. 140-141) shall be increased to two (2) matches per day, provided that every individual eligible player plays once before any player plays twice.  

19. BASEBALL  

*Game Conditions:* See chart p. 140  
1. Pitchers must participate in at least 15 practices before an interschool game. For other requirements see chart p. 140.  
2. Doubleheaders: A team may play two (2) games in one day twice during a season, either a double header against a single opponent, or two successive games against two different opponents. The following double header restrictions must be followed:  
   a) The maximum number of doubleheaders allowed is two (2).  
   b) A team may not play three (3) games in two (2) consecutive days. No more than three (3) games a week may be played.  
   c) Pitching limitations remain the same.  
   d) Each game of the doubleheader is to be six (6) innings. No team may play more than 14 innings in one day. This allows a total maximum of two (2) extra innings in the event of tie game(s).  
3. Equipment—  
   a) Catchers shall wear the full protective equipment of helmet, mask with throat protector, chest protector, shin guards and cup.  
   b) Batters and base runners shall wear protective headgear.  
   c) Any player warming up a pitcher, on or off the diamond, shall wear a mask.  
   d) Only sneakers or shoes with molded soles and molded cleats are permitted in the modified program. Shoes with metal posts or spikes are not permitted in any modified sport.  

*Game Rules:*  
1. Regulation game shall be 7 innings. With Section/League approval, a ‘mercy rule’ will be permitted, allowing a game to end after a team at the short end of the 15 run rule has completed their fifth at bat. (Dec. 2010)  
2. A pitcher may pitch no more than 12 full innings in any one calendar week and no more than 7 innings in any one game. After pitching 4 or more full innings
in any one game there must be at least 2 nights of rest before pitching again. When removed, the contestant may play any other position.

3. Designated hitter will not be allowed.

4. An extra player, referred to as EP is optional (on a game-by-game basis), but if one is used, it must be known prior to the start of the game (official lineup card) and be listed on the scoring sheet in the regular batting order. If the EP is used, he must be used for the entire game. Failure to complete the game with the EP results in the forfeiture of the game (except in case of injury or ejection from game with no eligible players left to enter, the rules permit play with eight men). If an EP is used, all 10 players bat, but only 9 can play defense each inning. The person designated as the EP (not a defensive player at the start of the game) may at a later time play a defensive position; the defensive player now is only a batter for that inning and not a fielder. There will always be one player in the lineup not on the field defensively. The EP may be substituted for at any time, either by a pinch-runner or pinch-hitter who then becomes the EP. The substitute must be a player who has not yet been in the game. Substitutes and reentry will be treated as in the past. A starter may re-enter the game into his same batting order position.

5. The re-entry rule may be waived only if an injured player must be replaced and all eligible substitutions were used during the game.

6. With Section/league approval, when the team at bat has two outs with the catcher on base, a pinch runner may be used to allow the catcher to get his/her gear on prior to the third out. (The pinch runner is a player who is a substitute, or in the case that all substitutes have been used, a player off the bench who is not currently in the lineup. This rule does not change the normal substitution rules and does not overshadow the need to get all players in the lineup; it allows for cutting time off the transition between innings.)

7. With Section/league approval, a new substitution game rule may be used to maximize modified players’ participation in their baseball/softball games. The official lineup card will list all players on the team in a designated batting order, allowing any of the players listed in a slot to bat when that spot occurs.

20. **BOYS BASKETBALL**

*Game Conditions:* See chart p. 140.

*Game Rules:*

1. The maximum length of the quarter shall be seven (7) minutes.

2. If a game is tied at the end of regulation play, there will be an overtime period of three (3) minutes duration. If it is still tied, additional overtime "sudden victory" periods will be played until at least one (1) point is scored. Overtime periods will have a maximum length of three (3) minutes.

3. Free substitution is facilitated by permitting substitutions on:
   a) any dead ball   b) any violation

4. Sections may adopt the use of a small ball. The section shall determine the actual size of the ball.

5. The 3 point shot is not allowed.

21. **GIRLS BASKETBALL**

*Game Conditions:* See chart p. 140.

