Huntington's Varsity Basketball Coach Peter Lipka and his staff are putting on a free basketball clinic at the Huntington High School Gym on Tuesday, December 31.

Coach Lipka brings much experience to the game of basketball. He has played at Farmingdale State College and has coached at the collegiate level as well (United States Merchant Marine Academy and CW Post). He and his staff will be teaching the fundamentals for: ball handling, passing, shooting and defending.

At the same time, in partnership with Helping Hand Rescue Mission, the Huntington High School Boys Basketball team will be conducting a Food Drive to benefit the community and those in need.

We are asking each clinic participant to donate a few non-perishable food items as they enter the clinic. Donations will be collected in the lobby at Huntington High School.
