See Accompanying Notes to Schedule
1. GENERAL

The accompanying schedule of expenditures of federal awards presents the activity of all federal award programs administered by the Huntington Union Free School District, which is described in Note 1 to the District’s accompanying financial statements, using the modified accrual basis of accounting. Because the schedule presents only a selected portion of the operation of Huntington Union Free School District, it is not intended to and does not present the financial position and changes in financial position of the District. Federal awards that are included in the schedule may be received directly from federal agencies, as well as federal awards that are passed through other government agencies. The information is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Indirect costs may be included in the reported expenditures, to the extent that they are included in the federal financial reports used as the source for the data presented. Certain of the District’s federal award programs may have been charged with indirect costs, based upon an established rate applied to overall expenditures. There is no other indirect cost allocation plan in effect.

Matching costs (the District’s share of certain program costs) are not included in the reported expenditures.

The basis of accounting varies by federal program consistent with the underlying regulations pertaining to each program. Expenditures are recognized following cost principles contained in OMB Circular A-87, Cost Principles for State, Local and Indian Tribal Governments, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Pass-through entity numbers are presented where available.

The amounts reported as federal expenditures were obtained from the federal financial reports for the applicable program and periods. The amounts reported in these reports are prepared from records maintained for each program, which are reconciled with the District’s financial reporting system.

Non-monetary assistance is reported in the Schedule at the fair market value of commodities received and disbursed, which is provided by New York State.

2. SUBRECIPIENTS

No amounts were provided to subrecipients.

3. OTHER DISCLOSURES

No insurance is carried specifically to cover equipment purchased with federal funds. Any equipment purchased with federal funds has only a nominal value, and is covered by the District’s casualty insurance policies.

There were no loans or loan guarantees outstanding at year end.

Criteria: Salaries and wages charged to federal awards must be supported by documentation prescribed by 2 CFR part 225.

Condition: The District prepares periodic certifications and personnel activity reports (PARs) or equivalent. However, there were instances in which PARs did not fulfill the requirements, as described in 2 CFR part 225, appendix B, paragraph 8h to support salaries and wages charged to federal awards. In the sample of PARs we audited, some were not complete; others did not account for 100% of the employee’s time and effort as required. The costs charged to these grants were supported by other documentation and support and did not result in questioned costs. However, the District still needs to comply with 2 CFR part 225.

Recommendation: The District should prepare the appropriate documentation to support salaries and wages charged to federal awards in accordance with the requirements of 2 CFR part 225. Procedures should be implemented to collect and review for accuracy the necessary documentation on a timely basis.

Current Status: The District continued to have deficiencies in the preparation of PARs.
INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM;
REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF
EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

To the Board of Education
Huntington Union Free School District
Huntington Station, New York

Report on Compliance for Each Major Federal Program

We have audited the Huntington Union Free School District’s compliance with the types of compliance
requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance
Supplement that could have a direct and material effect on each of Huntington Union Free School District’s
major federal programs for the year ended June 30, 2013. The Huntington Union Free School District’s major
federal programs are identified in the summary of auditor’s results section of the accompanying schedule of
findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants
applicable to its federal programs.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for each of the Huntington Union Free School
District’s major federal programs based on our audit of the types of compliance requirements referred to
above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the
United States of America; the standards applicable to financial audits contained in Government Auditing
Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States,
Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we
plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of
compliance requirements referred to above that could have a direct and material effect on a major federal
program occurred. An audit includes examining, on a test basis, evidence about the Huntington Union Free
School District’s compliance with those requirements and performing such other procedures as we considered
necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal
program. However, our audit does not provide a legal determination of the District’s compliance.

Opinion on Each Major Federal Program

In our opinion, the Huntington Union Free School District complied, in all material respects, with the types of
compliance requirements referred to above that could have a direct and material effect on each of its major
federal programs for the year ended June 30, 2013.
Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2013-001 and 2013-002. Our opinion on each major federal program is not modified with respect to these matters.

The Huntington Union Free School District’s response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questions costs and corrective action plan. The Huntington Union Free School District’s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the Huntington Union Free School District is responsible for establishing and maintaining effective internal control over compliance with the types of requirements referred to above. In planning and performing our audit of compliance, we considered the Huntington Union Free School District’s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program. And to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Huntington Union Free School District’s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. However, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies as described in the accompanying Schedule of Findings and Questioned Costs as items 2013-001 and 2013-002.

The Huntington Union Free School District’s response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs and corrective action plan. The Huntington Union Free School District’s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, each major fund and the fiduciary funds of the Huntington Union Free School District as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Huntington Union Free School District’s basic financial statements. We have issued our report thereon dated October 16, 2013, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain other procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

      Special Education Cluster
         Special Education Grants to States CFDA No. 84.027
         Special Education Preschool Grants CFDA No. 84.173
      Title I, Grants to Local Educational Agencies CFDA No. 84.010
Criteria: Salaries and wages charged to federal awards must be supported by documentation prescribed by 2 CFR part 225.

Condition: The District prepares periodic certifications and personnel activity reports (PARs) or equivalent. However, there were instances in which PARs did not fulfill the requirements, as described in 2 CFR part 225, appendix B, paragraph 8h to support salaries and wages charged to federal awards. In the sample of PARs we audited, some were not complete; others did not account for 100% of the employee’s time and effort as required. The costs charged to these grants were supported by other documentation and support and did not result in questioned costs. However, the District still needs to comply with 2 CFR part 225.

Cause: All employees were not aware that they had responsibility for preparing periodic certifications in the format, as described in 2 CFR part 225, appendix B, paragraph 8h, to support salaries charged to federal awards.

Effect: Noncompliance could result in being denied reimbursement of program expenditures or having to refund federal monies.

Recommendation: The District should prepare the appropriate documentation to support salaries and wages charged to federal awards in accordance with the requirements of 2 CFR part 225. Procedures should be implemented to collect and review for accuracy the necessary documentation on a timely basis.

Management’s Response: The District agrees with the finding and has spoken with the payroll department and grant administrators to ensure that employees are preparing the appropriate documentation to support salaries and wages charged to federal awards in accordance with the requirements of 2 CFR part 225.

Special Education Cluster
  Special Education Grants to States CFDA No. 84.027
  Special Education Preschool Grants CFDA No. 84.173

Title I, Grants to Local Educational Agencies CFDA No. 84.010

Criteria: Local educational agencies are required to report financial information to the pass-through entity (New York State Department of Education) to receive funds. Reimbursements are based on these financial reports. Controls should be in place to minimize the time between the transfer of Federal funds and the disbursement of funds for program purposes.

Condition: The District receives an advance from the State upon the approval of the grant’s budget; the District can also request additional funds during the year by submitting Form FS-25 – Request for Funds for Federal or State Project, based on actual expenditures to date and anticipated expenditures during the following month or quarter. During our audit, we noted that the information reported on Forms FS-25 for anticipated expenditures was not supported by adequate documentation. Consequently, the District may have received cash advances in amounts that were more than its immediate needs.
**Effect:** Inaccurate information in financial reports submitted to the pass-through entity could result in untimely reimbursements of program expenditures to the District, and interest earned on advanced Federal funds may need to be returned to the appropriate agency.

**Recommendation:** We recommend that the District ensure that information reported on Form FS-25 is supported by adequate documentation.

**Management’s Response:** The District agrees with the finding and has implemented procedures to assure that adequate documentation of the calculation of anticipated expenditures is retained with the FS-25.