*Game Rules:*

1. NCAA Women’s Rules. The thirty-second clock rule shall be optional.

2. The maximum length of the quarter shall be seven (7) minutes.

3. If a game is tied at the end of regulation play, there will be an overtime period of three (3) minutes duration. If it is still tied, additional overtime "sudden victory"
periods will be played until at least one (1) point is scored. Overtime periods will have a maximum length of three (3) minutes.

4. The 3 point shot is not allowed.

23. CROSS COUNTRY

The Section Athletic Council shall determine the date for the mid-season changeover.

Game Conditions:
1. See chart p. 140.
2. Equipment—Only sneakers or shoes with molded soles and molded cleats are permitted in the modified program. Shoes with metal posts or spikes are not permitted in any modified sport.

2. Halves shall consist of 25 minutes, maximum.
3. Substitution: Utilize the NFHS Rolling substitution rule.

   b) Teams shall consist of 6 field players and a goalie.
   c) Play will be divided into 3 - 17 minute periods, substituting as per the rules. Scoring will be determined by the coaches at the preseason meeting (i.e. total goals scored will determine the winner, or keep score by periods).

25. FOOTBALL

Game Conditions: See chart p. 140.

Administration:
Modified football should be administered so that all safety precautions are in effect. Every
effort should be made during practice and game situations to pair contestants of as nearly equal ability as is possible. Factors to be considered in the selection of squad members are age, weight, physiological maturity, skills, coordination and desire.

Tests:
Each pupil should be carefully checked to determine readiness before being allowed to participate in interschool contests as follows:

1. **Physical** - Medical examination which shall include a thorough review of health history before, and as needed, during the season. Tetanus shots as recommended.
2. **Maturity** - Careful evaluation of the individual’s age, weight, height, physiological maturity and degree of coordination with relation to all of the others, especially one above or below average of others in height, weight, physiological maturity as related to age, should be made.
3. **Individual Skills** - A thorough program of screening for a period of two weeks shall be conducted. Basic conditioning, running, cutting, falling, rolling, catching, line, and backfield fundamentals, blocking and tackling techniques, ball handling drills should be participated in. Dummies and sleds should be used and no one should be permitted in live contact drills until ability has been proven to partake in them. Match participants of equal size and ability for participation during live contact drills.
4. **Team Skills** - Team play leading to game situations should be taught through controlled scrimmages with contestants placed in groups of similar maturity and skills.
5. **Desire** - Observation of the individual’s alertness and general desire to participate must be noted. (The above mentioned types of testing and teaching, with complete cataloging of the individual’s ability, should enable the coach to screen all candidates and determine their readiness for competition.)

**Please refer to the special NYSPHSAA, Inc. Booklet, THE MODIFIED PROGRAM OF FOOTBALL FOR BOYS IN GRADES 7-8-9.**

6. **Equipment**—
   a) Properly fitted equipment of good quality is mandatory for safe participation in football.
   b) All essential protective devices are to be used.
   c) In addition to the normal pads and helmets, dental and face protection guards should be provided.
   d) Only sneakers or shoes with molded soles and molded cleats are permitted in the modified program. Shoes with metal posts or spikes are not permitted in any modified sport.
   e) All protective pads should be covered by the uniform.
   f) If protective pads are exposed, the uniform part should be replaced or repaired.

**Game Conditions For 11-Man and 8-Man Football:**

1. The first three days of practice sessions must be non-contact exercises and equipment shall be limited to the helmet, face mask, dental protection device, T-shirt, supporter, shorts, ankle supports, socks, shoes, protective pads for elbow and/or knee areas. During the next five days the addition of shoulder pads, along with the use of blocking dummies, sleds, and other similar teaching and training devices is permissible. No scrimmages or live contact drills are allowed. The next five days shall consist of contact with full protective equipment and the use of training devices. Scrimmages are permitted on the fourteenth day. Four additional practice days must be held prior to the first contest.
2. No school team, or individual player, may participate in more than 7 games. These games shall be scheduled with no more than one game per week. In extreme cases games may be rescheduled if approved by the sectional athletic council. A minimum of four nights of rest must elapse between any games. The time between football scrimmages and the time between football games and scrimmages must be three nights.

