The purpose of the Star Grant is to fuel grade-wide, department-wide and school-wide initiatives that have a broad impact on the students. Star grants exceed $1,000 and have been as high as $12,925. Examples of past year's grants that provide innovative additions to the curriculum are:

- Funding of a Small Cell Culture Lab at Huntington HS where students can perform experiments
- “Speak Up” group presentation/public speaking workshops for all 6th graders
- Ipod Touch devices for the English and Science departments at the high school
- School shared projector, laptop and flip camera via the library/computer center at Washington Primary to enhance research projects, reader theaters, and musical productions

Star Grant applications invite teachers and administrators to apply for funds for initiatives that impact a grade, department or school. An applicant who wishes to obtain funding for a project should complete this grant application describing the idea and benefits and after gaining approval from the school principal send it the address above. The deadline for the Star Grant is January 29, 2014.

Please remember that the goal of HFEF is to fund new and innovative ideas. HFEF does not participate in the funding of transportation costs for field trips.

Date: ____________________________

Name of Application: ____________________________________________________________

School: ___________________________Grade/Department_______________________________

Telephone: Day __________________________

Email address_______________________________________

All future correspondences will be done via email, please provide an email address that you check regularly.
Project Information

Project Title: ____________________________________________

Summary of Project: Write a brief overview of the program and also answer the following questions as completely as possible.

1. How will this grant enhance the instructional program within your classroom?
2. How will this grant support the standards within the curriculum?
3. What will students be able to accomplish as a result of this grant that will expand and enhance their learning?
4. Please share anything else that might be valuable in helping the Foundation make its decision.
5. What other funding sources have you investigated to support this project? If you are requesting only partial funds to fulfill a grant, please ensure that prior to submitting this application that you have confirmation that the balance of the grant can be fulfilled by whatever outside source you have.
