Dear Friend of the Huntington Foundation:

Thank you so much for attending the 20th annual Huntington Foundation for Excellence in Education’s “Reach for the Stars” gala!

The Foundation is proud to honor this year’s “Spirit Award” recipient, Mrs. Chris Bene. We gather this evening at the elegant Woodlands to applaud Mrs. Bene’s dedication to Huntington’s schools. Please read the summary of Mrs. Bene’s commitment to the Huntington School District in this evening’s Journal. Thank you, for accepting this well-deserved recognition!

Among the numerous educational enhancements for the 2011-2012 school year, the Foundation funded the construction of a small “Cell Culture Laboratory” in the Science Research Class Room and Professional Poster Boards for Science Research competition at the High School, user licenses for WOWS Writing Tree kits for each of the Primary Schools and the inspirational and life changing experience known as the “Memory Project” that paired our High School Art Students with children across the globe who produced self-portraits from photographs received from children that have been orphaned, neglected or terrorized by war. Past Grants from the Foundation have included funding the creation of an Apple Video lab at Huntington High School, “Speak Up” workshops at Woodhull, raised beds for an outdoor garden and science exploration center at Jefferson Primary School, and a social studies program, “Finding My Way,” by Cornell Cooperative Extension for second graders at Southdown Primary School.

Past Grants from the Foundation have included funding the creation of an Apple Video lab at Huntington High School, raised beds for an outdoor garden and science exploration center at Jefferson Primary School, and a social studies program, “Finding My Way,” by Cornell Cooperative Extension for second graders at Southdown Primary School.

The Foundation would like to thank Ms. Singer’s, Pre-AP Studio Art Class for submitting their artwork for the Journal’s cover. Thank you to all the participants.

Sincerely,

The Huntington Foundation of Excellence for Education Board
January 18, 2013

Huntington Foundation for Excellence in Education
PO Box 552
Huntington NY 11743

Dear Huntington Foundation,

As we gather this evening to celebrate and honor Christine Bene, I thank you on behalf of the Board of Education and the Administration. Without your endless work and year-round efforts, tonight’s event would not be possible and Huntington School District’s students would miss out on so much. Today, New York’s public schools face unprecedented economic hurdles. The grants you award our educators help enrich, strengthen and enhance programs, better preparing our students for the challenges that lie ahead.

Special thanks to those merchants and community members who support Huntington Foundation’s work by purchasing tickets, donating generous raffle and auction items and purchasing ads in this journal. Often during fiscally difficult times, support for non-profits tends to diminish. We are grateful for your investment in our children’s future; as we dine and dance tonight, we all share the common goal of elevating our students to new heights through quality education.

As for tonight’s Spirit Award recipient, Chris Bene: few words cannot adequately express our appreciation for what she has contributed both to the school district and to the Huntington community at large. It has been my joy and honor to know Chris and call her friend. She always puts children first, whether as PTA council president, school board trustee, Family Service League board member or through the foundation she established in her daughter’s memory, to help students who heed the call to become nurses. And always, quietly behind the scenes, she and her husband Andy give generously of their time and resources whenever they are needed. We are so fortunate to have Chris Bene in our midst.

When we join together for the common cause of improving education for our students, we all benefit. Thank you again to the Foundation for making this magical evening possible.

Again, thank you to the Foundation for making this evening possible. Enjoy!

Warm Regards,

Emily Regan
President, Board of Education
Whenever they asked you to throw your hat in the ring, they only had to ask you "Which one?"

Congratulations Dear Friend to "Jobs done Very well!"
At this year’s gala, the Foundation is honoring former PTA president and Huntington School Board member Christine Bene with the group’s Spirit Award in recognition of her exceptional volunteer efforts over the years to provide the young people of the community with a first-rate academic and co-curricular experience.

Mrs. Bene was elected in May 2008 to serve a three-year term on the Huntington School Board. She has lived in Huntington with her husband Andrew for nearly 39 years. The couple sent three children to the school district.

Prior to her election as a trustee, Mrs. Bene was a member of the district’s PTA Council for six years, serving the last two as its president. She has served on a variety of district committees and on the Loundes Avenue Task Force. She has also participated on five different shared decision-making teams.

In addition to extensively volunteering with the district, Mrs. Bene been a longtime Family Service League board member and is active with her family's Kimberly Bene Foundation, which provides nursing scholarships to graduating seniors.

“We are, once again, looking forward to an enjoyable event at which an individual who has done so much for the Huntington school community through the years will be recognized and honored,” Superintendent James W. Polansky said. “Congratulations and thanks go out to Chris Bene, and thank you to the HFEE organization for all that those involved have done to coordinate the event and for everything they continue to do for our students and staff!”

Over the past decade the Huntington Foundation has presented its Spirit Award to Michelle Marino, Barbara Cutrone, John J. Finello, Doris Quintilian, Vicki Mingin, Beverly Wayne, Lou Giani, the district’s nursing staff, Eunice Marchi and Joan Fretz.
What Is the Huntington Foundation?
The Huntington Foundation for Excellence in Education is a not-for-profit (501(c) (3) organization dedicated to enhancing the quality of education in the Huntington Union Free School District. A copy of the Foundation’s annual report may be obtained upon request from Huntington Foundation, or the office of the Attorney General, Charities Bureau, 120 Broadway, NY, NY 10271.