3. At least 16 players must be dressed and available to play on an 11-man team; at least 16 players for an 8-man team for all interschool contacts, both scrimmages and contests.

**Game Rules For 11-Man Football:**

1. Time periods shall be 10 minute quarters.
2. Team offensive formations are limited to standard formations. There may be a maximum split of 1 yard between linemen. If a wide receiver is employed, the maximum split from the tackle cannot be more than 10 yards. On the snap of the ball, there may be only 2 players outside of the normal tackle alignment on either or both sides of the field. Motion is allowed toward the two receiver side of the formation provided the ball is snapped before the player crosses the middle of the formation. If the ends split on punt formation, the team must punt. There are no "walkaway" ends when receiving the punt from this formation. Definition of side of formation - the half of the formation from midline of the center that has a set back to that side and two players outside the tackle. If the ends split on punt formation, the team must punt. All downfield blocking must be done above the waist. Until the snap the defense shall be 6-2-2-1 or 6-2-3 with six players in an imaginary straight line within 2 yards of the ball; two linebackers must be at least 1 yard behind the deepest lineman; three defensive backs must be at least 3 yards behind the deepest linebacker, inside the 10 yard line defensive backs may be 2 yards behind the deepest linebacker. Penalties: improper formation - 5 yards; downfield blocking - 15 yards.

3. No kick-off - start play from own 35 yard line.
4. Two (2) points shall be allowed for a kicked extra point and one (1) point for a run or pass. (Optional for section wide use with approval of the section.)
5. Safety - scoring team put ball in play on 50 yard line.
6. All downfield blocking must be done above the waist. Downfield blocking is interpreted as any blocking of an opponent taking place downfield from the free blocking zone, which for this rule is extended from sideline to sideline. The downfield blocking rule is also in effect whenever a defensive team becomes an offensive team as the result receiving a punt, pass interception, or the recovery of certain types of fumbles. The point that offensive play begins extending from sideline to sideline, would be interpreted as the inception of that play and thus, for rule clarification purposes, would be the scrimmage line for that play (i.e. the point the punt or interception was received). The penalty for a violation of this rule will be 15 yards as spelled out in Rule 9, Section 1 of National Federation Football Rules.
7. Sections may adopt the use of a small ball.
8. Coaches shall be permitted on the field in the experimental five quarter football program. (Optional for section wide use with approval of the section.)
9. When an offensive team employs a wide receiver (split end or flanker), the defensive end to that side of the formation may assume a “walkaway” position. The end may align at a maximum depth even with the two inside linebackers and no wider than half the distance between the wide receiver and the next lineman.
10. With Section approval, schools will be allowed to use two (2) wide receivers on opposite sides of the formation.
**Game Rules For 8-Man Football:**

1. 11-man rules are used for 8-man football with modifications.
2. The field size shall be 80 yards between the goal lines and 40 yards wide with 15 yard side zones and team box boundaries being between the 25 yard lines.
3. At least 5 offensive players shall be on their line at the snap with 3 players assigned in the backfield. Note: Line splits, formations, motion, etc. as per existing modified rules.
4. Until the snap, the defense shall be 4-2-2 with 4 players in an imaginary, straight line 2 yards off the ball. Two linebackers must be at least 1 yard behind the deepest lineman; two defensive backs must be at least 3 yards behind the deepest linebacker.
5. No kick-off. Start play from own 30 yard line.
6. Safety - scoring team puts ball in play on 40 yard line.

OFFICIATING
2012 - 2014

A STATEMENT OF PRINCIPLES FOR OFFICIATING
INTERSCHOLASTIC GAMES

When NYSPHSAA, Inc. approves a change in rules for the conduct of a sport, the established officials organization which has been servicing a particular sport program will continue to service that sport provided they have met the new certifying qualifications. Officials who wish to service that program must be certified by this established officials group.

