Grade Protocols for Physical Education Exemption Option

1. Students who successfully complete this option **will receive a pass/fail grade** for the marking period **and entire semester** during which they were exempt from physical education. There will be no numerical grade given nor will a grade be factored into the students overall GPA. **This means winter athletes will receive a pass/fail grade for the entire year. Fall and Spring athletes will receive a pass/fail grade for one semester.**
2. The lack of a numerical grade could impact a student's overall GPA. Please consider this potential impact on your GPA prior to applying.
3. Any student who loses this exemption privilege must return immediately to his/her scheduled physical education class.
4. Students will remain on the class roster and will be required to check in for attendance with their teacher.
