Dear Friend of the Huntington Foundation:

Thank you so much for attending the 19th annual Huntington Foundation for Excellence in Education’s “Reach for the Stars” gala!

The Foundation is proud to honor this year’s “Spirit Award” recipient, Mrs. Michelle Marino. We gather this evening at the elegant Woodlands to applaud Mrs. Marino’s dedication to Huntington’s schools. Please read the summary of Mrs. Marino’s commitment to the Huntington School District in this evening’s Journal. Thank you, for accepting this well-deserved recognition!

Among the numerous educational enhancements for the 2010-2011 school year, the Foundation funded: Encyclopedias for the Third Grade Classroom at Washington Primary; Technology at Finley; “Speak Up,” a push in workshop to every First Grade class to introduce, reinforce and expose young children to skills necessary to become competent and successful public speakers; Orienteering at Huntington High School; VHF Radios for the Huntington Crew Team as well as many other smaller grants to enhance our children’s educational experience.

Past Grants from the Foundation have included funding the creation of an Apple Video lab at Huntington High School, raised beds for an outdoor garden and science exploration center at Jefferson Primary School, and a social studies program, “Finding My Way,” by Cornell Cooperative Extension for second graders at Southdown Primary School.

The Foundation congratulates Nina Flores for the selection of her artwork for the Journal’s cover. Thank you to the runner up Bianca Iarrobino, as well as all of the talented art students in Ms. Kristen Singer’s Drawing & Painting Classes.

Sincerely,

The Huntington Foundation of Excellence for Education Board

Dear Huntington Foundation,

On behalf of the Board of Education and Administration, thank you for your hard work and commitment to Huntington School District's students. Your tireless fundraising and generous grants enable our educators to continue providing creative and enriching programs to our students, particularly during unprecedented, difficult economic times. In fact, in a similar climate in 1993, the original members of the Huntington Foundation began their efforts to supplement the school district's programs with private funds. You have been a constant, reliable resource for 19 years, providing over $800,000 in grants, and we appreciate everything you do.

I would also like to thank the local merchants and community members who so generously donated raffle and auction items for tonight's event, ensuring a successful fundraising endeavor. Each year without fail, the Foundation's members create a magical evening that brings together parents, faculty and community members to dine, dance and celebrate. We are united by one common factor: providing the best education possible for the children in our care.

Tonight's Spirit Award recipient, Michelle Marino, embodies that unity and devotion to children like no other. For 29 years, our school district has benefited from Mrs. Marino's passion for education. She has touched the lives of countless students through her creativity, innovation and unparalleled energy. Whether collaborating with educators or dressed as a beloved literary character, Mrs. Marino models dedication, tenacity and flexibility for her students, teachers and peers alike. Mrs. Marino embraces challenge as opportunity; her goal to create an inviting school environment is evident the moment one sets foot in Southdown School. As anyone who has visited her school knows, Mrs. Marino's enthusiasm and optimism are contagious; it's impossible to leave Southdown without a smile. The trustees congratulate Mrs. Marino on her much-deserved honor and express our sincere gratitude for her devotion to the district for all these years.

Again, thank you to the Foundation for making this evening possible. Enjoy!

Warm Regards,

Emily Regan
President, Board of Education

Michelle Marino has been principal of Southdown Primary School since 2003. A veteran member of Huntington’s educational team, she came to the district in 1982 and has 20 years of teaching experience. Known for her infectious energy and enthusiasm, she is an articulate advocate for Southdown’s students and programs and is highly regarded throughout the community.

Mrs. Marino graduated in 1979 from Long Island University - C.W. Post College with a bachelor of arts in art education and earned a master of science in elementary education in 1989 from Dowling College, where she also obtained her certification in school administration in 1994. She is certified to teach nursery school through sixth grade, K-12 art and English-as-a-second language (ESL).

During the 1994/95 school year, Mrs. Marino served as principal of the Woodhull Early Childhood Center at a time when that site housed the district’s entire kindergarten population. She has also worked as director of the Discovery Program at the Usdan Center for the Creative and Performing Arts in Wheatley Heights, where she launched a unique hands-on early childhood program with an emphasis on music, art and dance for primary level students.

As a teacher, Mrs. Marino was in demand by students and their parents. The Huntington Foundation awarded her a grant for the development of a student facilitated habitat house and she has been a nominee for the prestigious Disney Teacher of the Year Award and for the New York State Better Beginnings Award.

Powered by Mrs. Marino’s leadership and a determined group of teachers and parents, Southdown School won the International Alliance for Invitational Education’s prestigious 2010 Inviting Schools Award.

One of Mrs. Marino’s well-known strengths is her ability to work collaboratively with members of the school community to create an environment that is educationally stimulating for students.
What Is the Huntington Foundation?
The Huntington Foundation for Excellence in Education is a not-for-profit (501(c) (3) organization dedicated to enhancing the quality of education in the Huntington Union Free School District. A copy of the Foundation’s annual report may be obtained upon request from Huntington Foundation, or the office of the Attorney General, Charities Bureau, 120 Broadway, NY, NY 10271.

Why Was Huntington Foundation Created?
It was formed 18 years ago to create opportunities for our children that the school budget could not provide. At that time, the district, like many others, struggled with failed budgets and disgruntled taxpayers. The parents who started the Foundation believed that they could match the resources of the greater community with the creativity of the district teaching staff with some wonderful results. Over the years, the Foundation has received public recognition for its accomplishments from Suffolk Country Legislator Jon Cooper as well as Assemblyman James Conte.

How Does All this Work?
The Huntington Foundation has awarded more than $800,000 since its inception in 1993 through two grant channels, both invitations for teachers and administrators to apply. The Foundation also supports Greenkill and Field Trip funds, and, in 1999, a Millennium Fund, which was established for financial growth.

