The purpose of the Star Grant is to fuel grade-wide, department-wide and school-wide initiatives that have a broad impact on the students. Star grants exceed $1,000 and have been as high as $11,000. Examples of past year’s grants that provide innovative additions to the curriculum are:

- Encyclopedias for a third grade classroom
- “Speak Up” workshop for all 1st graders
- Printmaking technology for the art department at the high school
- Robotics Program at Woodhull and an Engineering Program at Jack Abrams.

Star Grant applications invite teachers and administrators to apply for funds for initiatives that impact a grade, department or school. An applicant who wishes to obtain funding for a project should complete this grant application describing the idea and benefits and after gaining approval from the school principal send it the address above. **The deadline for the Star Grants is January 8, 2011.**

*Please remember that is the goal of HFEE to fund new and innovative ideas. This year, our limited financial resources will limit, if not prevent, HFEE funding of any smart board grants.*
