Employee Benefit Accrued Liability Reserve (authorized under General Municipal Law)

Creation – This reserve was created on June 30, 2002.

Purpose – This reserve is used to pay for unused accumulated leave time contractually provided to certain groups of employees. This typically includes payment for unused sick and vacation pay. This fund cannot be used to pay for items such as: retirement incentives, FICA and Medicare payments and retiree health insurance. When GASB 45 was introduced, districts were advised that reserving for future liabilities created by GASB 45 in this reserve was appropriate.

Funding Methods – This reserve has typically been funded from excess fund balance.

Use of Reserve – This reserve is used when an employee separates from the District and payment of accumulated leave is required. These transactions flow through the budget from reserve transfer contributions. This reserve will continue to be used in this manner to make such payments.

Funding Level – It is desired to have this reserve funded at 100% of the accrued liability for unused accumulated leave time.

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Finance and Management Services.

6/30/14 Closing balance: $1,926,738, including interest
6/30/15 Recommended balance: $2,570,803, including interest

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Finance and Management Services.

Unemployment Insurance Payment Reserve (authorized under General Municipal Law)

Creation – This reserve was created on June 30, 2009.

Purpose – This reserve is used to reimburse the state for payments made to claimants where the district uses the benefit reimbursement method. The district does subscribe to the benefit reimbursement method, meaning it reimburses the State for actual claims incurred. It does not pay the State a fixed premium for unemployment insurance coverage.
Funding Methods – This reserve was funded from excess fund balance when it was created. It was funded in anticipation of an increased number of staff reductions.

Use of Reserve – The initial funding was an amount sufficient to pay full unemployment insurance at the maximum rate for approximately nine individuals. There are monies budgeted within the general fund to address incidental claims incurred by the district in the normal course of business. The district has experienced fewer layoffs over the past few years.

Funding Level – This reserve was initially funded at $100,000. At this time, the proposed level is deemed appropriate by our external auditors.

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Finance and Management Services.

6/30/14 Closing balance: $317,294, including interest
6/30/15 Recommended balance: Up to $299,867, including interest

Workers’ Compensation Reserve (authorized under General Municipal Law)

Creation – This reserve was created on June 30, 2004.

Purpose – This reserve is used to pay for actual workers’ compensation claims related to medical expenses and self-insurance administrative costs. It cannot be used to pay for workers’ compensation insurance premiums. (This includes a prohibition against using these funds to pay our annual contribution to the cooperative [NYSIR]).

Funding Methods – This reserve was funded through excess fund balance over the course of several years. Due to the district’s participation in NYSIR, funds may be added only based on need and available fund balance.

Use of Reserve – This reserve will be used to pay claims filed during the time period when the district was self-insured. In July 2015, the District engaged an actuary to re-evaluate the self-insured claims. The balance in this reserve will be used for the final settlement, if a payment to NYSIR is required. Otherwise, all remaining funds will be returned to the General Fund.

Funding Level – The current funding level is sufficient to pay 100% of the previously determined actuarial value of all outstanding self-insured claims. Any excess will be used at the time of settlement and either paid to the cooperative or returned to the General Fund.

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Finance and Management Services.

6/30/14 Closing balance: $3,354,316, including interest
6/30/15 Recommended balance: $2,855,323, including interest
The following two items are not reserve accounts, but are equally as important to district revenue planning:

**Unassigned Fund Balance**

*Creation* – Retention of these funds are allowed by law.

*Purpose* – These funds are unrestricted and may be used for any valid purpose.

*Funding Methods* – These funds have been accumulated from excess fund balance.

*Use of Funds* – It is recommended that these funds not be used except for an emergent, unanticipated expense, or revenue shortfall, that cannot be handled either in the budget or with other available reserves.

*Funding Level* – The maximum legal limit = 4% of the ensuing budget.

*Monitoring of Balance* – These funds are monitored by the Assistant Superintendent for Finance and Management Services.

**Assigned Fund Balance - Appropriated for Subsequent Years**

*Creation* – These funds are actually fund balance that have been set aside for a particular purpose, namely to reduce the tax levy required to support an ensuing years budget.

*Purpose* – These funds are set aside and returned to the community by lowering the required tax levy to support the district’s budget.

*Funding Methods* – These funds are assigned for a particular purpose.

*Use of Funds* – It is recommended that the practice of returning these funds continue each year, as budgets permit. In the future, tighter budgets may restrict the amount of excess available to be returned in a subsequent year.

*Funding Level* – Over time, it is recommended that the planned amount of assigned fund balance included as a revenue source in future budgets be limited.

*Monitoring of Balance* – The balance and use of these funds are monitored by the Assistant Superintendent for Finance and Management Services.