Mini-Grants provide special projects money for classroom activities that go beyond the core curriculum, such as unique computer software, a wildlife garden, or a disability awareness workshop. These financial requests are as high as $1,000.

Reach for the Star Grants fuel grade and school-wide initiatives that have a broad impact or grand vision of education. These grants have provided seed money for the development of a Huntington Heritage Museum, computers for an entirely new course in visual arts, and a one-year pilot program in partnership with the Queens College Center for Environmental Teaching and Research at Caumsett State Park that is now a permanent part of the primary-school curriculum. Reach for the Stars Grants usually exceed $1,000 and have been as high as $11,000.

The Field Trip Fund, established in 1999, is designed to assure that no student misses an educationally enriching trip due to financial need.

The Millennium Fund, underwritten by a $10,000 anonymous donation received at the end of 1999, is intended to provide the Foundation with “an on-going source of funding.” The donor has instructed board members to invest the money in securities or other financial instruments so the fund will grow over time, and, when it reaches a target level, be used to contribute a significant amount of support to activities. According to the plan, 50% of the annual profit of the fund will be used to sponsor Foundation programs and 50% will be reinvested.

How Does the Huntington Foundation Raise Money?
Huntington Foundation currently holds one fundraiser each year and accepts donations at any time:

Reach for the Stars Gala: A district-wide grand evening event with wonderful basket offerings from our parents and the larger community. An opportunity to celebrate what we all want, excellence in education, and the event features the presentation of the Huntington Foundation Spirit Award as well as entertainment.

Donations: Donations can be sent directly to the Huntington Foundation, PO Box 552, Huntington, NY 11743, at any time. Individuals who give to the United Way through payroll deductions can also direct a portion of their gift to the Foundation via our Greenkill and/or Field Trip Funds, agency code 026811. Companies that provide charitable matching programs may also be able to contribute since the Foundation is a non-profit organization. Please inquire – we can easily help you set it up. Questions, Call any of our officers.

Why Get Involved with the Huntington Foundation?
EVERYONE WINS! The Foundation raises funds that increase educational opportunities for students and supports staff development for teachers.

How Can You Reach Us?

Thank you for helping us to enhance the video lab and the educational process. We are grateful for your continued support and generosity.

Mrs. Heather Stewart

Children love to express themselves and when they are 7 & 8 the more they can use their creativity and imagination, the better the experience. Thank you for helping us “spark” the interest of young children in the Huntington School District.

A FEW OF THE GRANTS THAT OUR CHILDREN HAVE BENEFITED FROM

Washington Primary School gives thanks to the Huntington Foundation for the generous grant they have awarded us. The grant has brought the outside world a little closer to our students... Our former maps were very old and out of date. Our new maps have been put to great use and have become an integral tool in our academic program. The visual aspect of learning cannot be underestimated.

Greenkill is exceptional and we would like to take this opportunity to thank you for your generous donation throughout the years. It is a very valuable learning trip from the bus ride throughout the 4 day program. Every second is invaluable and it is a memory for all the 6th-grade students that last a lifetime.

I would like to take this opportunity to thank the Huntington Foundation for all their help and support. It is my hope that this exposure to technology will allow students to become computer literate at an early age. It has enhanced their learning experience.

A FEW OF THE GRANTS THAT OUR CHILDREN HAVE BENEFITTED FROM

Having technology at my fingertips has changed the way I teach. The lessons I teach are meeting the needs of many different types of learners. A picture or video clip is worth a thousand words… I am grateful to the folks at the Huntington Foundations…

Ms. Nugent, 7th Grade Science

…this has allowed the 7th grade to integrate technology directly into the classroom and gave the 7th grade teachers the freedom to try many new approaches. Our ‘Dream’ of having technology in the science department became reality because of the Huntington Foundation.

Ms. Nugent, 7th Grade Science

The Woodstock Exchange Program was a great experience. Everyone took part and learned a great deal…

Being able to live in a different community with kids your own age was really eye opening…

When it was our turn to host the exchange program the Huntington HS students were jumping at the chance to house their new friends.

The Vermont Exchange Program

Workshops will be developed that will enhance skills including learning about personal presence, how to project your voice, how to focus on a subject, how to become a valuable member of a group presentation.

We are so fortunate to have Mrs. Marino as our school principal. She strongly supports the PTA and encourages us to organize and present events and programs that benefit both students and parents. Her open door policy, calm demeanor and artistic talent contribute to the success she has had and continues to have as Southdown Primary's principal.

Most importantly, the children are her first priority. Thank you Mrs. Marino for all you do to enrich our school.

Congratulations!

The Story of...
Our Very Own Curious Mrs. Marino

Mrs. Marino is a good little principal and always very curious. Invitingly curious. She is not one to stay in her office for long, for she is always out and about talking, smiling, and listening to the little children of Southdown. Students, Teachers, Custodians, Parents… you name it, are always encouraged to be a part of her Southdown Community.

From the arrival of the buses to the end of the day, Mrs. Marino just has to know how her children and her staff are doing.

Mrs. Marino loves to be with the children and teach them new things; it is not uncommon for her to lead a lesson that later graces the hallways as a beautiful art project.

Mrs. Marino treasures her staff. She motivates and inspires them each and every day. To them, it is no surprise that she is receiving the HFEE award; for she is a good little principal and always very invitingly curious. The End.

Dear Mrs. Marino,

We are forever thankful for your support and positive leadership over the years. We are so very proud of your achievement. With Love, Gratitude, and Admiration, Your Devoted Faculty and Staff

Congratulations

Michelle “Shelley” Marino