WHEREAS, our high school athletic program is an integral part of our curriculum to be conducted by secondary-school authorities under playing rules adapted to the capacities and safety of our students,

AND WHEREAS, it is essential that the officiating of games shall be performed as a part of the educational program of the school, the details of game administration for interscholastic contests are the responsibility of secondary-school authorities.

WE BELIEVE THAT:

1. Officials who work for our member schools are rendering a valuable service.
2. An official performs an exacting task and one’s judgement is to be respected.
3. Continued cooperation with officials’ organizations is essential.
4. Existing officials’ organizations which meet the standards of the NYSPHSAA, Inc. are to be maintained or new ones formed when the need arises.
5. Since annual elections are held by officials’ organizations, these Chapters, Boards, or Associations shall be registered with the NYSPHSAA, Inc. each year.
6. No implication should be evident that prospective competent officials are prevented from having an opportunity to qualify for officiating.
7. Officials should be able to fulfill requirements comparable to those specified for the licensure of professionally trained personnel who deal with secondary-school students.
8. Officials shall be selected and assigned by secondary-school authorities in the school, the league, or the section, State Association or their designee.
9. Officiating is worthy of recompense commensurate with the experience and training of the official and with the responsibilities assumed.
10. Fees for officiating should be determined in a joint conference between schools’ and officials’ representatives.
WE DEPEND UPON OFFICIALS’ ORGANIZATIONS:

1. To establish standards for their members for competent officiating.
2. To recruit and train new members.
3. To provide for the promotion of members.
4. To conduct rules interpretation meetings.
5. To use high school rules interpretations.
6. To administer high school rules examinations.
7. To certify members as to their performance in the game.
8. To make an annual report on each member to the NYSPHSAA, Inc.

The # will accept and comply with the Five Point Program of the NYSFHSAA, Inc. with respect to each of its local # officials associations and its members, and through its local chapters, shall assume the responsibility of training, testing and certifying competent officials for all interscholastic # contests scheduled by each of the member schools at all levels of competition in each of the sections of the NYSFHSAA, Inc.

2. The # will cooperate with the sectional athletic councils in the expansion of recruiting and training programs to achieve these objectives and to provide an opportunity for all interested individuals to become qualified officials.

6. The # will submit a list of approved or certified officials (with updates as they occur) of each of its local associations (chapters) to the Assistant Director of the NYSFHSAA, Inc. each year.

10. The NYSPHSAA, Inc., represented by its sections, shall initiate negotiation sessions. Furthermore, the NYSPHSAA, Inc. or its sections shall determine the structure and format of negotiations including the number of representatives. Each chapter of officials servicing a section will be involved in these negotiations with representation being indirect.

11. Should any member school of the NYSPHSAA, Inc. or any of its subdivisions fail to reach contract terms with regards to officiating for any sport season with #, or if a grievance of any nature should arise after the execution of such contract, the parties agree to abide by the following procedure:

Step No. 1: In case of failure to reach contract terms, the NYSPHSAA, Inc. must be notified no later than the first day of the month of October preceding the school fiscal year in question. Sections and/or officials groups may not be entitled to impasse resolution procedures unless a minimum of 4 bargaining sessions were held (exclusive of ground rules meeting). Within thirty (30) days of notifying the NYSPHSAA, Inc., a concise statement of the issues and supporting facts, as well as evidence of agreed upon ground rules that governed the conduct of the negotiations and the schedule (record) of bargaining sessions held, must be submitted in writing to the Assistant Director. Should the declared impasse concern a grievance of any nature, the grieving party will also submit a filing fee of $100.00, c/o the NYSPHSAA, Inc., prior to the convening of a hearing conducted by the NYSPHSAA, Inc. A hearing will be convened by a representative of the NYSPHSAA, Inc. and a representative of a sports officials organization both selected by the President of the NYSPHSAA, Inc. Neither party may introduce new topics for resolution that were not introduced during contract/grievance negotiations. All discussions and agreements should be completed by the following first day of January.

