SMART Goal:

- Woodhull students, staff, and parents recognize the need to update and beautify the physical structure of the building. We hope to create student centered and culturally responsive common areas in our school.

Action Plan:

- Work with buildings and grounds to paint all common hallways. We plan to have these spaces painted blue and white to foster a sense of Huntington pride in our school.
- Dr. Caruso will work with staff, students, and parents to stencil quotes and sayings on our newly painted walls that reflect our student body. A sense of positivity and inclusivity will drive what is posted in our hallways.
- New bulletin boards will be ordered to place in front of all teachers classrooms. Teachers will be encouraged to post student work on a regular basis.
- The two courtyard areas will be regularly maintained by the Woodhull Student Council.
- The PTA will work to clean the front areas of our school. They will plant seasonally, weed, and maintain these areas. Mr. Oshrin will work with buildings and grounds to remove old shrubs.

Assessment:

- The SDM will communicate with students and staff to ensure our beautification efforts are in line with the school mission and vision. We will solicit feedback and make adjustments accordingly.
