January 24, 2011

Dear Parents/Guardians:

Although the academic year has reached only its mid-point, we are preparing for the entrance of the new freshman class in September of 2011! Before we begin processing students' course selections for next year, we invite you to learn more about the High School's academic program.

On Thursday, February 3, 2011, Huntington High School will host an orientation program at 7:00 p.m. in the auditorium. At that time building Administrators and the guidance director will join me in providing an overview of graduation requirements and general course offerings. Immediately after this brief session, you will be able to follow a schedule that will allow Directors of district-wide programs to outline what is available for your son/daughter in grade 9. You will also have an opportunity to learn about extensive offerings at the Honors, Advanced Placement, and College levels your child will have access to over the next four school years as well as the types of academic support we have available.

We hope that you will bring your eighth graders on this evening so that they will have an opportunity to learn about course selection and extra curricular activities. At the end of all presentations, refreshments will be served in the cafeteria where Administrators and directors will be available to answer specific questions you might still have.

The staff and I look forward to meeting with you on February 3, 2011.

Sincerely,

Carmela Leonardi, Ph.D.
Principal

CL/ed
