February 7, 2014

Dear Friend of the Huntington Foundation:

Thank you so much for attending the 21st annual Huntington Foundation for Excellence in Education's "Reach for the Stars" gala.

The Foundation is proud to honor this year's "Spirit Award" recipient, Mrs. Pat Dillon. We gather this evening at the elegant Crest Hollow Country Club to applaud Ms. Dillon's dedication to Huntington's schools. Please read the summary of Mrs. Dillon's commitment to the Huntington School District in this evening's journal. Thank you, for accepting this well-deserved recognition!

Among the numerous educational enhancements for the 2012-2013 school year, the Foundation funded "Connect with Tech", funding for Rowing Machines, IMAC-Photo Lab AP, Hydration Water Filling System and funding for Marching Band Instrument Trailer.

Past grants from the Foundation have included funding the construction of a small "Cell Culture Laboratory" in the Science Research Class Room and Professional Poster Boards for Science Research competition at the High School, user licenses for WOWS Writing Tree Kits for each of the Primary Schools and the inspirational and life changing experience known as the "Memory Project" that paired our High School Art Students with children across the globe who produced self-portraits from photographs received from children that have been orphaned, neglected or terrorized by war.

The Foundation would like to thank all the donors, advertisers and participants in supporting the "Reach for the Stars" Gala..

Sincerely,

The Huntington Foundation for Excellence in Education Board

Huntington Union Free School District
Board of Education

"A Tradition of Excellence Since 1657"

February 7, 2014

Dear Huntington Foundation,

Thanks to the Foundation and this annual gala, our students benefit from additional programs that enrich and enhance their learning experiences. The Foundation's steadfast dedication tonight and during the year yields greater results than mere dollars; it provides additional opportunities for students. On behalf of the Board of Education and Administration, thank you for investing in their future.

We gather on this festive evening to celebrate and honor a beloved member of our school community, Pat Dillon. Tonight's Spirit Award recipient, Mrs. Dillon has dedicated her life to the service of students both in our district and beyond. Currently the librarian at Huntington High School, Mrs. Dillon worked at Woodhull Early Childhood Center and Huntington Elementary (and Huntington Intermediate), easily earning a reputation as someone truly devoted to children. She served for 12 years on South Huntington's school board, eight of those years as vice-president. Students know Mrs. Dillon as someone always willing to help and support them with kindness and a twinkle in her eye. At the high school, her library is the location of choice for research and homework or a quick game of chess during study hall. Wherever she is, Mrs. Dillon creates a warm and welcoming environment for students.

As always, we offer special thanks to the merchants and community members who support Huntington Foundation's work by purchasing tickets, donating generous raffle and auction items and purchasing ads in this journal. We are grateful for your continued support; as we dine and dance tonight we are united in our effort to create motivated, independent learners who want to make the world just a little bit better.

When we come together to support our students, amazing things can happen. Enjoy this magical evening and once again, thank you.

Warm Regards,

Emily Rogan

President, Board of Education

*Pat, you are truly a gift to everyone
who has the pleasure of knowing you.
Enjoy every moment.
– Maryann Daly*

*Mom, we are so happy you rescued us
and gave us a great home.
We love you.
– Daphne & Lily*

*Congratulations, Mrs. Dillon.
You're inspirational. Miranda will
always remember your kindness and
dedication beyond HHS. Thank you."
– The Nykolyn Family*

*Congratulations to our amazing and
dedicated fellow librarian on receiving
this recognition for your endless
devotion to the students!

Ken Card
Sam Gergis**

2014 Reach for the Stars Honoree

PAT DILLON

Never a Job, Always a Joy for Pat Dillon

Pat Dillon never just goes through the motions. The Huntington High School librarian is a veteran educator, but she still shows up for work early each morning, stays late and can often be found returning after dinner to catch up on some loose ends.

Mrs. Dillon was raised in Wantagh and attended Sacred Heart Academy in Hempstead where she was the editor of the school newspaper. She was a candy striper at Mercy Hospital and worked in a Woolworth's store.

Following high school, Mrs. Dillon attended St. Bonaventure University where she studied English. She completed her student-teaching requirements at Alleghany High School. "The school was right over the railroad tracks behind my dorm," said Mrs. Dillon about Alleghany. "Lucky me!"

At the time, there was a need for librarians in New York State, so Mrs. Dillon applied for and secured a summer internship with the state library system. She went on to C.W. Post College's Palmer School of Library Science, was awarded a graduate assistantship and obtained a master's degree. She later earned a second master's at Stony Brook University in educational technology.

Started at Woodmere Academy – Prior to coming to the Huntington School District, Mrs. Dillon worked at Woodmere Academy for one year and Herricks High School for eight years. She came to the Woodhull Early Childhood Center in 1990, moved to Huntington Elementary School in 1994 and transferred to Huntington High School in 2010.

"I left Herricks because I had three children in four years and I wanted to raise them, knowing I couldn't put the time in at school and be home when I lived so far away," Mrs. Dillon said about her decision to take a break from her career. Once she returned to the educational fold she was "all in" and continues to display the same enthusiasm today.

"I have wonderful memories of Huntington families, starting with the children when they were in kindergarten and the mothers were pregnant with children I would have later at Huntington Elementary and Huntington Intermediate," Mrs. Dillon said. "I will always remember the McCourt family. Mrs. McCourt was pregnant with Meredith when I had her other children."