Why Was Huntington Foundation Created?
It was formed 20 years ago to create opportunities for our children that the school budget could not provide. At that time, the district, like many others, struggled with failed budgets and disgruntled taxpayers. The parents who started the Foundation believed that they could match the resources of the greater community with the creativity of the district teaching staff with some wonderful results. Over the years, the Foundation has received public recognition for its accomplishments from Suffolk Country Legislator Jon Cooper as well as Assemblyman James Conte.

How Does All this Work?
The Huntington Foundation has awarded more than $850,000 since its inception in 1993 through two grant channels, both invitations for teachers and administrators to apply. The Foundation also supports Greenkill and Field Trip funds, and, in 1999, a Millennium Fund, which was established for financial growth.

Mini-Grants provide special projects money for classroom activities that go beyond the core curriculum, such as unique computer software, a wildlife garden, or a disability awareness workshop. These financial requests are as high as $1,000.

Reach for the Star Grants fuel grade and school-wide initiatives that have a broad impact or grand vision of education. These grants have provided seed money for the development of a Huntington Heritage Museum, computers for an entirely new course in visual arts, and a one-year pilot program in partnership with the Queens College Center for Environmental Teaching and Research at Caumsett State Park that is now a permanent part of the primary-school curriculum. Reach for the Stars Grants usually exceed $1,000 and have been as high as $11,000.

The Field Trip Fund, established in 1999, is designed to assure that no student misses an educationally enriching trip due to financial need.

The Greenkill Fund was established in 1996 to provide scholarships for students who cannot afford the full cost of participating in our top-ranked environmental program, the culminating activity to the sixth-grade science curriculum. The three-day program, presented at the Greenkill YMCA Camp in the Catskill Mountains, provides environmental workshops and activities that give students hands-on knowledge as well as experience in responsibility and independence.

The Millennium Fund, underwritten by a $10,000 anonymous donation received at the end of 1999, is intended to provide the Foundation with “an on-going source of funding.” The donor has instructed board members to invest the money in securities or other financial instruments so the fund will grow over time, and, when it reaches a target level, be used to contribute a significant amount of support to activities. According to the plan, 50% of the annual profit of the fund will be used to sponsor Foundation programs and 50% will be reinvested.

How Does the Huntington Foundation Raise Money?
Huntington Foundation currently holds one fundraiser each year and accepts donations at any time:

Reach for the Stars Gala: A district-wide grand evening event with wonderful basket offerings from our parents and the larger community. An opportunity to celebrate what we all want, excellence in education, and the event features the presentation of the Huntington Foundation Spirit Award as well as entertainment.

Donations: Donations can be sent directly to the Huntington Foundation, PO Box 552, Huntington, NY 11743, at any time. Individuals who give to the United Way through payroll deductions can also direct a portion of their gift to the Foundation via our Greenkill and/or Field Trip Funds, agency code 026811. Companies that provide charitable matching programs may also be able to contribute since the Foundation is a non-profit organization. Please inquire – we can easily help you set it up. Questions, Call any of our officers.

Why Get Involved with the Huntington Foundation?
EVERYONE WINS! The Foundation raises funds that increase educational opportunities for students and supports staff development for teachers.

How Can You Reach Us?
Go the Huntington District website at www.hufsd.edu or our website at www.hfeeonline.net or feel free to contact any officer directly:

Event Coordinator: Laurene Napurano, 631-988-0949

A FEW OF THE GRANTS THAT OUR CHILDREN HAVE BENEFITED FROM

Washington Primary School gives thanks to the Huntington Foundation for the generous grant they have awarded us.

The grant has brought the outside world a little closer to our students...Our former maps were very old and out of date. Our new maps have been just to great use and have become an integral tool in our academic program.

The visual aspect of learning cannot be underestimated.

Washington Primary School

Greenhill is exceptional and we would like to take this opportunity to thank you for your generous donation throughout the years.

It is a very valuable learning trip from the bus ride throughout the 4 day program.

Every second is invaluable, and it is a memory for all the 4th grade students that last a lifetime.

Dr. Keith Meyer & Mrs. Allison Van Wagenen

I would like to take this opportunity to thank the Huntington Foundation for all their help and support. It is my hope that this exposure in technology will allow students to become computer literate at an early age. It has enhanced their learning experience.

Ron Hagan
Teacher at Jefferson Primary

I am overjoyed by the Board’s decision! I want to thank the board for your personal support and interest in the “Printing Across Curriculum” Star Grant. With your grant the corner stone for learning and enhancing each student’s creative process has been set in place.

will be developed that will enhance skills including learning about personal presence, how to project your voice, how to focus on a subject, how to become a valuable member of a group presentation.
# Huntington Foundation for Excellence in Education - Star Grant History

HFIE's STAR Grant provides funding, in excess of $1,000, for educational initiatives that impact a grade(s), department(s) and/or school(s), such as learning activities, workshops, and materials that are not funded by the school budget. Grants are NOT specifically for electronics and equipment, but for all innovative educational projects.