Step No. 2: If contract terms are not reached by the aforementioned first day of January; or if a grievance has not been resolved within ten (10) days of its presentation, a written report stating the issues involved, discussions held at the hearing and recommendations for settlement shall be presented to the parties. Acknowledgement of acceptance (or not) shall be dated and signed by all participating representatives; and submitted to the Assistant Director of the NYSPHSAA, Inc. Failure to respond to the proposed report within thirty (30) calendar days after receipt shall result in acceptance of the report. The report will be sent certified mail.

Step No. 3: If contract terms are not reached nor the grievance resolved within thirty (30) days after receipt of the recommendations under the provisions of Step No. 2, the issues shall be submitted by the Assistant Director. The Arbitration Panel will consist of three (3) members: one (1) representative from the NYSPHSAA, Inc., one (1) representative from the Officials and one (1) Arbiter from the American Arbitration Association (AAA). If issue(s) concern a grievance of any nature, the appealing party will remit a filing fee of $200 to convene the committee. All fees and expenses, including
those required by the American Arbitration Association (AAA) and arbiter, will be split equally between both parties.

12. Expenses incurred by the personnel of the NYSPHSAA, Inc. in connection with implementing any of the steps listed above shall be shared equally by the officials organization(s) involved and the section involved. Expenses include all necessary and customary travel expenses, including, but not limited to mileage at the prevailing rate paid Executive Committee members, lodging and meals.

13. Since this agreement provides for the orderly and amicable adjustment and settlement of any and all disputes, differences and grievances, there will be no resort to strikes (withholding of services) by the # or its local chapters or lockouts by the NYSPHSAA, Inc., its subdivisions or any of its member schools.

14. The # shall retain its autonomy and the autonomy of each of its member associations shall be preserved.

15. Notwithstanding any other provisions to the contrary, each approved official shall be acting in his/her capacity as an official who is an independent contractor with regard to his/her relationship to any member school, the NYSPHSAA, Inc. or any of its subdivisions and in no way does an employer-employee relationship exist. Each official shall perform services in accordance with currently approved methods and practices in his or her professional capacity and in accordance with the standards of the # and of the NYSPHSAA, Inc. Such services shall include any reporting requirements established by the NYSPHSAA or its subdivisions concerning student/athlete and/or coach misconduct.

This AGREEMENT shall remain in effect until the 30th day of June, 2014.

IN WITNESS WHEREOF, the parties hereto have executed this agreement on the date first above written.

The mission of the National Federation is to serve its members and its related professional groups by providing leadership and national coordination for the administration of interscholastic activities which will enhance the educational experiences of high school students and reduce risks of their participation. The National Federation will promote participation and sportsmanship to develop good citizens through interscholastic activities which provide equitable opportunities, positive recognition and learning experiences to students while maximizing the achievement of educational goals.

National Federation Mission Statement

High school activities programs will attract more than 10 million participants this year. Nearly 50% of the student body of most schools will be involved in some phase of the interscholastic program.

In virtually all of these schools, the interscholastic activities program will require a school board subsidy between one and three percent of the total school budget. That includes equipment, supplies, transportation, coaches’ salaries and a portion of the utility bills.

Fifty percent of the students at one to three percent of the budget: that could be the best bargain in public education, and it’s the kind of accountability in education which the public is demanding. Rather than being squeezed out of school programs, interscholastic activities programs should be held up to the communities as model programs for these times.

THE MEMBERSHIP of the National Federation consists of 51 individual state high school athletic and/or activity associations and the association of the District of Columbia. Also benefitting from National Federation services are affiliated members of 11 Canadian provincial associations and similar groups in the Philippines, Guam, Bermuda and the Virgin Islands. Policies for high school athletics emanate from the National Federation and its members.

THE SERVICES of the National Federation are based on the belief that strong state and national high school organizations are necessary to: protect the activity and athletic interests of high schools and the student participants, and promote growth of programs which are educational in both means and ends for the participants.