Mrs. Dillon served for 12 years on the South Huntington School Board, including eight years as that body's vice-president. She is a member of the South Huntington Educational Foundation's board of directors, the South Huntington Library Board and the South Huntington School District's audit committee. She has been a Eucharistic minister at St. Elizabeth Church in Melville, a hospital ministry captain and a religious education teacher.

The Huntington High School librarian has been on board of directors of the South Huntington Teacher Center and chaired the Huntington Teacher Center's Board. She has been a member of the Huntington School District's technology committee and represents district librarians as the liaison to the Western Suffolk BOCES School Library System.

Mrs. Dillon's days at Huntington High School are long ones. She is brimming over with ideas on how to improve the library and strives to give each student what they might be looking for, whether it is help with research or a project, computer assistance or simply a quiet place to study.

The veteran educator is the faculty advisor for Huntington's Class of 2015. Mrs. Dillon also moderates the high school debate club and has served on the board of Tri-CYA.

Mother of Three – Mrs. Dillon's husband passed away on December 31, 2006 from ocular melanoma. Peter and Pat Dillon raised three children. Their son Patrick is a music teacher at Munsey Park School in Manhasset; daughter Maureen is an executive assistant with Alliance Global and daughter Meaghan is a project manager with Marcus Samuelsson Group.

Moving from an elementary grade level library to one at Huntington High School has been an interesting experience for Mrs. Dillon. "I have watched the children grow; this is particularly meaningful when I see them again in the high school," she said.

Mrs. Dillon's time at the high school near the close of her long career has been especially meaningful. "My first graduation here I felt like my own children were leaving because I had been with them for so long," she said. "Previously I could only read of their accomplishments. Now I can participate in them. I see them in town and at their jobs. Helping them with their studies, chatting with them during the day and keeping up with their activities makes you remember why you entered the educational world. I am truly blessed. It was never a job, it was a joy.

What Is the Huntington Foundation?

The Huntington Foundation for Excellence in Education is a not-for-profit (501(c) (3) organization dedicated to enhancing the quality of education in the Huntington Union Free School District. A copy of the Foundation's annual report may be obtained upon request from Huntington Foundation, or the office of the Attorney General, Charities Bureau, 120 Broadway, NY, NY 10271.

Why Was Huntington Foundation Created?

It was formed 20 years ago to create opportunities for our children that the school budget could not provide. At that time, the district, like many others, struggled with failed budgets and disgruntled taxpayers. The parents who started the Foundation believed that they could match the resources of the greater community with the creativity of the district teaching staff with some wonderful results. Over the years, the Foundation has received public recognition for its accomplishments from Suffolk County Legislator Jon Cooper as well as Assemblyman James Conte.

How Does All this Work?

The Huntington Foundation has awarded more than \$850,000 since its inception in 1993 through two grant channels, both invitations for teachers and administrators to apply. The Foundation also supports Greenkill and Field Trip funds, and, in 1999, a Millennium Fund, which was established for financial growth.

Mini-Grants provide special projects money for classroom activities that go beyond the core curriculum, such as unique computer software, a wildlife garden, or a disability awareness workshop. These financial requests are as high as \$1,000.

Reach for the Star Grants fuel grade and school-wide initiatives that have a broad impact or grand vision of education. These grants have provided seed money for the development of a Huntington Heritage Museum, computers for an entirely new course in visual arts, and a one-year pilot program in partnership with the Queens College Center for Environmental Teaching and Research at Caumsett State Park that is now a permanent part of the primary-school curriculum. Reach for the Stars Grants usually exceed \$1,000 and have been as high as \$11,000.

The Field Trip Fund, established in 1999, is designed to assure that no student misses an educationally enriching trip due to financial need.

The Greenkill Fund was established in 1996 to provide scholarships for students who cannot afford the full cost of participating in our top-ranked environmental program, the culminating activity to the sixth-grade science curriculum. The three-day program, presented at the Greenkill YMCA Camp in the Catskill Mountains, provides environmental workshops and activities that give students hands-on knowledge as well as experience in responsibility and independence.

The Millennium Fund, underwritten by a \$10,000 anonymous donation received at the end of 1999, is intended to provide the Foundation with "an on-going source of funding." The donor has instructed board members to invest the money in securities or other financial instruments so the fund will grow over time, and, when it reaches a target level, be used to contribute a significant amount of support to activities. According to the plan, 50% of the annual profit of the fund will be used to sponsor Foundation programs and 50% will be reinvested.

How Does the Huntington Foundation Raise Money?

Huntington Foundation currently holds one fundraiser each year and accepts donations at any time:

Reach for the Stars Gala: A district-wide grand evening event with wonderful basket offerings from our parents and the larger community. An opportunity to celebrate what we all want, excellence in education, and the event features the presentation of the Huntington Foundation Spirit Award as well as entertainment.

Donations: Donations can be sent directly to the Huntington Foundation, PO Box 552, Huntington, NY 11743, at any time. Companies that provide charitable matching programs may also be able to contribute since the Foundation is a non-profit organization. Please inquire – we can easily help you set it up. Questions, Call any of our officers.

Why Get Involved with the Huntington Foundation?

EVERYONE WINS! The Foundation raises funds that increase educational opportunities for students and supports staff development for teachers.

How Can You Reach Us?

Go the Huntington District website at www.hufsd.edu or our website at www.hfeeonline.net or feel free to contact any officer directly:
