Mission Statement
Through the years, the Huntington interscholastic athletic program has played an important role in the lives of students and community members. An integral part of the department of physical education, organized athletics in the Huntington Public School District dates back more than one hundred years. Since the inception of sports teams here, our students have won every possible honor bestowed on high school athletes.

The Huntington Booster Club has been established to promote and encourage extracurricular activities, particularly athletic sports, for the students of the Huntington School District. The goal of the Booster Club is to provide financial support for annual awards, purchase of equipment, summer sports programs, and refreshments at athletic events and sports awards nights. The primary focus of the Booster Club is to financially enhance the district's physical education and athletic department budget.

Camp Philosophy
Welcome to another exciting summer camp season. The Huntington Booster Club, Inc is proud to offer another season of our tennis camp. As the summer approaches we are committed to offering an instructional camp and a positive experience. Our focus will be on both technical and tactical training and will serve as an excellent opportunity for both new and current players to improve their game.

Each camper will receive 1 1/2 hours of instruction per day, from certified Huntington Coaches. The goal of the camp is to improve individual skill level and develop a fundamental understanding of tennis.