COACHES AND OFFICIALS are also served in a variety of ways through the National Federation Interscholastic Coaches Association (NFICA) and the National Federation Interscholastic Officials Association (NFIOA). Each individual member receives a monthly tabloid containing information to assist individual professional development as well as inform and involve high school coaches and officials in the work of their state and national administrative organizations.
ATHLETIC DIRECTORS benefit directly from National Federation services, including an annual conference conducted for them and printed proceedings distributed to them. A quarterly journal, Interscholastic Athletic Administration, is published as a continuing forum for the exchange of ideas pertinent to athletic administration, a growing profession which the National Federation recognizes as vital to the welfare of high school sports.

NATIONAL FEDERATION PUBLICATIONS are published in 17 sports. The National Federation rules committees consist of high school coaches and administrators.

THE HIGH SCHOOL TODAY is a comprehensive publication distributed ten times a year. Included in each publication are all major athletic rule changes, questions and answers for various sports while in session, plus a section containing music and speech information. The HS TODAY is provided to members of the various National Federation professional organizations as part of their membership. The Publication reaches thousands of high school administrators, coaches and officials, as well as the general public and news media across the nation.

FEDERAL LEGISLATION is monitored by the National Federation staff, and the membership aggressively opposes bills which would adversely affect interscholastic activities programs on the local, state or national levels.

ATHLETIC EXPERIMENTATION is conducted by the National Federation through its rules committees and cooperating agencies, such as the National Operating Committee for Standards of Athletic Equipment. The result is safety in high school athletic which is unparalleled on any other level of competition.

SANCTIONING of interstate and international contests is carried out by the National Federation to curb abuses which might result without such a program. Applications for sanction are carefully reviewed to assure that students will not be exploited and that certain programs are not overemphasized at the expense of others.

NATIONAL RECORDS are maintained by the National Federation in order to bring proper recognition to boys and girls who achieve unprecedented performances in interscholastic competition. It is believed such recognition stimulates public interest in high school programs and motivates other boys and girls to improve their skills.

HIGH SCHOOLS are represented by the National Federation on the U.S. Olympic Committee and national sport governing bodies. The National Federation cooperates with many other national organizations such as Major League Baseball, the National Collegiate Athletic Association, the National Junior College Athletic Association, the National Association of Secondary School Principals and the Young Men's Christian Association to the extent that such organizations' activities affect interscholastic programs and participants.
NEW YORK STATE INVOLVEMENT WITH THE NATIONAL FEDERATION

The New York State Public High School Athletic Association, Inc. has been a member of the National Federation of State High School Associations since 1926.

CLASSIFICATION PROCEDURE

For school classification purposes, enrollment figures are collected by the Section Athletic Councils from the October State Education Department BEDS (Bureau of Education Data Systems) forms. The classification of schools shall be approved and set for the following school year by the Executive Committee in January. For classification purposes the school's total enrollment, boys and girls, grades 9, 10, 11 plus prorated ungraded*, are used.

Classification numbers are verified with the State Education Department numbers when they become available.

The classification of a single gender school will be established by doubling its enrollment (9-11 and prorated ungraded*). Publicly funded special act schools may be classified by the Section by sport according to the unique enrollment of such school. Non-public and charter schools may be classified by sport. Sections will establish a process for the review of the classification of all nonpublic and Charter Schools in their Section.

If a combined school team goes beyond sectional level competition, their boys and girls grades 9, 10, 11 plus prorated ungraded* enrollment shall be combined for state level competition. *(see information on combining Page 95)*

Schools within each section may choose to move up but not down in classification. A school, following its Section’s established procedure for moving up in class for a particular sport, must remain in that class throughout that entire sport’s season.

*(prorating ungraded examples)*
1) schools that have only grades 9-12 count 3/4 of the ungraded students
2) schools that have all grades 7-12 count 1/2 of the ungraded students
3) schools that have only grades 8-12 count 3/5 of the ungraded students
4) schools that have only grades 10-12 count 2/3 of the ungraded students
5) schools that have only grades 7-9 count 1/3 of the ungraded students
